Most books about Kung Fu or Karate deal with techniques or history. Few examine the underlying purpose of these arts, or approach them as a tool for spiritual, rather than physical, development. Barefoot Zen is a brave new approach to the martial arts, which clearly demonstrates that the traditional movements of both Kung Fu and Karate, contained in the solo choreographed sequences of movements known as forms (or kata), grew out of the spiritual practices of the Shaolin order of Buddhist monks and nuns. Nathan Johnson explains that this mystical and non-violent teaching is a profound and beautiful expression of Chan (Zen)

Buddhism and its pursuit of wisdom, peace, and enlightenment. Contrary to popular assumption, he contends that it was never intended to be an actual means of self-defense. Barefoot Zen bridges the gap between Kung Fu and Karate, and reveals their common origin through the disclosure of vital research material on three of the world's most important Karate kata. Part I explains the spiritual disciplines that contributed to what we know as the martial arts. Part II explains the creation of the art along with practical instruction for performing kata. Part III explains the formation of many of the world's Kung Fu styles. We learn that the original "empty hand art" was used as a method of kinetic meditation between pairs and was designed as a practical tool to assist practitioners in transcending the fear and insecurity of everyday living. Barefoot Zen makes the legacy of the Shaolin way accessible to all, releasing the art from the clutches of popular images and painful

concerns about self-defense. The legendary courage of the Shaolin (Chan/Zen) order was not developed by fighting with enemies, but by not fighting! The Shaolin teaching was designed to free us from fear, the only true enemy.

The Meaning of Hotep
Lulu.com

Hotep is a word associated with recognizing that there is a Creative Force eminent in all things. Hotep deals with the commemoration of the ancestors, some of whom are great figures that stand out in history, such as Imhotep, the world's first known multigenius and true father of medicine; Ptahhotep, the author or the world's oldest book of instruction; Neithhotep, the First Dynasty queen and wife of Pharaoh Mena; and Amenhotep, who designed the Ipet-Isut Temple in the west. All the major Western religions teach that man

wound up being cast out of his heavenly abode due to woman's ungodly act of enticing him to eat of the fruit of the forbidden tree of the knowledge of good and evil, thereby incurring the wrath of God. The Meaning of Hotep traces the historical records that have left an indelible proof that before God was conceived of in his masculine forms that are known of in the worlds today, God was, primarily, a woman. The Meaning of Hotep presents evidence that the Ten Commandments existed long before Moses and the Psalms before David. This book is for anyone interested in learning about spirituality in general.

This volume represents a new departure in the examination of Egypt's place in the African context. It brings together the latest research of the 1980s on Nile Valley civilizations, what they achieved, and their impact on Africa and the world. The authors take an "Afrocentric" in contrast to a "Eurocentric" perspective in their studies of the birthplace of civilization. This volume includes sections on the race and origin of the

ancient Egyptians, black dynasties and rulers, Egyptian science and philosophy, and great Egyptologists. It sheds new light on neglected aspects of history. Ivan Van Sertima is professor of African studies, Rutgers University, and editor of the Journal of African Civilizations. He is the author of They Came Before Columbus: The African Presence in Ancient America, winner of the Clarence L. Holte International Prize.

3. THE KEMETIC DIET: GUIDE TO HEALTH, DIET AND FASTING Health issues have always been important to human beings since the beginning of time. The earliest records of history show that the art of healing was held in high esteem since the time of Ancient Egypt. In the early 20th century, medical doctors had almost attained the status of sainthood by the promotion of the idea that they alone were "scientists" while other healing modalities and traditional healers who did not follow the "scientific method" were nothing but superstitious, ignorant charlatans who at best would take the

money of their clients and at worst kill them with the unscientific "snake oils" and "irrational theories". In the late 20th century, the failure of the modern medical establishment's ability to lead the general public to good health, promoted the move by many in society towards "alternative medicine". Alternative medicine disciplines are those healing modalities which do not adhere to the philosophy of allopathic medicine. Allopathic medicine is what medical doctors practice by an large. It is the theory that disease is caused by agencies outside the body such as bacteria, viruses or physical means which affect the body. These can therefore be treated by medicines and therapies. The natural healing method began in the absence of extensive technologies with the idea that all the answers for health may be found in nature or rather, the deviation from nature. Therefore, the health of the body can be restored by correcting the aberration and thereby restoring balance. This is the area that will be covered in this volume. Allopathic techniques have their place in the art of healing. However, we

should not forget that the body is a grand achievement of the spirit and built into it is the capacity to maintain itself and heal itself. *Maat* Transaction Publishers
Your spirit is directly responsible for everything that happens in your life. Using the spirit as our chief means for achieving our goals in the world and for well being is what God intended for man. The Ancient Egyptians discovered the two elements that enable one to have full control over the operations of the spirit, 11 Divine Laws, and the words of power that correspond to the 11 chief faculties of the spirit (Ra) the Paut Neteru. This book is a full curriculum on how to use the faculties of the spirit and the 72 of their mantras (words of power) to awaken and develop the talents you need to excel in your career. You will also learn to protect yourself against spiritual attacks, unjust actions of others, unjust legal situations, theft, treachery, and so forth. This knowledge which was perfectly codified in Ancient Egypt has been kept secret by a few initiates for the past 2000 years for fear of

repression, except for a few spurious publications here and there that failed to give the full explanation on how to use these words of powers. The time has come as has been announced by the advent of the winter solstice of 2012 for this knowledge to be placed in the hands of all spiritual people, that they may bring blessings to the world.

Language is the oldest living witness to history. Language can be considered the "DNA of culture." It contains the state of mind (psychology) and world view of the people. Without learning the language of the culture or group being studied, there can be no meeting of the mind. We've often heard the phrase "Let the Ancestors Speak" and in order to hear and understand, we must know their language. This is the inspiration behind

the making of this book which is to provide the basic tools and means to enter the world of Ancient Egypt and have a meeting of the minds with the illustrious civilization, society, culture, and people responsible for contributing so much to the world that we are indebted to whether realized or not.

WRITING SYSTEM OF MEDU NETER Simon and Schuster

The language that is today called Egyptian Hieroglyphs was called Medu Neter by the inhabitants of the Nile Valley civilization . They called their country Kemet, not Egypt. Medu Neter is truly the classical language of Africa. Medu Neter is the oldest African Language for which there is a large body of written texts. There are more texts written in Medu Neter than in any other ancient world language. The people of Kemet left an abundance of detailed data which, until recent decades, was only available to Egyptologist, archeologists, anthropologists, museums and a select few scholars and collectors. Now, serious students can learn how to read what the Kemites wrote on papyrus, and on the

temple walls. This book, the Writing System of Medu Neter takes the student step by step through the sound and writing system of this beautiful language. Learning Medu Neter may be one of the most interesting experiences that you will ever have. *KemetiC Diet* The Mhotep Corporation "The Book of Knowing the Manifestations of Ra Again is an introduction to one of the world's greatest spiritual processes, AmenRa enlightenment and its accompanying spiritual energy management system, A Ra (pronounced Aw Ra). From out of ancient Kamit, A Ra, meaning to become one with life! health! strength!, became the basis for so many of the body and spirit management systems the world has known."--Back cover.

Who would have thought preparations for a March 2014 Sacred Libation Ceremony honoring one-hundred forty-eight African American women lynched in America would result in the observation melanin is worth more than gold? Dr. Frances Cress Welsing first told us the chemical melanin is produced through a process known as melanogenesis upon introduction of the chemical tyrosine to the enzyme tyrosinase. Melanin is found in such diverse places as bird feathers, animal fur, reptile scales, microorganisms, cephalopod ink, mushrooms and even fossils. Additionally, melanin is found in the

hair, skin and eyes of people. Melanin is subjected to intense scientific scrutiny. Nevertheless, the highly educated people studying it had no idea melanin is worth more than gold. In June 2014 a post to the Keyamsha the Awakening blog openly declared melanin was worth \$353 a gram and \$300 a gram more than gold. Shortly afterwards, hoaxers began bombarding the blog with comments claiming "melanin thieves" were harvesting melanin from Black people. The hoax was easily falsified. The hoaxers made certain to never mention the company selling melanin extracted from the ink of *sepia officinalis*, the common cuttlefish. During the intervening years the melanin thieves hoaxers persisted in their efforts. In March 2017, the melanin thieves hoaxers launched a "Melanin Twitter bomb" involving the dollar value of melanin after publicity of black women and girls missing in Washington, D.C. was released. Their actions exposed a frailty in their psyche. They also reveal it is possible to wipe out false information involving melanin and take the melanin

challenged inferiority complex (aka racism/white supremacy) along for the ride. It then became clear the time had come to enter the fray and dispel the myths about melanin. This book completely obliterates the false narrative of melanin. Perceiving facts from a melanin-centered perspective bestows upon us an expanded awareness of the world and our place in it. It helps provide the average person a means to immerse themselves in melaninology and emerge a "melaninologist." Essentially, we get to know ourselves. To date no other path for the public to independently verify, or falsify, outlandish claims regarding melanin being worth more than gold on their own without any "guru" to guide them have been made available. At this writing, melanin is worth over \$395 a gram more than gold. In ancient Kemet (misnomered Egypt) such words were known as hekau or words of power with the ability to heal. For nearly one-hundred years, since August 13, 1920, melanin put the "B" in R.B.G. and the "Black" in Red, Black and Green as the flag of Africans, at

home and abroad.. Those are hekau, also. Our Blood, Our Melanin and Africa unites us. More hekau. The Afro, official currency of the United States of Africa, also known as the African Union, is worth \$2.22. We are swathed in hekau to such an extent Mchakato Wa Uponyaji (Swahili for the process of healing) has begun. All of which indicates we are living in a new era: the era when all the generations of man can be called blessed on a planet that works for everyone. This era demands we convene the Ubuntu Convention. That plebiscite sets the stage for drafting the Ubuntu Declaration. In emulating the success of the August 1920 Universal Negro Improvement Association convention, we deliberately create the world where we intend to live. The revival of the U.N.I.A. with 12 million dues-paying card-carrying members positions the organization to have a treasury flush with over \$400 million liquid. All of which represents a quantum shift in awareness, perception and power underway as you read this. Through our own actions we bring about the total, complete, and absolute Redemption

of Africa for all time. Medu Neter N Keredu 1 Library of Alexandria A novel by Ra Un Nefer Amen. Melanin Is Worth More Than Gold Createspace Independent Pub It explains the Kabala as it was practiced in Ancient Egypt, Canaan, & Dravidian India thousands of years before the advent of Hebraism. For the first time the public will learn how to receive (KBL) the prophetic messages from the intelligences (emanations) represented by the spheres of the Tree of Life, through the 70 card oracle system of the book. In a clear & straightforward manner--without the use of spreads--the oracle reveals which divine intelligence is in charge of the event inquired about, & prescribes the words of power, & force carriers (gemstones, incense & herbs esoterically used) that are specific to the "intelligence" controlling

the situation. The book also includes nine chapters on meditation & ritual, detailing step by step the means of inducing mediumistic, & waking trance (Samadhi) to enable the reader to transform the oracular insights into reality. To aid this process, the musical scores of the mantras, based on the ancient Raga scales, are given. Unprecedented insight into the Deities of Egypt is revealed by the unique correspondences made between them & the spheres & principles of the Tree of Life.
