 “Accessible and authoritative . . . While we may not have much power to eradicate our own prejudices, we can counteract them. The first step is to turn a hidden bias into a visible one. . . . What if we’re not the magnanimous people we think we are?”—The Washington Post I know my own mind. I am able to assess others in a fair and accurate way. These self-perceptions are challenged by leading psychologists Mahzarin R. Banaji and Anthony G. Greenwald as they explore the hidden biases we all carry from a lifetime of exposure to cultural attitudes about age, gender, race, ethnicity, religion, social class, sexuality, disability status, and nationality. “Blindspot” is the authors’ metaphor for the portion of the mind that houses hidden biases. Writing with simplicity and verve, Banaji and Greenwald question the extent to which our perceptions of social groups—without our awareness or conscious control—shape our likes and dislikes and our judgments about people’s character, abilities, and potential. In *Blindspot*, the authors reveal hidden biases based on their experience with the Implicit Association Test, a method that has revolutionized the way scientists learn about the human mind and that gives us a glimpse into what lies within the metaphoric blindspot. The title’s “good people” are those of us who strive to align our behavior with our intentions. The aim of *Blindspot* is to explain the science in plain enough language to help well-intentioned people achieve that alignment. By gaining awareness, we can adapt beliefs and behavior and “outsmart the machine” in our heads so we can be fairer to those around us. Venturing into this book is an invitation to understand our own minds. Brilliant, authoritative, and utterly accessible, *Blindspot* is a book that will challenge and change readers for years to come. Praise for *Blindspot* “Conversational . . . easy to read, and best of all, it has the potential, at least, to change the way you think about yourself.”—Leonard Mlodinow, *The New York Review of Books* “Banaji and Greenwald deserve a major award for writing such a lively and engaging book that conveys an important message: Mental processes that we are not aware of can affect what we think and what we do. *Blindspot* is one of the most illuminating books ever written on this topic.”—Elizabeth F. Loftus, Ph.D., distinguished professor, University of California, Irvine; past president,

Association for Psychological Science; author of *Eyewitness Testimony*

 The memoir of one of Pakistan’s most prominent businessmen in exile ‘I reached to see not the beautiful hotel that we had so lovingly built, but a war zone. . . . We found bodies of our dear guests, colleagues, friends: faces I recognized, faces I had worked with and smiled at. The sight that stunned me was the crater—60 feet wide and 20 feet deep. It had been created by over 1000 kg of RDX. The hotel had not been attacked, it had been brutalized. Dead bodies and dismembered limbs, little pools of blood—it was a massacre. I had thought of myself as a hardened man who had seen violence and gristly sights—but what I saw that day left me shaken.’ *Truth Always Prevails* is the memoir of one of Pakistan’s most prominent businessmen, Sadruddin Hashwani, chairman of the internationally renowned Hashoo Group. From sleeping in the back of trucks in the cold deserts of Balochistan to now owning a brand of luxury hotels as well as numerous other businesses, Sadruddin Hashwani has led a remarkable life. He has struggled against corrupt politicians and uncooperative government officials to build and sustain an extensive business empire. He has faced near-death experiences, most remarkably the 2008 bombing of his own hotel, the Marriott Islamabad, and has overcome seemingly insurmountable odds. Filled with fascinating anecdotes and telling sketches of prominent Pakistani personalities, his is an extraordinary story that will inspire and entertain readers.

February 14, 2019, Pulwama The bus neared milestone 272? At 03.33 pm, the suicide bomber? struck the ill-fated bus on the left, exactly at the spot where Head Constable Naseer Ahmed was seated. . . . In fraction of a second, a red hot and blinding inferno smashed. . . slicing open their bodies. The 40 brave and dedicated men of CRPF were now martyrs. February 26, 2019, Inside Pakistan Reaching the target at an altitude of 4,000 metres above Mean Seal Level, one km above the Jabba Top, the Spice glider positioned itself to execute a perpendicular strike on the terror camps. All the bombs struck the top of their assigned targets achieving maximum penetration. . . . They had nowhere to hide or run. In a space of 12 days in February 2019, the world saw a new India-not afraid to hunt down its tormentors hiding in another country. Author Manan Bhatt takes you through every single detail of the two epochal events in recent Indian history-the Pulwama terror attack and the subsequent Balakot Air-Strike-in this gripping, riveting, yet sensitively told account. From the moments before the ill-fated CRPF bus was hit, to the cockpits from where precision bombs were triggered, and everything that transpired in those 12 momentous, expectation-filled days-find every single detail in the book. The best of the planes, the best of pilots, the top-most officials, the groundsmen-all met, planned, visualized war-room scenarios, spent sleepless nights before, finally, striking hard and precise deep behind the enemy line. Follow our braveheart 'Abhi', the man in Mig 21 Bison, who had the audacity to down the famed F-16, and also the sagacity, grit and determination to stone-wall questions from the enemy. Know how he endured torture, including waterboarding, but left his interrogators disappointed, while being aware that his family was at risk. A racy thriller, adrenalin-pushing action, and a story that makes your patriotism brim over, while also filling you with a sense of gratitude and pride towards the men in Sky Blue. *Environmental Studies* Arihant Publications India limited

All of us love to spend. But before we can do that, we have to have earned or saved some money. Only sovereigns don't have to: they can print money, or borrow; in our country, where they own banks, they can use our deposits to lend and splurge for goals that may not always be economic in nature. Many rulers have succumbed to the temptation, with dire results - inflation, debased currency, payments crises, bankrupt banks, economic stagnation, loss of public confidence. After centuries of ruinous experiences, some governments learnt, others haven't, to control themselves, create self-governing Central banks and let them manage money and regulate banks. Sometime in 2015, news of unsustainable bad debts (non-performing assets or NPAs) in the Indian banking sector started to first trickle out,

and then became a flood. In the forefront were some of India's largest government banks, and a series of tycoons who were running their empires on unpaid debts. The banks' problems landed on the table

of Urjit Patel when he became Governor of Reserve Bank of India in September 2016. Based on thirty years of macroeconomic experience, he worked out the '9R' strategy which would save our savings,

rescue our banks and protect them from unscrupulous racketeers. In this book, he explains the problem and how it blew up; and how he would have resolved it if he had not been prevented.
