Some temptations are impossible to resist, even for a bakery heir. . . Ann Haldene is the most beautiful woman Gawain Redcake has ever seen. A gifted healer who soothes his battle-scarred body like never before, the widow's touch has a powerful effect on him. It's no wonder the rugged Redcake heir forgets his quest for a society bride during one passionate night in Ann's arms. But once he learns she is pregnant with his child, he searches for her, intent on giving her his name, if not his heart. . . Ann is shocked by Gawain's proposal, mostly because he has not uttered a word of love. For the sake of their baby, she accepts, even knowing that Gawain dreamed of marrying to secure a title and all she has is a severed royal Indian bloodline. Now the new bride faces her greatest challenge: showing her husband that their union is more powerful than pedigree—and love is the ultimate reward. . . "A delightful, sexy glimpse into Victorian life and loving with two wonderfully non-traditional lovers." --Jessa Slade, author of *Dark Prince's Desire* and the *Steel Born* series 89,300 Words

Beautiful and intelligent. Two words that described my people. Two words that would describe our

descendants. Two words that would place me as a target in one of the most complex wars of all time. The way I figured it, the only way any side would win, would be by deceiving me, distracting me, and throwing me into well planned situations, that would leave me feeling lost... and unnerved. As to who was the final victor—unto whose lap I was thrown upon—I may truly never know. This is my story. A story of how I became a piece of a puzzle, and of how people decided my life's path for me.

This book is the continued series of Aurora Risen from the Ashes of Dawn. Depicting a story of Rose changing its phase with the weather of life. After being betrayed by life, again and again, Rose has been brought to face a new challenge in her life. Foremost, she had to choose between her joy and trust and now she has been again presented with the choice, of whether she must choose between her Lover and herself, given the challenges she faced her entire life. In her journey, she came across many challenges and learned many lessons from her experiences. She was able to face the challenges served to her with her courage, faith, hope, and fierce nature, but what will happen when she is left with no such things in her life, how will she cope knowing what she thought was her strengths has turned to be the weakest points when she will face the love of her life. After guarding her heart against every sorrow after being punished for twenty years by her fate, now she has met two young and charming lovers who are obsessing, desiring, and competing for her love. Whom she will choose, where she will go where this love will lead her now, will she choose love over her past, will she let her guard down for love? on the other hand, she has many questions about life against the challenges and sorrows she has to face which she didn't deserve for her parents, for her brother, for the universe, and why she has that rage for all yet so protective of them at the same time. "What is life? How to live it? How to tell what breaks internally when the external world goes just the opposite of what you imagined it to be?" It was her belief that gave her the courage to be loyal, brave, and true to herself to face her challenges, She believes- "Rather than cursing the bad, if we fall in

immense and irrevocable love with it, it'll turn it in our favor, whether it's a situation, humans, or the universe itself". What a day that will be when she will fall in love, if only she will let go of her past that she calls sinful. What a love story that will be when she will choose love over her past. Why she calls her past sinful, what happened to her, and what punishment that she faces for twenty years? What a puzzle Rose is, that to be solved! I believe- "Struggle is an archetype of life to teach important lessons of our life, for that makes us stronger to pursue our Distinctiveness and our destiny..." "Sometimes feeling neutral is the best way to start over, to trust your life... If only, we are ready to let go of our old beliefs..." "Sometimes it takes a minute to forget what you dreamt, but it takes a breath away to forget the dream that depicts reality" "If only, love had eyes to see, ears to listen, and lips to warn... For which, it never had to attend to an infamy of walking blindly on a dangerous path" Water has memories, we say, and so do our kids. "Parents are required to mold their kids with great human moralities, wisdom, love, care, gentleness, and playful, like they desired their childhood should have been, for this will bring a great inheritance in kids that will follow along with coming generations." - Aurora Yazar

This story is real. Everything in this tale happened to me. I had heard it said that Jamaican obeah is the most treacherous, the practitioners are practically non-human. They have no empathy, they have no soul. It's been said that they were never humans; that is, they never evolved to the human stage. They cannot feel, love, nor empathize like a human with soul. They are merely spirits from the elemental world who managed to enter a human body. Now that they have managed to be in the physical world, they realize that they cannot be fully human. They are unable to discern. They may seem smart, at times, but it's a one-way intelligence. Humans, evolved, have all the four elements these people only have the one. They are feeling unloved and not understood. The only way they know to get even with the evolved humans, is to destroy them. You can test them, because every human has friends who are these creatures. They are great imitators of human behavioral patterns. But they inevitably slip up. You will know thwm by their inability to lovem really, and to empathize. My later books will have more details on SQ (soul quotient) testing. These people must be avoided by evolved humans at all cost. They can be imminently dangerous.
