PARKER BURNETT

La saison des amours ! Cambridge University Press

Chance, Calculation and Life brings together 16 original papers from the colloquium of the same name, organized by the International Cultural Center of Cerisy in 2019. From mathematics to the humanities and biology, there are many concepts and questions related to chance. What are the different types of chance? Does chance correspond to a lack of knowledge about the causes of events, or is there a truly intrinsic and irreducible chance? Does chance preside over our decisions? Does it govern evolution? Is it at the origin of life? What part do chance and necessity play in biology? This book answers these fundamental questions by bringing together the clear and richly documented contributions of mathematicians, physicists, biologists and philosophers who make this book an incomparable tool for work and reflection.

Bonjour l'ambiance ! Delacorte Press

Roman aux allures de journal intime et foisonnant de conseils colligés par Fannette, une préadolescente vindicative ayant des réparties mordantes et provocatrices à proposer aux aspirantes petites pestes qu'elle espère recruter dans sa Confrérie. Rédigé d'une écriture brouillonne manuscrite, Fannette présente les aléas de ses conflits ou différends avec son entourage et ses méthodes souvent machiavéliques, brusques ou impertinentes

pour obtenir ce qu'elle désire. Son papy l'aide toutefois à relativiser les choses. Au final et dans un esprit satirique, la jeune adolescente espère s'épanouir en tentant d'être fidèle à elle-même, sans se laisser influencer par ses pairs. [SDM].

The Diary of a Chambermaid Picador

Fannette a encore un programme très chargé : aider Charly à espionner sa mère, se venger de Mme Turan qui traumatise ses élèves, semer la pagaille à la maison de retraite de pépé Gaston, conquérir le cœur du beau Théo Ulmer... Sera-t-elle à la hauteur de son titre de reine des pestes ?

The Cambridge Companion to Camus DLM Jeunesse

As a plague descends on Medieval England, a courageous Lady must protect her land and people at all costs in this historical novel: “Enthralling” (Julian Fellowes, creator of *The Gilded Age*). England, 1348. When the Black Death arrives in Dorset, no one knows what manner of sickness it is or how it spreads and kills so quickly. The Church proclaims it a punishment from God, insisting that daily confession is their only hope for survival. But Lady Anne of Devilish has different ideas. With her trusted steward Thaddeus at her side—and her brutal husband absent—she gathers her serfs within the moated walls of Devilish and refuse entry to outsiders, including her husband. Bu in such a confined space, conflicts soon arise. Ignorant of the world outside, Lady Anne’s people wrestle with the terrible uncertainty of their futures. And as food stocks run low, they begin to wonder how long they can survive within. The moment will come when they must cross the moat . . . and encounter a world transformed in ways they can’t imagine.

Paleodemography is the field of enquiry that attempts to identify demographic parameters from past populations (usually skeletal samples) derived from archaeological contexts, and then to make interpretations regarding the health and well-being of those populations. However, paleodemographic theory relies on several assumptions that cannot easily be validated by the researcher, and if incorrect, can lead to large errors or biases. In this book, physical anthropologists, mathematical demographers and statisticians tackle these methodological issues for reconstructing demographic structure for skeletal samples. Topics discussed include how skeletal morphology is linked to chronological age, assessment of age from the skeleton, demographic models of mortality and their interpretation, and biostatistical approaches to age structure estimation from archaeological samples. This work will be of immense importance to anyone interested in paleodemography, including biological and physical anthropologists, demographers, geographers, evolutionary biologists and statisticians.

Named one of the Best Books of 1999 by the Los Angeles Times, *The Pianist* is now a major motion picture directed by Roman Polanski and starring Adrien Brody (Son of Sam). The Pianist won the Cannes Film Festival's most prestigious prize—the Palme d'Or. On September 23, 1939, Wladyslaw Szpilman played Chopin's Nocturne in C-sharp minor live on the radio as shells exploded outside—so loudly that he couldn't hear his piano. It was the last live music broadcast from Warsaw: That day, a German bomb hit the station, and Polish Radio went off the air. Though he lost his entire family, Szpilman survived in hiding. In the end, his life was saved by a German officer who heard him play the same Chopin Nocturne on a piano found among the rubble. Written immediately after the war and suppressed for decades, *The Pianist* is a stunning testament to human endurance and the redemptive power of fellow feeling.

Fannette a un gros problème. Ce problème, c'est Maxine, la nouvelle recrue super belle et super sympa des Deep Dusty, le groupe de rock de Théo... Mais pas question de laisser cette fille lui faire de l'ombre ! Fannette, elle aussi, doit chanter au concert des Deep Dusty, et le petit numéro qu'elle prépare s'annonce... inoubliable ! Et 100 % peste, évidemment.

God and the Folly of Faith Simon and Schuster

A fascinating document of an extraordinary life, *Memoirs of A Breton Peasant* reads with the liveliness of a novel and bristles with the vigor of an opinionated autodidact from the very lowest level of peasant society. Brittany during the nineteenth century was a place seemingly frozen in the Middle Ages, backwards by most French standards; formal education among rural society was either unavailable or dismissed as unnecessary, while the church and local myth defined most people's reasoning and motivation. Jean-Marie Déguignet is unique not only as a literate Breton peasant, but in his skepticism for the church, his interest in science, astronomy and languages, and for his keen—often caustic—observations of the world and people around him. Born into rural poverty in 1834, Déguignet escapes Brittany by joining the French Army in 1854, and over the next fourteen years he fights in the Crimean war, attends Napoleon III's coronation ceremonies, supports Italy's liberation struggle, and defends the hapless French

puppet emperor Maximilian in Mexico. He teaches himself Latin, French, Italian and Spanish and reads extensively on history, philosophy, politics, and literature. He returns home to live as a farmer and tobacco-seller, eventually falling back into dire poverty. Throughout the tale, Déguignet's freethinking, almost anarchic views put him ahead of his time and often (sadly, for him) out of step with his contemporaries. Déguignet's voluminous journals (nearly 4,000 pages in total) were discovered in a farmhouse in Brittany a century after they were written. This narrative was drawn from them and became a surprise bestseller when published in France in 1998.

Journal d'une Peste, tome 9 Avis de tempête ! Morgan Rice

Albert Camus is one of the iconic figures of twentieth-century French literature, one of France's most widely read modern literary authors and one of the youngest winners of the Nobel Prize for Literature. As the author of *L'Etranger* and the architect of the notion of 'the Absurd' in the 1940s, he shot to prominence in France and beyond. His work nevertheless attracted hostility as well as acclaim and he was increasingly drawn into bitter political controversies, especially the issue of France's place and role in the country of his birth, Algeria. Most recently, postcolonial studies have identified in his writings a set of preoccupations ripe for revisitation. Situating Camus in his cultural and historical context, this 2007 Companion explores his best-selling novels, his ambiguous engagement with philosophy, his theatre, his increasingly high-profile work as a journalist and his reflection on ethical and political questions that continue to concern readers today.

Amoureuse, moi ? Jamais ! Seven Stories Press

The novel presents itself as the diary of Mademoiselle Célestine R., a chambermaid. Her first employer fetishizes her boots, and she later discovers the elderly man dead, with one of her boots stuffed into his mouth. Later on, Célestine becomes the maid of an upper class couple, Lanlaire, and is perfectly aware that she is entangled in the power struggles of their marriage. Célestine ends by becoming a café hostess, who mistreats her servants in turn! Excerpt: "To-day, September 14, at three o'clock in the afternoon, in mild, gray, and rainy weather, I have entered upon my new place. It is the twelfth in two years. Of course I say nothing of the places which I held in previous years. It would be impossible for me to count them. Ah! I can boast of having seen interiors and faces, and dirty souls. And the end is not yet. Judging from the really extraordinary and dizzy way in which I have rolled, here and there, successively, from houses to employment-bureaus, and from employment-bureaus to houses, from the Bois de Boulogne to the Bastille, from the Observatory to Montmartre, from the Ternes to the Gobelins, everywhere, without ever succeeding in establishing myself anywhere, the masters in these days must be hard to please. It is incredible..."
