MARIANA NELSON

Perri Cambridge University Press

Whites latest work is an extraordinary hybrid of intimate autobiography, social commentary, live literary theory, geopoetic fieldwork, oceanic poem, quiet cultural manifesto, all rolled into one. His account of his journey up through England to Scotland is not only a humorous sociological analysis, it is a heartfelt homecoming, accompanied by the opening up of new intellectual and cultural perspectives.

Oxford University Press, USA

A vibrant history of acoustical technology and aural culture in early-twentieth-century America. In this history of aural culture in early-twentieth-century America, Emily Thompson charts dramatic transformations in what people heard and how they listened. What they heard was a new kind of sound that was the product of modern technology. They listened as newly critical consumers of aural commodities. By examining the technologies that produced this sound, as well as the culture that enthusiastically consumed it, Thompson recovers a lost dimension of the Machine Age and deepens our understanding of the experience of change that characterized the era.

Reverberation equations, sound meters, microphones, and acoustical tiles were deployed in places as varied as Boston's Symphony Hall, New York's office skyscrapers, and the soundstages of Hollywood. The control provided by these technologies, however, was applied in ways that denied the particularity of place, and the diverse spaces of modern America began to sound alike as a universal new sound predominated. Although this sound—clear, direct, efficient, and nonreverberant—had little to say about the physical spaces in which it was produced, it speaks volumes about the culture that created it. By listening to it, Thompson constructs a compelling new account of the experience of modernity in America.

The Soundscape of Modernity Oxford University Press on Demand
In this authoritative study, one of the first to appear in English, Erik Levi explores the ambiguous relationship between music and politics during one of the darkest periods of recent cultural history. Utilising material drawn from contemporary documents, journals and newspapers, he traces the evolution of reactionary musical attitudes which were exploited by the Nazis in the final years of the Weimar Republic, chronicles the mechanisms that were established after 1933 to regiment musical life throughout Germany and the occupied territories, and examines the degree to which the climate of xenophobia, racism and anti-modernism affected the dissemination of music either in the opera house and concert hall, or on the radio and in the media.

One of The New York Times Book Review's 10 Best Books of the Year National Bestseller Longlisted for the Man Booker Prize Winner of the RSL Encore Award Finalist for the Los Angeles Book Prize A New York Times and Wall Street Journal Bestseller Named a Best Book of the Year by Chicago Tribune, The Wall Street Journal, The Guardian, New Statesman, Publishers Weekly, and Chicago Public Library Behold the man: stinking, drunk, and brutal. Henry Drax is a harpooner on the Volunteer, a Yorkshire whaler bound for the rich hunting waters of the arctic circle. Also aboard for the first time is Patrick Sumner, an ex-army surgeon with a shattered reputation, no money, and no better option than to sail as the ship's medic on this violent, filthy, and ill-fated voyage. In India, during the Siege of Delhi, Sumner thought he had experienced the depths to which man can stoop. He had hoped to find temporary respite on the Volunteer, but rest proves impossible with Drax on board. The discovery of something evil in the hold rouses Sumner to action. And as the confrontation between the two men plays out amid the freezing darkness of an arctic winter, the fateful question arises: who will survive until spring? With savage, unstoppable momentum and the blackest wit, Ian McGuire's *The North Water* weaves a superlative story of humanity under the most extreme conditions.

'Absorbing . . . no run-of-the-mill tartan noir' - The Times 'You'll

have a blast with these' - Ian Rankin 'A top talent, and one to be cherished' - Quintin Jardine 'Spellbinding . . . one of the UK's most loved crime writers' - The Sunday Post 'A compelling lead . . . satisfyingly twisted plot' - Publishers Weekly 'Touches of dark humour, multi-layered and compelling' - Daily Record 'Striking characters and shifting plots vibrate with energy' - The Library Journal 'Daley is a character complete with depths, currents and sudden changes of the Atlantic ocean that crashes against Kinloch's harbour walls. The remote peninsula and the claustrophobic nature of small-town life are perfectly painted.' - Scotland on Sunday 'If you like Rankin, MacBride and Oswald, you'll love Meyrick' - The Sunday Mail 'Energetic, wry, and full of jolts' - Waterstones 'The right amount of authenticity . . . gritty writing . . . most memorable' - The Herald 'All three books have a strong sense of place, of city cops trying to fit in to a small, tightly knit rural environment' - Russell Leadbetter, Evening Times 'Meyrick has the ability to give even the least important person in the plot character and the skill to tell a good tale' - Scots Magazine 'Following in the tradition of great Scottish crime writers, Denzil Meyrick has turned out a cracking, tenacious thriller of a read. If you favour the authentic and credible, you are in safe hands' - Lovereading 'DCI Daley is shaping up to be the West Coast's answer to Edinburgh's Rebus' - Scottish Home and Country 'Well crafted and engrossing . . . Meyrick is well into his rhythm' - Journal of the Law Society of Scotland D.C.I. Jim Daley is sent from the city to investigate a murder after the body of a woman is washed up on an idyllic beach on the West Coast of Scotland. Far away from urban resources, he finds himself a stranger in a close-knit community. Love, betrayal, fear and death stalk the small town, as Daley investigates a case that becomes more deadly than he could possibly imagine, in this compelling novel infused with intrigue and dark humour.

Not I Birlinn

In his latest book for Sutton, Guido Knopp turns the spotlight on the leading women of the Third Reich and the role they played in the Nazi regime. To illustrate this theme he has painted vivid pen portraits of six famous women who were all bound up with Hitler's regime: Evan Braun, Hitler's mistress; Magda Goebbels, wife of the Reich Propaganda Minister; Winifred Wagner, grand-daughter of composer Richard Wagner; Leni Riefenstahl, Nazi film director; Zarah Leander, Nazi film star; and the legendary screen goddess Marlene Dietrich. The lives of these women prove how the Nazis envisaged the future of 'German womanhood' and how things looked in reality. Supported by previously unpublished photographs and the words of close friends and colleagues of those portrayed, Knopp brings back to life a generation who, with a few courageous exceptions, succumbed to enticement and violence.

Only One Earth Henry Holt and Company

A Basic Vocabulary of Scientific and Technological German is a collection of common scientific and technological terms used in many fields in science, commerce, and industry. This book provides the most commonly used German terms and words in the applied and pure sciences, such as anatomy and physiology, and in commerce and industry. The author explains German grammar particularly as it is used in modern scientific and research papers. He introduces the concept of separable and inseparable compounds and explains sample uses. Like in English, he also explains how words are compounded and constructed in the German language. German punctuation is also noted. The book discusses irregular verbs that can be grouped into 14 sections. A particular section that can prove useful is a list of abbreviations and their meanings as these are used in German scientific and technical papers. A dictionary, a table of irregular verbs, and other conversion tables are available at the end of this

book. This collection can be immensely useful for translators, librarians, researchers in science, students learning German, as well as foreign people conducting business and government affairs in Germany.

Nazis began detaining Jews in camps as soon as they came to power in 1933. Kim Wünschmann reveals the origin of these extralegal detention sites, the harsh treatment Jews received there, and the message the camps sent to Germans: that Jews were enemies of the state, dangerous to associate with and fair game for acts of intimidation and violence.

The Allure of Horses Oxford University Press on Demand

The amount of international research on 'Children and War' carried out by academics, governments and non-governmental organizations has continually increased in recent years. At the same time there has been growing public interest in how children experience military conflicts and how their lives have been affected by war and its aftermath. In light of the many brutal post-colonialist civil wars or 'new wars', especially in Africa and Asia, child soldiers have in particular gained increased attention. Simultaneously, since the 1990s, the history of the Holocaust and World War II has also increasingly been written from the perspective of children; those who speak out now and publish their memoirs experienced the Holocaust as children. A similar generational change has also taken place in the societies of the perpetrators: Germans and Austrians who experienced the war as children took over the role of war witnesses from the soldiers of the German Wehrmacht. Moreover, intensified focus on children's experiences and their strategies for dealing with what they went through is evident in Eastern Europe as well. In *Children and War: Past and Present Volume II* scholars from different academic disciplines, practitioners in the field, and representatives of government and non-governmental institutions present a further selection of studies in this sensitive subject from different angles and in various methodological ways. A number of studies investigate the difficult areas of recovery and reintegration both of child soldiers specifically, and children affected by armed conflict. Further sections examine Victims and Witnesses, Public Discourse and Education and World War II and the Second Generation.

The King of the Movies Harvard University Press

A portrait of an intellectually rigorous German household opposed to the Nazis and how its members suffered for their political stance Few writers have deepened our understanding of the Third Reich as much as German historian, biographer, journalist, and critic Joachim Fest. His biography of Adolf Hitler has reached millions of readers around the world. Born in 1926, Fest experienced firsthand the rise of the Nazis, the Second World War, and a catastrophically defeated Germany, thus becoming a vital witness to these difficult years. In this memoir of his childhood and youth, Fest offers a far-reaching view of how he experienced the war and National Socialism. True to the German Bildung tradition, Fest grows up immersed in the works of Goethe, Schiller, Mörike, Rilke, Kleist, Mozart, and Beethoven. His father, a conservative Catholic teacher, opposes the Nazi regime and as a result loses his job and status. Fest is forced to move to a boarding school in the countryside that he despises, and in his effort to come to terms with his father's strong political convictions, he embarks on a tireless quest for knowledge and moral integrity that will shape the rest of his life and writing career.
