Don't Shoot the Dog Createspace  
Independent Publishing Platform  
Clothier examines these 7 key points of  
the dog/human relationship: creativity,  
consistency, communication, congruency,  
condition, clarity and confidence. Where  
else will you find a discussion of dogs &  
people sprinkled with quotes from  
Shakespeare, George Burns and Cool Hand

Luke?

Lend Me an Ear Phantom Publications  
Incorporated

The demand for skilled dog trainers, dog  
walkers, dog sitters and dog daycare  
operators has never been greater. To  
succeed in one of these fields, you'll need  
more than dog expertise—you'll need  
business savvy as well. Written for the  
non-business person, Veronica Boutelle,  
the industry's top consultant, gives you  
the information you need to start, operate,  
and prosper in your chosen field.

Train dogs based on "social learning"? Yes!  
Recent research suggests that dogs can  
engage in social learning which includes  
the ability to observe the actions of other  
dogs and imitate them to learn new  
behaviors. The big news for dog trainers is  
that author Claudia Fugazza and her  
colleagues in Europe have discovered that  
dogs can also imitate people. This natural  
skill can be used to teach dogs new  
behaviors using the Do As I Do protocol  
presented in this book-DVD combination.  
The "Do As I Do" method is particularly

useful in working with service dogs and canine athletes who must master skills such as ringing a bell, jumping over a hurdle, spinning and dozens more. Learn about: The fascinating research which shows that dogs can observe, then imitate human behavior and remember it over time. How you can start with a known behavior, then teach the dog to perform the behavior after observing you demonstrate it, followed by the new cue "Do it!" Eventually the dog learns that "Do it!" means to do whatever has just been demonstrated by the trainer, even new behaviors. How this method can build a closer bond between you and your dog, bring new energy and joy to your training efforts and challenge your thinking about how dogs learn. Book jacket.

Selecting And Training Your Service Dog  
Simon & Schuster

In this new book, renowned dog trainer Kathy Sdao reveals how her journey through life and her decades of experience training marine mammals and dogs led her to reject a number of sacred cows including the leadership model of dog training.

*Cesar's Way* \*Howell Book House

The book you've been waiting for, from well-known trainer and international workshop-presenter Terry Ryan! We are pleased to announce that Terry Ryan's classic *Coaching People to Train Their Dogs* is available again. Terry Ryan has been a mentor - maybe guru is a better word - for a whole generation of modern dog trainers who have benefited from her books, lectures, and seminars on dog training and class instruction. This 400 page trainer's manual includes just about anything today's modern professional dog trainer needs to know - training methods, learning theory, running a training business, and class organization. Of particular note is Chapter 6, "People Skills," where Terry focuses on how to interact with human students, the one part of the training equation that is sometimes overlooked. This edition has a new chapter on Animal Husbandry and some revised lessons plans.

*Minding Your Dog Business* Fox Chapel Publishing

Do you wish your dog would listen to you on walks, rather than running after squirrels? Tired of getting left in the dust if a cat shows up nearby? Concerned that

your dog's prey drive is coming between the two of you? Conventional training protocols stifle your dog's natural predatory behaviours through punishing or constantly forcing them to return. These restrictive protocols work against your dog's nature and against what they want most: to go for a hunt! Predation is an inner need that makes your dog happy. Suppressing those natural urges is like putting an airtight lid on a boiling pot. Eventually, that pressure needs to escape, and without a proper outlet, it's probably going to get messy. Wouldn't you rather use your dog's predation motivation to improve your training and even grow your relationship with your dog? Predation Substitute Training (PST) is a motivation-based and need-oriented training program, designed to stop uncontrolled predatory chasing and to provide safe outlets for your dog's natural drive. Instead of making discipline the nagging factor that spoils the fun, this training system will help you grow as a team and go hunting together! In this training program, you'll learn: -What is predation? -Why does your dog love to hunt? -Why is predatory behaviour so hard to interrupt?

To stop your dog's predatory chasing and see real-life results, just follow the step-by-step instructions: -Prevention: Structure your walks to set your dog up for success - Predation Substitute Tools: Help your dog control their urge to chase in a healthy way. -Predation Substitute Games: Discover new ways to express predatory energy in a safe, controlled environment - Safety net: Build a strong "emergency cue" to immediately interrupt predatory chasing. Is hunting your dog's favourite hobby? Don't spoil the fun - go hunting together!

*Excel-erated Learning* Dogwise Publishing  
The perfect read before you bring your rescue pet home, *For the Love of Dogs* is a witty and informative book on all things canine-related. Featuring over 250 stunning pictures of cute dogs, this resource illustrates the many facets of their personality, provides tips on training, and explains the best ways to care for a rescue dog. Know how to give them the life they've always wanted as you flip through the pages of this books that's as adorable as it is enlightening!

**Service Dog Coaching** CompanionHouse Books

A step-by-step guide to more than 100 dog tricks, specially designed for effective training, for pure fun, and even for turning your dog into a YouTube star, from the coauthor of the tremendously successful and much-praised *Training the Best Dog Ever* and the genius behind "The Stunt Dog Show," which performs more than 1,000 shows a year.

*The Magic of Training a Service Dog* James & Kenneth Publishers

Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on *The Oprah Winfrey Show* to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying

relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn: • What your dog really needs may not be what you're giving him • Why a dog's natural pack instincts are the key to your happy relationship • How to relate to your dog on a canine level • There are no "problem breeds," just problem owners • How to choose a dog who's right for you and your family • The difference between discipline and punishment • And much more! Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

### Behavior & Training

Understand dog behavior to work with, not against, your K9's instincts. Learn how to: Recognize and interpret your K9's expressions, gestures and signals. Use operant conditioning to efficiently and humanely train K9s. Plan and execute effective K9 training programs for search and detection, patrol, remote guided camera, attack, and more. The art and science of training police, military and other service dogs continue to evolve as we learn more about dog behavior. In this revised edition of *K9 Behavior Basics*, expert dog trainers Dr. Resi Gerritsen, Ruud Haak and Simon Prins share the essentials every trainer needs to know about these advances in K9 training. You'll learn how to successfully implement or improve your dogs' training programs using operant conditioning. The authors outline key concepts in dog behavior and communication and provide practical approaches to operant conditioning. They share proven techniques and solid advice from their more than thirty years of specialized K9 experience. Whether you're just starting out or are a seasoned pro staying up-to-date, *K9 Behavior Basics* has

something for you. Get a free ebook through the Shelfie app with the purchase of a print copy.

[The Big Book of Tricks for the Best Dog Ever](#) Harmony

Most dog trainers have a strong desire to help dogs learn appropriate behaviors and solve the kinds of problems that most dogs experience or create. It is why they get into the business in the first place and it is what they are trained to do. What is challenging for so many trainers is that their success in working with dogs

ultimately depends on the cooperation, understanding and follow-through of the people who bring their dogs to them to be trained. Failure to work with people often leads to failure with the dogs. In *The Human Half of Dog Training*, author Risë VanFleet draws upon her years of experience of working with people as a child and family psychologist to teach dog trainers how to take a collaborative approach with clients to help insure the best possible outcomes for their dogs.  
[Hunting Together](#) Dogwise Publishing  
*Chihuahua Training - Dog Training for your Chihuahua puppy* The training of dogs is often... .. confused with classical dog training drills ... only considered necessary for demanding dogs ... mocked by other dog owners ... replaced by anti-authoritarian methods ... considered too difficult to achieve without experience. What constitutes dog training and what is it good for? And how can you and your Chihuahua profit from it without having any experience? The most important thing is to understand how a dog sees his world, what is "normal" for him and how you can use this to your advantage. In addition, the characteristics of each breed are

significant when you get beyond the basic training phase. Your Chihuahua will show characteristics which are different to those of a Husky, for example, and this is predominantly what you need to consider during training. This book is vol. 1 of the Chihuahua training books. Vol. 2 for your grown up Chihuahua is also available with the title "Chihuahua Training Vol. 2: Dog Training for your grown-up Chihuahua" Author Claudia Kaiser says about her book: "It was my desire to let other dog owners profit from the knowledge I have gained over many years, and after making many mistakes. I love my dog and know how important it is to adapt the training to suit each breed. It is exactly this desire that prompted me to write this book. My aim is to help every beginner, not only to understand his dog better, but also to know exactly how to get the best results, step-by-step, so that you can achieve a close, positive and trusting human-dog relationship." Quench your curiosity to know about background information, read reports on other experiences and obtain step-by-step instructions and secret tips which are tailor-made for your Chihuahua. Get your copy of this book today and

experience... .. how your Chihuahua sees his world ... and how you can progressively train your dog to receive the best results. Your Chihuahua will appreciate it... .. so this is my advice: Don't hesitate to buy this book! Content of this book: About the Author Preface What you need to know about your Chihuahua Cornerstones of training puppies Before the puppy arrives The first few weeks The first commands Training basic knowledge Check list for the start Conclusion

**A Dog Who's Always Welcome** Purdue University Press

Master service dog training at home with this easy step-by-step guide Service dogs are life-changing for people with a range of physical and mental disabilities. The power of positive reinforcement—Learn to communicate effectively with your dog by motivating them to learn faster with praise and rewards. Make a difference in someone's life with this practical approach to training your own service dog.

The Seven C's Workman Publishing Even under ideal conditions, teaching is tough work. Facing unrelenting pressure from administrators and parents and caught in a race against time to improve student outcomes, educators can easily become discouraged (or worse, burn out completely) without a robust coaching system in place to support them. For more than 20 years, perfecting such a system

has been the paramount objective of best-selling author and coaching guru Jim Knight and his team of researchers at the Instructional Coaching Group (ICG). In *The Definitive Guide to Instructional Coaching*, Knight offers a blueprint for establishing, administering, and assessing an instructional coaching program laser-focused on every educator's ultimate goal: the academic success of students. Organized around ICG's seven "Success Factors" for great instructional coaching, this book offers \* An in-depth guide to the Impact Cycle, ICG's research-based and field-tested model for coaching teachers through issues that matter most to them; \* Detailed guidance on how to create a "playbook" of instructional strategies to share with collaborating teachers—and how to model those strategies under different conditions; \* Practical advice on preparing for and engaging in substantive, reflective, and teacher-centered coaching conversations; \* Best practices for gathering, analyzing, and responding to data for improved teaching and learning; and \* Real-life anecdotes and testimonies from educators and coaches who have reaped the benefits of the Impact Cycle in

a diverse array of schools. In addition, each chapter of the book contains a learning map to help orient you and a list of valuable additional resources to complement the text. Whether you're new to coaching or well versed in the practice, *The Definitive Guide to Instructional Coaching* will no doubt prove a cornerstone of your coaching library for years to come.

*Six-Figure Pet Business* Dogwise Publishing

Setting up and running a successful dog-related business is an achievement in itself (one addressed from A to Z in Veronica Boutelle's first book, *How to Run a Dog Business—Putting Your Career Where Your Heart Is*) but the real test is to build success and growth for the long haul. This book will tell you: • How to develop your business for long-term financial security and personal fulfillment. • How you can become more comfortable and effective at selling your services. • What the smartest, easiest, least expensive ways to market yourself are. • How to level out the scheduling-and-revenue roller coaster of seasonal fluctuations. In straightforward language, sprinkled

throughout with humor, Veronica and Rikke show you how to make choices that are right for you in an ever more competitive market.

*Coaching People to Train Their Dogs* Dogwise Publishing

Add Service Dog Coaching to Your Training Business! Like many pet dog trainers, you may be getting questions from clients looking for help training a service dog. Despite the growing demand, even highly skilled trainers need additional education and preparation to take on this kind of work. Author, Veronica Sanchez teaches professional trainers how to help owners with disabilities train a service dog. She provides what you need to know to become a successful service dog coach. *The Dog Trainer's Resource 2* Dog Training Press
