The Storm Begins Random House

From New York Times bestselling author Geneva Lee comes the first chapter in an emotional, breathtaking love story that will leave you obsessed and begging for more. Adair MacLaine was sunshine and the storm. Emerald-green eyes and attitude, I fell for her the moment we met and hated her just as quickly. Five years ago, tragedy brought her to my door and sparked a love that consumed us like wildfire-hot, unpredictable, and impossible to control. We raged together until her father made her choose between me and the family name. I left. She stayed. I'm no longer the poor kid that lost her. I've made myself into a man that won't be ignored. Now her father is dead, the MacLaine empire is crumbling, and Adair's inheritance depends on the company's largest investor: me. * * * My whole life changed the night I met Sterling Ford. Brilliant and intense, he came to Valmont with nothing but a scholarship and a chip on his shoulder. He was a grenade and I wanted to pull the pin. We were doomed from the first kiss. I've waited for my chance to seize my freedom and now it's finally in reach—until the last person I ever wanted to see again walks into my father's funeral: him.

The King Arthur Case is the seventh installment of Jean-Luc Bannalec's bestselling mystery series. The forest of Broceliande, with its picturesque lakes and castles, is the last remnant of the fairy kingdom, if Breton lore is to be believed. Innumerable legends spanning thousands of years are set here, including the tale of King Arthur and the Round Table. It seems to be an appropriate destination for Commissaire Dupin and his team to take a late summer field trip. But when the body of a historian turns up, Dupin is called upon to investigate in the brutal murder case. Before too long, there are more victims. What knowledge do the assembled scientists have about the most recent archaeological digs in the area? Where do they stand on the controversial decision to turn parts of the forest into an amusement park? And why is no one willing to talk? Even Nolwenn, Dupin's unshakeable assistant, is concerned. And that

means trouble. Mysterious, ingenious, and suspenseful: Dupin's seventh case takes him and his team into the very heart of Brittany.

The Street Lawyer Dark Horse Comics

Two tales of a city: The historical race to reach one of the world's most mythologized places, and the story of how a contemporary band of archivists and librarians, fighting to save its ancient manuscripts from destruction at the hands of al Qaeda, added another layer to the legend. To Westerners, the name "Timbuktu" long conjured a tantalizing paradise, an African El Dorado where even the slaves wore gold. Beginning in the late eighteenth century, a series of explorers gripped by the fever for "discovery" tried repeatedly to reach the fabled city. But one expedition after another went disastrously awry, succumbing to attack, the climate, and disease. Timbuktu was rich in another way too. A medieval centre of learning, it was home to tens of thousands of ancient manuscripts, on subjects ranging from religion to poetry, law to history, pharmacology, and astronomy. When al-Qaeda-linked jihadists surged across Mali in 2012, threatening the existence of these precious documents, a remarkable thing happened: a team of librarians and archivists joined forces to spirit the manuscripts into hiding. Relying on extensive research and firsthand reporting, Charlie English expertly twines these two suspenseful strands into a fascinating account of one of the planet's extraordinary places, and the myths from which it has become inseparable
