 "Simply UNPUTDOWNABLE ... all the feels cranked up to eleven. Five stars for this delicious page-turner!" - BB Easton, bestselling author of the Netflix adaption Sex/Life In the world of morally corrupt teenagers, only the strongest survive... From USA Today and Wall Street Journal bestselling author Meagan Brandy comes an enemies-to-lovers, New Adult romance full of morally corrupt and power-driven teenagers. "Girls like you aren't exactly welcomed at a place like this, so keep your head down and look the other way." Those were the exact words of my social worker when she dropped me in my newest hellhole, a place for "troubled teens". I didn't listen, and now I'm on their radar. They expect me to play along in their games of hierarchy, to fall in line in the social order they've deemed me fit. Too bad for them, I don't follow rules. Too bad for me, they're determined to make sure I do. Inconceivably attractive and treated like kings...these are the boys of Brayshaw High. And I'm the girl who got in their way.

Filthy Rich Boys Image Comics

The dramatic conclusion to The Boys of Westview Academy series! Stephanie Montgomery: I never thought it would go this far. I never imagined this to go beyond a mean girls game of cat and mouse between two high school rivals. But it did. And one night, one day, that's all it took to shake my very world to the core and destroy everything I thought I knew about the people I loved the most. I was about to suffer the greatest betrayal of all. Would I survive this time and get my happy ending? Or would they break me, once and for all? ** This is book four in the Boys of Westview Academy serial. Make sure to follow my Amazon author page or find me on Instagram for updates!

#1 NEW YORK TIMES BESTSELLER "A haunting, beautiful, and necessary book."—Nicola Yoon, #1 New York Times bestselling author of *Everything, Everything* Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey

she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. And don't miss Kathleen Glasgow's novels *You'd Be Home Now* and *How to Make Friends with the Dark*, both raw and powerful stories of life.

When Mother Earth grew tired of giving her people chance after chance to right their wrongs, she resorted to her last hope and released a toxic gas into the atmosphere. She spared only her creations and killed over eight billion people. In a new society made up of just three cities and five towns, a tyrant claimed power. The initial hope swiftly dissolved into starvation and fear in a place built on greed, motivated by violence, and populated by those who wished only for a quick death. Thirty years later, Harley Hudson and her oldest and most devoted friend Jimmy Carter, who battles demons of his own, are forced to face this world head-on when her younger brother is kidnapped by sinister Hunters linked to the ruling powers. They gather together an ill-equipped group for a poorly-planned rescue mission: a mad scientist with a gift for irritating the wrong people, a pickpocket, two ex-boyfriends, a stoic refugee, and the two leaders of the most dysfunctional gang in town. As they fight for their lives, they find themselves lost in a maze of their past, and secrets that reveal who they were always meant to be. Though reader, as you may know, sometimes remaining in the dark your whole life shatters fewer hearts and buries fewer bodies than finding out the truth.

HARLOW Darkness surrounds me. Who am I? I don't remember anything. Every memory of my life gone. I wake in a hospital not knowing my own name. I don't know these people who claim to be are my parents, but they take care of me, they show me pictures... and introduce me to my fiancé? I guess I was living a perfect life before my accident. I had it all, so I try to remember. I try to keep living my life, but I can't shake the feeling that something is off. I'm noticing things are not adding up. I'm catching people around me lying and I know something is terribly wrong. It seems like my memory is not the only thing missing... SULLIVAN How could I have been so stupid? How could I've let them play me like this? This is all my fault. I hurt her, I let this happen, and now she is in her parents clutches again. Even worse, she doesn't remember anything... she doesn't remember us. I hate my parents for playing their part in this and my brothers hate me for playing mine. I need to fix this. Havoc at Prescott High Beck and Hallman LLC

170 some odd days left in my senior year and everything has changed. I went from untouchable to dating my best friends to making out to being betrayed. Why can't they understand humiliating and controlling me doesn't say I care? Could this get any worse? We've all crossed lines. Broken the rules. Ian had asked me to Homecoming. Jake spent the night in my bed. Coop and I had made out on the sofa. But Archie? Archie and I had blown past

all of them. Now? I had to get out of here more than ever. Change was inevitable. College was coming. That was where my focus needed to be. Not on the four guys I adored. Our friendship was everything and there wasn't enough chocolate in the world to salvage this situation. Losing them for a few months hurt. Losing them forever might be inevitable, but it would be unbearable. *Please note this is a reverse harem and the author suggests you always read the forward in her books. Contains some bullying elements, mature situations, and is recommended for 17+. This is the second in a series and the story will continue through future books.
