## MICAELA BREANNA

*Histoire et Missions Chrétiennes N-001. Bilan et perspectives en histoire missionnaire (France, Belgique, Pays-Bas, Italie)* Egmont Books Limited

French science-fiction (SF) is as old as the French language. Cyrano de Bergerac wrote about a trip to the moon that was published back in 1657, as did Jules Verne in 1865, this time using hard, scientific facts. The first movie showing a trip to the moon was made by Georges Méliès in 1902. In the comics' format, Hergé had Tintin walk on the moon in 1954, 15 years before Neil Armstrong. These are just a few of the many unique French contributions to SF that rightly deserve to be better known. One of the purposes of this collection is to introduce French SF to an English-speaking audience. Rediscovering French Science Fiction... first revisits proto science-fiction from authors like Cyrano de Bergerac and Jules Verne, before delving into contemporary science-fiction works from authors such as René Barjavel and Jacques Spitz. A contribution from preeminent SF author Élisabeth Vonarburg, from Québec, helps to understand the constraints and advantages of writing SF in French. A third section is devoted to French SF in movies and graphic novels, media where French creators have been recognized worldwide. This collection explores many aspects of French SF, including the genre's deep roots in popular culture, the influence of key authors on its historical development, and the form and function of science and fantasy, as well as the impact of films and graphic novels on the public perception of the genre's nature.

Barbe-Rouge - Intégrales - tome 12 - L'Ombre du démon Egmont Books Limited

Ultime album d'Hergé ? Assurément, et dans tous les sens de l'expression. Dernier opus, par nécessité, d'une œuvre interrompue par le décès de son créateur, mais aussi dernière histoire forcée des héros vieillissants, Tintin et les Picaros se présente à la fois comme un épisode de plus et comme un point final. Il occupe de fait une place bien inconfortable dans la série

des aventures de Tintin, place que lui disputent d'ailleurs doublement l'album posthume de L'Alph-art et l'album fantôme sur lequel fantasment les tintinophiles, et qui ne verra sans doute jamais le jour. Partant du principe qu'il faut toujours tenter de comprendre les raisons profondes qui poussent la critique et le public à déprécier, voire à mépriser, telle ou telle création artistique, l'auteur se propose de questionner ce Tintin plus ou moins maudit (bien loin du peloton des " chefs-d'œuvre ") qui mérite amplement cependant l'intérêt que ce livre lui porte aujourd'hui. A travers l'analyse fouillée, argumentée et littéraire des Picaros, l'auteur s'ingénie à mettre en lumière les multiples signes de finitude qui en ponctuent le récit désabusé, ainsi que les règles, les motifs récurrents et les procédés de style qui ont fait le succès de l'écriture hergéenne, pour mieux embrasser, en définitive, l'œuvre tout entière.

The sky city on the earth will fall with a loud noise, and it will appear like a blue star... What do you think about The Hopi, Abhigya Anand, Michel de Nostredame, Dato Anthony Cheng, Baba Vanga and Jeane Dixon? Are you interested in their predictions about the future? Do you want to know the trend of the world? When people act with good deeds, heaven responds with blessings When people commit evil crime, heaven responds with unstoppable disasters If we act against the Sky and do bad things, bad omens will come from the sky, and the world will suffer from drought and rain, floods, mutiny and civil chaos, and war will begin. Therefore, the ancients attached great importance to the observation of celestial phenomena. You can piece together the hidden fragments of riddle from this graphic novel comic book... Tales of Terra Ocean <https://youtu.be/P316iH9A8nM> Long before the distant past, Earth was an organic whole without form and void A divine goddess named Pan Gu separated Earth from Heaven to form Terrestrial continents Once every sixty six

thousand six hundred and sixty six year, a disastrous scourge would be brought upon this land Floods, drought, famines, earthquakes and disease epidemics spread through out Earth Four Sages walked across the continents and discovered the myth of contrary forces, which were interconnected and interdependent in the dynamic natural cycle Relying on absorbing the spirits of sun, moon, fire, water, wind and earth, an animating force was formed within stones which could summon the catastrophic destruction brought upon land but also able to preserve the existence of mankind Weapons were forged with spiritual gemstones, passed down through generations and were called Eternal Summoning Weapons of the Ancient As the plot progresses throughout this book, readers will be able to browse inside an ordinary youngster's extraordinary journey, retroactively entering the chronological time warp of paranormal summoning monsters, and witnessing a new era of fantasy stories truyện Hải hức hoạt hình This is not a series of Hayao Miyazaki , not Studio Ghibli Animation's castle in the sky This book guarantees an unprecedented scale in the classical Chinese literature A literature of fantasy moniker This is not Inspector Canardo I.R.\$. One of the most beloved characters in all of comics, Tintin won an enormous international following. Translated into dozens of languages, Tintin's adventures have sold millions of copies, and Steven Spielberg is presently adapting the stories for the big screen. Yet, despite Tintin's enduring popularity, Americans know almost nothing about his gifted creator, Georges Remi--better

known as Hergé. Offering a captivating portrait of a man who revolutionized the art of comics, this is the first full biography of Hergé available for an English-speaking audience. Born in Brussels in 1907, Hergé began his career as a cub reporter, a profession he gave to his teenaged, world-traveling hero. But whereas Tintin was "fully formed, clear-headed, and positive," Assouline notes, his inventor was "complex, contradictory, inscrutable." For all his huge success--achieved with almost no formal training--Hergé would say unassumingly of his art, "I was just happy drawing little guys, that's all." Granted unprecedented access to thousands of the cartoonist's unpublished letters, Assouline gets behind the genial public mask to take full measure of Hergé's life and art and the fascinating ways in which the two intertwine. Neither sugarcoating nor sensationalizing his subject, he meticulously probes such controversial issues as Hergé's support for Belgian imperialism in the Congo and his alleged collaboration with the Nazis. He also analyzes the underpinnings of Tintin--how the conception of the character as an asexual adventurer reflected Hergé's appreciation for the Boy Scouts organization as well as his Catholic mentor's anti-Soviet ideology--and relates the comic strip to Hergé's own place within the Belgian middle class. A profound influence on a generation of artists such as Andy Warhol and Roy Lichtenstein, the elusive figure of Hergé comes to life in this illuminating biography--a deeply nuanced account that unveils the man and his career as never before.

*Destination New York* John Murray

From the black and white pages of a Belgian Catholic newspaper in the late 1920s to the virtual world of a 3D CGI Hollywood movie in 2011, the young adventurous reporter Tintin has come a long way. When Georges Remi, under his nom de plume Hergé, sent the crudely drawn hero on his maiden voyage to Communist Russia, little did he know that they were both embarking on a lifelong journey - or in the case of the perpetually youthful Tintin, an eternal mythic quest. Though regarded as mere children's comic books by some, the stories reflect the momentous changes of the twentieth century through the globe-trotting adventures of the young reporter and his companions. They also tell a larger tale - about the author's and our inner world. This book gives an overview of the canon of Tintin adventures for new readers, giving insights into the graphic language of the stories, as well

introducing the wider field of Tintinology to non-academic readers. It concludes by assessing the recent adaptation from the page to the screen by Steven Spielberg and Peter Jackson.

*Mr. Pump's Legacy* Univ. Press of Mississippi

Historical and theoretical analysis of the "clear line" style in comics and cinema The "clear line", a term coined in 1977 by Dutch essayist and artist Joost Swarte, has become shorthand in the field of comics studies for the style originally developed by Hergé and the École de Bruxelles. It refers to certain storytelling strategies that generate a deceptively simple, lucid, and hygienic narration: in Philippe Marion's words, it is a style "made out of light, fluidity and limpid clarity". By cataloguing and critically analysing clear line comics from historical and theoretical perspectives, this book offers a new outlook on the development of the style in the 20th and 21st centuries, especially focused on the context of the European bande dessinée. In addition, it pioneeringly expands the concept of "clear line" to other artistic domains by introducing and defending its transmedial use, which is particularly relevant for the understanding of the oeuvres of certain filmmakers of the 20th century working in the postwar period, such as Yasujiro Ozu in Japan, Jacques Tati in France and Frank Tashlin in the United States. The Clear Line in Comics and Cinema is therefore a key theoretical work for both bande dessinée enthusiasts and comics scholars, as well as a fundamental contribution to present-day film studies and transmedial narratology.

*Voyage to the Volcano* JHU Press

Dans *L'Ombre du démon* et *Le Chemin de l'Inca*, Marc Bourgne au dessin et Chrisitan Perrissin au scénario, emmènent Barbe-Rouge et son fils Éric dans une chasse au trésor en Amérique du Sud, produisant une histoire à la tonalité plus sombre et plus adulte, mais toujours respectueuse de l'univers créé par Jean-Michel Charlier et Victor Hubinon. Publiés pour la première fois en intégrale, ces récits sont agrémentés d'une interview des auteurs dans un cahier fourmillant de visuels inédits.

*Myth and Modernity* White Owl

The world of Akbar is in grave danger; Ramor, the cursed god, is about to be set free and spread unending chaos! The witch Mara can bind him to his prison, a conch shell, but she needs something special to do so... the legendary Time-bird. She charges her daughter, Roxanna, with enlisting the help of the

aging warrior Bragon, and together they set out on a quest to save the world!

*Tintin: Hergé and His Creation* Editions Cheminements

"Author of the critically acclaimed *Tintin and the World of Hergé* and the last person to interview Remi, Benoit Peeters tells the complete story behind Hergé's origins and shows how and why the nom de plume grew into a larger-than-Remi personality as Tintin's popularity exploded. Drawing on interviews and using recently uncovered primary sources for the first time, Peeters reveals Remi as a neurotic man who sought to escape the troubles of his past by allowing Hergé's identity to subsume his own. As Tintin adventured, Hergé lived out a romanticized version of life for Remi."--Jacket.

*The Comics Journal* Praeger

Eccentric Mr. Pump dies leaving a ten million dollar prize for the first non-stop transatlantic flight at over 1,000 kilometers per hour.

The world's most famous travelling reporter searches for the truth behind the theft of some priceless works of art. But what does the King Shark have to do with it all? Tintin and his friends are holidaying in Syldavia with Professor Calculus, who has invented an amazing new duplicating machine. But a series of strange occurrences makes Tintin suspicious. Who is the mysterious "King Shark", and what does he want with Calculus' machine? Is there a connection with the recent theft of famous works of art from the world's leading museums? Tintin is determined to find out! Join the most iconic character in comics as he embarks on an extraordinary adventure spanning historical and political events, and thrilling mysteries. Still selling over 100,000 copies every year in the UK and having been adapted for the silver screen by Steven Spielberg and Peter Jackson in 2011. The Adventures of Tintin continue to charm more than 80 years after they first found their way into publication. Since then an estimated 230 million copies have been sold, proving that comic books have the same power to entertain children and adults in the 21st century as they did in the early 20th.

*European Comics in English Translation* National Geographic Books

Adele and Junishiro live thousands of miles apart, but they have one thing in common: both have a family secret. They also have

their own ghosts. Although Adele lives in France and Junichiro in Japan, they succeed in meeting each other. The book is written in a style reminiscent of Haruki Murakami: fantasy is never far from reality. The book is about ghosts, childhood fears, magic and love. To distance herself from domestic violence, a little girl takes refuge in her secret garden, where she tries to meet her deceased brothers, who died when they were still infants. She tries to hear their voices on an old radio, plays hide and seek with their shadows in the park, and summons them by means of a magic ceremony. In the meantime, in Japan, a sad little boy lives a great love with a young girl, who dies chasing after her magic bird. But they promised they would love each other for ever. But they promised each other they would love each other for ever. She comes back as a yurei (a Japanese ghost) to remind him of his oath. At first, it's fine with him, but as he gets older, he would like to be able to date girlfriends without the ghost interfering. So he and his friends come up with all sorts of things to keep the yurei away. Will Adele and Junishiro be able to leave the ghosts of their past behind and love themselves to the fullest?

**The Graphic Mythology of Tintin - a Primer** McFarland

In *The Castafiore Emerald* (1963), all the characters from the series gather in Marlinspike Hall for a real comedy classic behind closed doors. Resolutely turning his back on the adventure genre, Hergé concentrates on describing the difficulties of communication between human beings. This is the "anti-adventure", full of misunderstandings, a comedy of errors.

Tintin and the Lake of Sharks Farshore

Captain Anstruther and his motley crew of sky-pirates are back for more adventures! Picking up the story where *THE GREAT GALLOON* ended, *VOYAGE TO THE VOLCANO* finds Stanley, Rasmussen and the rest of the Great Galloon crew on their way to the greatest party ever held: Count Heinz-Marie von Fforbes-Martinez of Eisberg's birthday party. Not everyone is in the party spirit though - poor Captain Anstruther is still searching for his kidnapped bride, Isabella, but he thinks the key to winning her back may lie in the heart of the Chimney Islands, a mind-boggling patchwork of volcanoes where Anstruther and Isabella first swore

eternal love. Can he attend the party AND be reunited with his beloved? Stanley and Rasmussen must do battle once more with the Captain's nefarious brother Zebediah, encountering old friends, new friends and unexpected friends in frilly pink dresses along the way. Expect hilarity and chaos to ensue!

The little black-and-white cartoon figure of Tintin first appeared in Belgium in 1929 in a Catholic newspaper where his creator, Hergé, worked. Harry Thompson looks at the story of Hergé, of Tintin and his origins, and beyond to when President de Gaulle could call Tintin 'his only rival'.

*The Real Hergé* Mammoth

This volume represents a first in its analysis of historical trends in the humor of eight Western countries: Australia, Belgium, France, Great Britain, Israel, Italy, the United States, and Yugoslavia. In each country, the authors surveyed and assessed the national humor in a way designed to facilitate comparative study. Each essay details the historical development of national humor with an emphasis on the twentieth century and contemporary trends. The survey includes traditional and popular forms of humor as well as humor in literature, the performing and visual arts, and the mass media. A bibliography suggesting materials for further study completes each chapter. Not only do the contributors present a vivid picture of traditional forms of humor such as carnivals, popular performances, and special festivities, they also examine historical changes in humor. Each author discusses the functions of humor; and as a whole, the contributors demonstrate that sexual, aggressive, social, intellectual, and defensive humor have developed differently and are appreciated differently.
