Voice in Motion explores the human voice as a literary, historical, and performative motif in early modern English drama and culture, where the voice was frequently represented as struggling, even failing, to work. In a compelling and original argument, Gina Bloom demonstrates that early modern ideas about the efficacy of spoken communication spring from an understanding of the voice's materiality. Voices can be cracked by the bodies that produce them, scattered by winds when transmitted as breath through their acoustic environment, stopped by clogged ears meant to receive them, and displaced by echoic resonances. The early modern theater underscored the voice's volatility through the use of pubescent boy actors, whose vocal organs were especially vulnerable to malfunction. Reading plays by Shakespeare, Marston, and their contemporaries alongside a wide range of late sixteenth- and early seventeenth-century texts—including anatomy books, acoustic science treatises, Protestant sermons, music manuals, and even translations of Ovid—Bloom maintains that cultural representations and theatrical enactments of the voice as "unruly matter" undermined early modern hierarchies of gender. The uncontrollable physical voice creates anxiety for men, whose masculinity is contingent on their capacity to discipline their voices and the voices of their subordinates. By contrast, for women the voice is most effective not when it is owned and mastered but when it is relinquished to the environment beyond. There, the voice's fragile material form assumes its full destabilizing potential and becomes a surprising source of female power. Indeed, Bloom goes further to query the boundary between the production and reception of vocal sound, suggesting provocatively that it is through active listening, not just speaking, that women on and off the stage reshape their world. Bringing together performance theory, theater history, theories of embodiment, and sound studies, this book makes a significant contribution to gender studies and feminist theory by challenging traditional conceptions of the links among voice, body, and self.

"This book will act as a powerful introduction to the story of Beijing Opera over the course of the twentieth century with a particularly strong emphasis on the Communist period and its influence on contemporary performance. Using excellent oral history research and with a strong focus on practice and performance techniques, Li Ruru places the genre in both its historical and global context: not a timeless Chinese tradition, but a product of China's turbulent twentieth century and the global interactions that were a key part of that history." Henrietta Harrison, Harvard University "This meticulously researched and colourful account of the highly complex performance form, jingju, will be of interest to a wide constituency of theatre scholars and cultural historians. Writing from the unique dual perspective of 'insider/practitioner' and academic, Li Ruru deftly weaves oral and cultural histories together with detailed performance analyses, including a fascinating chapter on

the secrets of jingju training. This book promises to raise significantly the profile of this Chinese total theatre for English-speaking audiences." Jonathan Pitches, founding co-editor of Theatre, Dance and Performance Training "Li Ruru's unique and valuable perspective combines the critical eye of the imaginative researcher with the intimate perspective of a true jingju insider—the daughter of one of the twentieth century's leading female performers. Impeccably researched, passionate and personal, this aptly titled book provides readers with an exciting and thought provoking look at jingju history and performance practice through its focus on the lives and work of six controversial leading artists." Elizabeth Wichmann-Walczak, University of Hawai'i at Manoa Any traditional theatre has to engage the changing world to avoid becoming a living fossil. How has Beijing Opera --- a highly stylized theatre with breath-taking acrobatics and martial arts, fabulous costumes and striking makeup --- survived into the new millennium while coping with a century of great upheavals and competition from new entertainment forms? Li Ruru's *The Soul of Beijing Opera* answers that question, looking at the evolution of singing and performance styles, make-up and costume, audience demands, as well as stage and street presentation modes amid tumultuous social and political changes. Li's study follows a number of major artists' careers in mainland China and Taiwan, drawing on extensive primary print sources as well as personal interviews with performers and their cultural peers. One chapter focuses on the illustrious career of Li's own mother and how she adapted to changes in Communist ideology. In addition, she explores how performers as social beings have responded to conflicts between tradition and modernity, and between convention and innovation. Through performers' negotiation and compromises, Beijing Opera has undergone constant re-examination of its inner artistic logic and adjusted to the demands of the external world.

How does a theatrical tradition emerge in the fields of dramatic writing and artistic performance?

How can a culture in which theatre played no part in the past create a theatrical tradition in the modern world? How do political and social conditions affect the encounter between cultures, and what role do they play in creating a theatre with a distinctive identity? This volume attempts to answer these and other questions in the first in-depth study of the reception of ancient Greek drama in Israeli theatre over the last 70 years. Exploring how engagement with classical culture has shaped the evolution of Israel's theatrical identity, it draws on both dramatic and aesthetic issues - from *mise en scene* to 'post dramatic' performance - and offers ground-breaking analysis of a wide range of translations and adaptations of Greek drama, as well as new writing inspired by Greek antiquity. The detailed discussion of how the performances of these works were created and staged at key points in the development of Israeli culture not only sheds new light on the reception of ancient Greek drama in an important theatrical and cultural context, but also offers a new and illuminating perspective on artistic responses to the fateful political, social, and cultural events in Israel's recent history.

The first collection of plays from a major American playwright, Plays One includes: Photograph 51, A Delicate Ship, Boy and The Last Match Photograph 51: Does Rosalind Franklin know how precious her photograph is? In the race to unlock the secret of life it could be the one to hold the key. With rival scientists looking everywhere for the answer, who will be first to see it and more importantly, understand it? Anna Ziegler's extraordinary play looks at the woman who cracked DNA and asks what is sacrificed in the pursuit of science, love and a place in history. A Delicate Ship: A haunting love triangle triggers an unexpected chain of events in this poetic play. A humorous and heartbreaking look at love and memory. This play received its world premiere in March 2014 at Cincinnati Playhouse in the Park. Boy: Inspired by a true story, Boy explores the complicated terrain of trying to find love in a new body, and the inextricable bonds between doctor and patient - creator and creation. Commissioned by the Manhattan Theatre Club and the Sloan Foundation. The Last Match: The semifinals of the U.S. Open are underway. Sergei Sergeev, an up-and-coming Russian phenom, and Tim Porter, a great American superstar in the twilight of his career, battle under the lights on center court. As the intense, back-and-forth action unfolds, Anna Ziegler take us inside the minds of these two extraordinary players to contemplate athleticism, masculinity and marriage. And by match point, much more has been won and lost than a game of tennis.

Focusing upon Marlowe the playwright as opposed to Marlowe the man, the essays in this collection position the dramatist's plays within the dramaturgical, ethical, and sociopolitical matrices of his own era. The volume also examines some of the most heated controversies of the early modern period, such as the anti-theatrical debate, the relations between parents and children, Machiavelli's ideology, the legitimacy of sectarian violence, and the discourse of addiction. Some of the chapters also explore Marlowe's polysemous influence on the theater of his time and of later

periods, but, most centrally, upon his more famous contemporary poet/playwright, William Shakespeare.

Gewaltdarstellungen im mittelalterlichen Spiel waren schon lange vor dem 'Cultural Turn' ein häufig diskutierter Gegenstand der Theatergeschichte; jetzt werden sie neu bewertet. Auf der Grundlage aktueller sozialgeschichtlicher Untersuchungen werden die Parameter der Theatergeschichte im Zeitraum von 1470-1570 hinterfragt. Als ein wichtiger Schlüssel zum Verständnis der Gewalt im älteren Drama wird das Verhältnis zwischen *violencia*, *vis* und *potestas*, den drei Facetten des Begriffs 'Gewalt', konstatiert. Gewalt tritt hier nicht als isoliertes Phänomen auf, sondern eher als ein (Ausdrucks-)Mittel der Macht. So diskutieren Dramentext und Aufführung die Legitimität von Herrschaftsgewalt.

James Hickey proceeds from the premise that throughout history, humans have demonstrated a proclivity for using violence against one another as a means to achieve an end, means enabled, in many respects, by the technologies available at the time. Advancing technology has often been a prime enabler of ever-increasing levels of violence and attendant human suffering. At a few junctures in history, however, certain technologies have seemingly provided the armed forces that possess them the ability to fight wars with decreasing levels of violence and suffering. Today, precision-guided munitions (PGMs) with their high degree of discrimination and accuracy again hold such promise. This book seeks to answer the question: Do PGMs mitigate suffering in war, and have these weapons changed the way decisions regarding war and peace have been made? Answering this question helps us understand possible shifts in emphasis in modern warfare, both in terms of methods employed and of the greater concern placed on limiting human suffering during conflict. This book will help students of ethics, just war and military history and senior military and civilian leaders to understand the possible outcomes and wider implications of their strategic choices to use such technology.

For college students seeking advanced degrees, REA publishes test preps for many major graduate school admission examinations in a wide variety of disciplines, including engineering, law, and medicine. Students at every level, in every field, with every ambition can find what they are looking for among REA's publications. While most test preparation books present practice tests that bear little resemblance to the actual exams, REA's series presents tests that accurately depict the official exams in both degree of difficulty and types of questions. REA's practice tests are always based upon the most recently administered exams, and include every type of question that can be expected on the actual exams. REA's publications and educational materials are highly regarded and continually receive an unprecedented amount of praise from professionals, instructors, librarians, parents, and students. Our authors are as diverse as the fields represented in the books we publish. They are well-known in their respective disciplines and serve on the faculties of prestigious high schools, colleges, and universities throughout the United States and Canada. ABOUT THE BOOK This book provides you with an accurate and complete representation of the SAT II: Subject Test in Literature. It is composed of six complete practice tests based on the most recently administered Literature tests. Each test is modeled after the actual exam and takes one hour to complete. The tests cover every type of question that can be expected to appear on the exam. Following each test is an answer key complete with detailed explanations designed to clarify the material for the student. By studying the review sections, completing all six tests, and studying the answer explanations, students can discover their strengths and weaknesses and prepare themselves for the actual exam in Literature. ABOUT THE TEST The SAT II: Subject Test in Literature is designed to test the student's ability to read and understand literature in English. Each exam consists of approximately sixty multiple-choice questions based on six to eight short reading comprehension passages. The passages are drawn from: - English literature (40-50%) - American literature (40-50%) - Other Literature written in English (0-10%) Each test covers material

from: - Renaissance and 17th century (30%) - 18th and 19th centuries (30%) - 20th century (40%)  
 Each test contains: - poetry selections (45-50%) - prose selections (45-50%) - drama and other selections (0-10%)  
 The Literature test does not require any specific knowledge of literature in English. The student is expected to possess a working knowledge of basic literary terms and to use analytical skills derived from high school literature studies to answer the test questions. The number of questions in a set is related to the length and complexity of the poem or passage. Generally, each group of questions based on a passage or poem consists of several questions about meaning, including effect and argument or theme, and several questions about form, including structure, generic properties, and method of organization. Where appropriate, the questions may also consider the narrative voice and the tone. The questions have five answer choices, and they can be categorized into three types: the regular multiple-choice question, the NOT/EXCEPT question, and the Roman numeral question.  
**ABOUT THE REVIEW SECTION** The reviews in this book are designed to further students' understanding of the test material. Each review includes techniques students can use to enhance their reading and analyzing abilities to earn higher scores on the exam. The reviews also discuss extensively the variety of literary genres, terms, and devices which the student will be required to know for the exam. The three review sections in this book correspond with the three topics covered on the SAT II exam.  
**READING PROSE** - This review covers the various forms of prose the student may encounter on the SAT II exam, including novels, short stories, essays, and satire. Also included is a section covering general rules and ideas about fiction and non-fiction, as well as tips on how to analyze prose passages for the test.  
**READING POETRY** - Every type of poetry the student can encounter on the SAT II exam is described in detail with examples. Genre, structure, convention, and poetic form are all given ample discussion. Definitions and examples appear in this section for such terms as onomatopoeia, masculine/feminine rhyme, paradox, allusion, and many others, as well as study hints to help the student analyze poetry for the test.  
**READING DRAMA** - This review gives extensive samples of the types of questions which could be asked about drama on the SAT II exam. The various types of drama, including conflict, character, and types of plays are discussed at length with examples. Classic works such as *Antigone*, *The Glass Menagerie*, and *Death of a Salesman* are used to illustrate the topics covered.  
**ABOUT THE INDEX OF LITERARY WORKS** In the back of this book you will find an extensive index which lists all of the literary works which are mentioned in this book. In addition to helping you find where specific works are located in the test, this index also serves as a suggested reading list of many of the literary classics you should read to help familiarize yourself with all the terms and genres you will need to know. Reading the works is excellent preparation for taking the SAT II: Literature Test.

This book takes a new, interdisciplinary approach to analyzing modern Viennese visual culture, informed by Austro-German theater, contemporary medical treatises centered on hysteria, and an original examination of dramatic gestures in expressionist artworks. It centers on the following question: How and to what end was the human body discussed, portrayed, and utilized as an aesthetic metaphor in turn-of-the-century Vienna? By scrutinizing theatrically "hysterical"

performances, avant-garde puppet plays, and images created by Oskar Kokoschka, Koloman Moser, Egon Schiele and others, Nathan J. Timpano discusses how Viennese artists favored the pathological or puppet-like body as their contribution to European modernism.

The essays in this volume investigate English, Italian, Spanish, German, Czech, and Bengali early modern theater, placing Shakespeare and his contemporaries in the theatrical contexts of western and central Europe, as well as the Indian sub-continent. Contributors explore the mobility of theatrical units, genres, performance practices, visual images, and dramatic texts across geo-linguistic borders in early modern Europe. Combining 'distant' and 'close' reading, a systemic and structural approach identifies common theatrical units, or 'theatergrams' as departure points for specifying the particular translations of theatrical cultures across national boundaries. The essays engage both 'dramatic' approaches (e.g., genre, plot, action, and the dramatic text) and 'theatrical' perspectives (e.g., costume, the body and gender of the actor). Following recent work in 'mobility studies,' mobility is examined from both material and symbolic angles, revealing both ample transnational movement and periodic resistance to border-crossing. Four final essays attend to the practical and theoretical dimensions of theatrical translation and adaptation, and contribute to the book's overall inquiry into the ways in which values, properties, and identities are lost, transformed, or gained in movement across geo-linguistic borders.
