Ninaivil magizhnthiru / □□□□□□□□ □□□□□□□□□□ AB Publishing House
The Prophet is a book of 26 prose poetry fables written in English by the Lebanese-American poet and writer Kahlil Gibran. It was originally published in 1923 by Alfred A. Knopf. It is Gibran's best known work. The Prophet has been translated into over 100 different languages, making it one of the most translated books in history, and it has never been out of print. The prophet, Al Mustafa, has lived in the city of Orphalese for 12 years and is about to board a ship which will carry him home. He is stopped by a group of people, with whom he discusses topics such as life and the human condition. The book is divided into chapters dealing with love, marriage, children, giving, eating and drinking, work, joy and sorrow, houses, clothes, buying and selling, crime and punishment, laws, freedom, reason and passion, pain, self-knowledge, teaching, friendship, talking, time, good and evil, prayer, pleasure, beauty, religion, and death. Among the most significant works Kahlil Gibran: "Broken Wings", "The Madman", "The Earth Gods" , "The Garden of the Prophet".

Vellai Thaal Manasu - Kathal Kavithaigal Thoguppu Notion Press
A major new biography of the doctor who invented modern surgery. Brilliant, driven, but haunted by demons, William Stewart Halsted took surgery from a horrific, dangerous practice to what we now know as a lifesaving art. Halsted was born to wealth and privilege in New York City in the mid-1800s. He attended the finest schools, but he was a mediocre student. His academic interests blossomed at medical school and he quickly became a celebrated surgeon. Experimenting with cocaine as a local anesthetic, he became addicted. He was hospitalized and treated with morphine to control his craving for cocaine. For the remaining 40 years of his life he was addicted to both drugs. Halsted resurrected his career at Johns Hopkins, where he became the first chief of surgery. Among his accomplishments, he introduced the residency training system, the use of sterile gloves, the first successful hernia repair, radical mastectomy, fine silk sutures, and anatomically correct surgical technique. Halsted is without doubt the father of modern surgery, and his eccentric behavior, unusual lifestyle, and counterintuitive productivity in the face of lifelong addiction make his story unusually compelling. Gerald Imber, a renowned surgeon himself, evokes Halsted’s extraordinary life and achievements and places them squarely in the historical and social context of the late 19th century. The result is an illuminating biography of a complex and troubled man, whose genius we continue to benefit from today.

Rajesh Kumar is an extremely prolific Tamil novel writer, most famous for his crime, detective, and science fiction stories. Since publishing his first short story "Seventh Test Tube" in Kalkandu magazine in 1968, he has written over 1,500 short novels and over 2,000 short stories. Many of his detective novels feature the recurring characters Vivek and Rubella. He continues to publish at least five novels every month, in the pocket magazines Best Novel, Everest Novel, Great Novel, Crime Novel, and Dhigil Novel, besides short stories published in weekly magazines like Kumudam and Ananda Vikatan. His writing is widely popular in the Indian state of Tamil Nadu and in Sri Lanka.
