**The Nobody** Pebble

He's always hit them and  
 quit them... Xander  
 Richards, a winger for the  
 Wisconsin Wendigos, has  
 a reputation for never  
 sleeping with the same

person twice. Some say  
 it's 'cause he doesn't have  
 any heart, but if you  
 asked him at his most  
 honest it's because his  
 heart isn't his own: he's

hopelessly in love with his best friend and former linemate, who's now happily married and traded away to Seattle last season. Playing the ice has always come easy... When Xander asks out Jordan Darling, team trainer and massage therapist, he doesn't expect to get shot down. It's a first, but it only makes Xander that much more determined to make Jordan his. But Jordan wants a relationship, not just the one-night stands that make up Xander's sexual life. Just when he thought his heart was on ice, love comes skating in... What Xander doesn't know is that Jordan has been nursing an unrequited crush on him for over a year. Lonely without his best friend, when he finally opens his eyes to what is right in front of him, the chemistry is undeniable. And for once, it keeps Xander coming back for more. Is Jordan the other half of his heart? Will Xander put his player days and ways behind him? Or will he push Jordan away to find someone who deserves him? Find out in this steamy sports romance novel, filled with heart-stopping moments, heart-pounding sexual tension,

and two hearts that just might be what the other needs.

Don't miss the hot new romantic comedy follow-up to the smash hit *The Charmer*... Tyler Jacobson has a plan for everything—except how to handle his completely annoying, utterly frustrating, and totally sexy upstairs neighbor. He couldn't care less if Everly Ribinski thinks he's equally irritating—until he discovers she's the only one who can help him land a business deal that will finally make him feel like he's more than just a guy from the wrong side of the tracks. Color him shocked when Everly refuses to help, insisting she should have run him over in the parking garage when she had the chance. Harsh. But possibly deserved. Tyler may have spent the last few months reveling in annoying the fiery gallery owner with a dark past, but he's got secret leverage she can't refuse. If only they could stop trying to one-up each other long enough to realize the pranks are nothing more than foreplay. Of course, he figures it out quicker. He's smart like that. Too bad Everly wants nothing to

do with him. Or does she?

Wait. What is she up to now? For a man who's always scheming, the best-laid plans never felt so good falling apart...

TEFL 101: Principles, Approaches, Methods & Techniques contains 101 mini-chapters covering every aspect of ESL teaching. This book is the culmination of Luan Hanratty's work maintaining education standards in schools throughout China. It is a comprehensive catalogue of his knowledge, wit and wisdom related to the industry. A good teacher should delight in taking fairly complex concepts and breaking them down so that anyone can understand. Thus TEFL 101 is written in a style that newly-hired teachers & laymen can appreciate and as such, it is also a reaction against the many teaching books that talk in abstract, convoluted and jargon-heavy ways. Instead, TEFL 101 is straightforward and relevant to the world of language teaching.

Sections: Classroom Management - Evolution of Methods - Classic Questions - Speech & Text - Grammar & Fluency - Phonology - Interactions - Psychology - Large Classes - Philosophical & Theoretical Considerations - Social Issues & Asian Considerations - Commercial & Professional Issues.

THE ICE DRAGON by E. Nesbit with illustrations by H. R. Millar. This is the tale of the wonders that befell on the evening of the eleventh of December, when they did what they were told not to do. You may think that you know all the unpleasant things that could possibly happen to you if you are disobedient, but there are some things which even you do not know, and they did not know them either. This edition is a republishing of "The Ice

Dragon" by E. Nesbit first published in The Strand Magazine, Volume 17, No. 102, in June 1899.

Although there is broad agreement about the major components of good reading instruction, many students continue to struggle with reading, and some never achieve high levels of literacy.

This book presents an interest-driven model of reading that focuses on students' strengths and abilities, not their deficits.

This was one monster of an itch... When Alex and his cousin Sarah are visiting their

grandparents, Alex gets terrible red, itchy hives.

Yikes! He's allergic to a ghost! Even worse, the ghost won't leave him alone -- he wants Alex and Sarah's help. Can they solve the ghost's mystery and get rid of Alex's awful rash before it ruins everything?

Bertolt Brecht's extraordinary historical novel presents an aspiring scholar's efforts to write an idealized life of Julius Caesar twenty years after his death. But the historian abandons his planned biography, confronted by a baffling range of contradictory views. Was Caesar an opportunist, a permanently bankrupt businessman who became too big for the banks to allow him to fail – as his former banker claims? Did he stumble into power while trying to make money, as suggested by the diary of his former slave? Across these different versions of Caesar's career in the political and economic life of Rome, Brecht wryly contrasts the narratives of imperial progress with the reality of grasping self-interest, in a sly allegory that points to the Weimar Republic and perhaps even to our own times. Brecht reminds his readers of the need for constant vigilance and critical suspicion towards the great figures of the past. In an echo of his dramatic theories, the audience is confronted with its own task of active interpretation rather than passive acceptance -- we have to work out our own

views about Mr Julius Caesar. This edition is translated by Charles Osborne and features an introduction and editorial notes by Anthony Phelan and Tom Kuhn.

Stonehenge has always been a mystery, its original purpose lost in time. Titanic Games asks the question: what would five world-class game designers make of such a location if they were the ones to discover it?

Titanic Games presents the world's first Anthology Board Game. We gathered together five talented game designers and gave each of them the same board and pieces. Five unique designers resulted in five unique games: an Arthurian showdown by Richard Borg, a monumental fire sale by James Ernest, a druidic election by Bruno Faidutti, a magical convocation by Richard Garfield, and an alien chariot race by Mike Selinker. Stonehenge contains: One rulebook with five games One game board One deck of 65 cards Five plastic trilithons 50 plastic disks 50 plastic bars Six plastic pawns

Mega-events like the Olympics, the World Cup of soccer, the World Series of baseball, cycling's Tour de France, and the Super Bowl draw our attention to the deep cultural significance of sport and its role in fostering social bonds. Yet when it comes to sport, there is no shortage of debate: stereotypes regarding sexuality, race, gender, and children have been hotly contested by critics for over 40 years. Even today, sport is one of the very few socially accepted sites of violence, intense competition and controlled forms of social disorder. Battleground: Sports presents the 100 most contentious public and private controversies of the sports world.

Highlighted throughout are debates surrounding ethnicity, gender, sexuality, and social identity, sports fan behavior, as well as the role of governments and

corporations. Engaging and accessible to a wide variety of readers, this fascinating reference illustrates how sports controversies reflect the historically enduring and changing nature of our broader cultures, and the social battles we engage on a day-to-day basis surrounding the struggles for equality, debates about social violence, the ethics of competition, the politics of civic life, the creation of global communities, and the State's role in protecting citizens. Entries contain an array of thoughtful perspectives on historic and current controversies, and allow readers to formulate their own conclusions. Enhanced with a timeline, a thorough guide of print and electronic resources for high school and undergraduate student research, this one-stop reference goes beyond the newspaper headlines to provide readers with a guide map for understanding what sport controversies teach us about our culture and ourselves.

You know those stories where the smart girl tutors the dumb jock? This isn't it. Blair What's the probability of insulting the one guy on campus I need to help me pass statistics? If I knew, I wouldn't be standing in front of Wes Reynolds begging him to tutor me. Basketball player, sexy, arrogant, always sleeping through class... these are the things I knew about him. What I didn't know is that he is a seriously smart jock. Wes What's the best way to get rid of the peppy and unrelenting girl that keeps asking me to tutor her? If I knew, I wouldn't be staring at her tan legs and attempting to teach her statistics. Sorority girl, fine as f\*\*k, determined, ball buster... these are the things I knew about her. What I didn't know is that she is all the things I didn't realize I wanted or needed. Or that one semester with her would change everything. I've been in love with her for two years. The first time around, I screwed things up. I hesitated and the moment was gone. I passed when I shouldn't have. Not a total loss. I gained a best friend instead of whatever we might have been. Sydney is hands down the best thing that's ever happened to me, and I'll do anything to keep her in my life. Even bury my feelings deep inside. But one hot summer together at the lake filled with lots of teeny-tiny bikinis and I'm ready to risk it all for a second chance. It's time to take my shot. Australian Academic Press School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development.

Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

 Cryer once had another name, but he can't remember it. The man he used to be was stabbed in the head by an assailant. After months of catatonia Cryer awakens in a mental facility to find that his former life is almost

completely forgotten. He knows his wife and daughter have been murdered - he saw them die moments before his own assault - but his shattered mind is incapable of retaining their names. Or even his own. Now Cryer is free again and trying to track down an elusive killer through his own unknown past. But how do you investigate the murders of your loved ones when you can't remember them? When you have no idea who your friends or enemies were? Where you lived and worked? And what secrets you might have once had and failed to keep? And how is he supposed to deal with the little man who keeps crawling in and out of his skull? Cryer is a nobody now, but that won't stop him from finding a vicious murderer and making him pay. Praise for *The Nobody* THE NOBODY is a dangerous exploration into the mind and soul of man. Piccirilli's beautiful prose allows us to take a peek into the abyss of our consciousness and shine a light into those places that warmth has long ago forgot. You cannot read this book and not be changed. --Larry Roberts - Bloodletting Press  
 Clichés: can't live with 'em but, as

I discovered when I read this remarkable novella, you can't live without 'em. Part vigilante procedural part hard-boiled PI yarn and part examination-of-post-loss-survival weepie, THE NOBODY is Tom Piccirilli at his uncompromising best. The dialogue is so crisp it's like Leonard on speed, and the second and third pages are the literary equivalent of being hit in the face with a shovel. A roller-coaster ride? You bet. A page-turner, even? Yep, no question. A palpable atmosphere, larger-than-life characterisation and impeccable plotting? They're all there. Like I said - clichés: can't live with 'em, can't live without 'em. --Peter Crowther - PS Publishing  
 A revenge tale almost Mythic in its simplicity. Shocking, tragic, beautifully written, insightful and nuanced, mournful and uplifting - everything we've come to expect from Tom Piccirilli, done to perfection. From its brutal opening scene to its heartfelt final pages, *The Nobody* is Pic at his finest. --RJ Sevin - Creeping Hemlock Press  
*Air Monitoring Methods*  
 Maverick Vision Publishing  
 This volume provides detailed, ready-to-use

protocols for air monitoring methods, developed to monitor concentrations of occupational toxicants at the workplace, while they can also be used for environmental monitoring. All the methods are reliable, reproducible, adhere to quality assurance standards and cover all the required steps from sampling to the interpretation of results. This includes data on precision, accuracy, and detection limit, calibration procedures as well as potential sources of systematic errors. In addition, the advantages and disadvantages of each method are clearly outlined.

How do figurational sociologists approach the subjects of sport and leisure? How does their approach differ from other approaches in the field? This major collection, edited by leading writers on sport and leisure, offers a superb introduction to the figurational sociology of sport and leisure. The distinctive features of the approach are clearly explained and contributors show how figurational sociology is applied in the analysis of concrete problems. However, the collection also gives space to critics of the figurational approach. Included here are contributions which claim that the approach is

inaccurate, blinkered and irrelevant.

90 Two By: Dastan Khalili  
DiaVerse, dia meaning "two" and verse for the poetic rhyme, is a brand-new style of poetry where the only rule is all stanzas must have a maximum of two words. Created by poet Dastan Khalili, the style of DiaVerse breathes new life into poetry. The restraint of DiaVerse forces poets to use the purest forms of expression. 90 Two is ninety of Khalili's DiaVerse poems, written over the last five years. He combines his poetic verses with digital artwork and imagery, each conveying a sensation of inspiration that came to life with each poem.
