*Intuitive Alphabet* by artist Michele Oka Doner is both an alphabet book and an artistic meditation on the connection between humans and nature. Minimal text, handwritten by the artist, is paired with photographs of sea objects that represent forms.

In *Intuitive Alphabet*, acclaimed artist Michele Oka Doner has created a personal interpretation of the alphabet book as well as a deeply thoughtful, artistic, and inspiring exploration of the fundamental connection between humans and natures. Minimal text, handwritten by the artist, is paired with photographs of sea objects that represent forms, such as "A is For Animal," and "S is for Spiral." The result is a thoroughly original, evocative, and thought-provoking work of art that underscores the profound and fundamental links between humans and nature and reminds us that life itself came from the sea.

Oka Doner grew up in Miami Beach combing the sand for treasures—shells, stones, coral—that formed her own alphabet well before she knew how to read. This elegantly designed art book is an homage to that world of discovery and conveys a profound message about looking and seeing. On an even deeper level, *Intuitive Alphabet* offers insights into the ways in which language has evolved and is learned.

How to turn an old home into a jewel on the block. What do a fashion mogul, a Williams-Sonoma executive, a museum curator, and a design-savvy actress have in common? Good taste, of course, but more than that: a shared passion to "bring back," to carefully restore and artfully embellish, their houses. They are among the twenty-one real-life renovations featured in this essential resource—from stately town houses to brownstone fixer-uppers—to give the true experience of creating an urban oasis on any street. Whether hunting for rare chandeliers, salvaging floorboards for new tabletops, or removing walls to let more light in, all the nuts and bolts of restoration are here. In Boston, a young family's renovation takes three years and includes every modern amenity (a media room, home gym, elevator), but saves most of the original interiors (window shutters and seats, marble fireplaces). A Baltimore couple—both stars of the graphic design world—must reconcile their cutting-edge tastes with their traditional surrounds. From furniture and color to rooftops and terraces, *Restoring a House in the City* offers a treasury of inspiration and ideas, as well as a lavish illustrated tour of some of the best done renovations in the business.

Forty works by early Netherlandish masters from van Eyck to Bosch—reproduced in exquisite detail—are the subject of this breathtaking book that leads readers deep into the paintings to reveal each artist's astonishing technique and brilliant application of color. The longer we gaze at the paintings of the old masters, the more we appreciate the subtlety and artistry of the painters who created them. This beautiful book offers readers an opportunity to learn and study the art of Jan van Eyck, Rogier van der Weyden, Hieronymus Bosch, Pieter Bruegel the Elder, and many other masters of this period and region. It also explores their influence on later artists from the Baroque period. Each of the works is briefly presented along with its historical and contextual background and importance. Then in a series of full-page illustrations, specific details are enlarged to guide the reader carefully and thoughtfully through the piece's nuances and often overlooked features. The result is the next best thing to a private viewing at a museum—a truly sensuous and emotional experience that will engage both the novice and the expert. Till-Holger Borchert's texts are

informative and engaging as he shares his singular passion for these great works in a magnificent book that will inspire viewers to form their own opinions and exercise their own powers of observation within the context of this important period in art history.

*Suzanne Tucker Interiors* Simon and Schuster

The first book on the work of a designer whose refined classical interiors are widely desired and emulated as the epitome of French style. Honored as one of the top designers by all the international design magazines and universally admired by design editors, Jean-Louis Deniot is in demand. His updated classical approach now graces interiors in Paris, the French countryside, Moscow, India, New York, Chicago, L.A., and beyond—and his legacy is already being compared to that of design greats such as Jacques Grange and Alberto Pinto. Deniot is an architect first, ensuring that the interior architecture of his rooms is harmonious before giving a neoclassical approach to the decor. He brings education, logic, and design history to his work, with one eye looking at the most refined style of French eighteenth century and one eye on the twentieth and twenty-first centuries. His mix is highly individual and includes contemporary art and custom-made furniture, yet his rooms always look comfortable and are never overly formal or trendy. This book demonstrates a new, sophisticated classical style that is changing the scene for international design and offering inspiration and ideas to decorators, homeowners, and antiques enthusiasts.

Known for his ability to work in any design vernacular, Markham Roberts brings a fresh approach to traditional and contemporary styles alike. His work is not defined by signature looks or design trends. Rather, using an inventive combination of layered patterns and color as well as bold juxtapositions of furniture of different styles and periods, custom designs, and works of art from around the world, he creates interiors that have been described as "the very definition of chic." Illustrated with more than 350 photographs of some forty projects, including New York City apartments large and small, historic estates on Long Island, seaside Florida mansions, stately Southern and Midwestern houses, rustic Montana ski retreats, and modern Puget Sound compounds, *Decorating: The Way I See It* reveals Markham Roberts's diversity and sophistication as a decorator. **#1 NEW YORK TIMES BESTSELLER** • The former First Lady, author of *Becoming*, and producer and star of *Waffles + Mochi* tells the inspirational story of the White House Kitchen Garden and how gardens can transform our lives and the health of our communities. Early in her tenure as First Lady, despite being a novice gardener, Michelle Obama planted a kitchen garden on the White House's South Lawn. To her delight, she watched as fresh vegetables, fruit, and herbs sprouted from the ground. Soon the White House Kitchen Garden inspired a new conversation all across the country about the food we feed our families and the impact it has on the nutrition and well-being of our children. In *American Grown*, Mrs. Obama invites you inside the White House Kitchen Garden, from the first planting to the satisfaction of the seasonal harvest. She reveals her early worries and struggles—would the new plants even grow?—and her joy as lettuce, corn, tomatoes, collards and kale, sweet potatoes and rhubarb flourished in the freshly tilled soil. She shares the stories of other gardens that have moved and inspired her on her journey across the nation. And she offers what she learned about planting your own backyard, school, or community garden. *American Grown* features:

- a behind-the-scenes look at every season of the garden's growth
- unique recipes created by White House chefs
- striking original photographs that bring the White House garden to life
- a fascinating history of community gardens in the United States

From a modern-day vegetable truck that brings fresh produce to underserved communities in Chicago, to Houston office workers who make the sidewalk bloom, to a New York City school that created a scented garden for the visually impaired, to a garden in Winston-Salem, North Carolina, that devotes its entire harvest to those less fortunate, *American Grown* isn't just the story of a single garden. It's a celebration of the bounty of our nation and a reminder of what we can all grow together.

Valuable flea market finds... A peeling, antique vanity in muted sea green... An elegant, cracked chandelier... An enormous, slipcovered sofa with deep, cushions... Comfort, the beauty of imperfections, the allure of time-worn objects, and the appeal of simple practical living: these are the cornerstones of what has come to be known as the Shabby Chic style. Like the cozy familiarity of a well-worn pair of faded jeans, the dilapidated elegance of an Italian villa, or the worn grandeur of faded velvets and mismatched floral china handed down from your grandmother's attic, the Shabby Chic style is a revived appreciation for what is used, well-loved, and worn. It is a respect for natural evolution and a regard for what is easy and sensible. The hundreds of lavish photographs in this book invite you inside the unique world of Shabby Chic. Rachel Ashwell, founder of the Shabby Chic home decor stores, for the first time provides her invaluable and much-sought-after advice on how to re-create Shabby Chic style in your own home. With engaging text and easy-to-follow instructions, Rachel details the Shabby Chic basics in a way that will put even the most apprehensive or novice decorators at ease. From flowers to fabrics to lighting, Rachel illuminates all of the elements essential to this unpretentious yet truly exquisite style. A behind-the-scenes look at a flea market lets readers in on Rachel's personal secrets of how to cull hidden treasures from flea market trash—an old trunk, its paint peeling around the edges, can be given new life as a coffee table, while a chipped white iron salvage piece becomes the perfect frame for a vintage mirror. This book tells you not only how to restore these pieces but how to find the perfect place for them in your home. Gorgeous color photographs and accompanying text reveal how this relaxed look works with a variety of different styles, from Victorian to Mediterranean to contemporary.

The Peak of Chic blogger Jennifer Boles—who counts Newell Turner, Alexa Hampton, Stephen Drucker, and Veranda founder Lisa Newsom among her loyal readers—presents a charming encyclopedia of 100 of the most stylish decorating details (chintz, striped walls, and orangeries) that were favored by the great tastemakers of the twentieth century. Best of all, Jennifer gives helpful tips on decorating with these traditional flourishes today. The 1930s to the 1960s were a grand time for decorating: they saw Chippendale chairs and grotto furniture, house stationery, monograms, tented rooms, and vanities—much of which has since been forgotten or taken for granted. In *In with the Old* Jennifer Boles breathes new life into gracious living with 100 entries organized from A to Z on her favorite decorating essentials of the past. Each entry explores curious facts, anecdotes, and timeless advice plucked from the legacies of Billy Baldwin, Dorothy Draper, Sister Parish, the Duchess of Windsor, and other tastemakers whose influence continues today. With a foreword by Alexa Hampton and charming illustrations and photographs, *In with the Old* is a guide to stylish living that will inspire and delight.

The history of ancient Egypt is filled with fascinating queens and goddesses portrayed side by side with their male counterparts as equal partners, each playing a different and distinct role in society. Anyone interested in their identity and achievements can go to popular or academic sources, and find ample material on the subject. How about their descendants: contemporary Egyptian women? Who are they? What do we know about them, or about their accomplishments? Only scarce and limited information is available. In recent years, however, since the ill-named "Arab Spring," images of Egyptian women have flooded TV screens and print media showing them among crowds of shouting demonstrators. Reports have focused on their trials and tribulations, and their regressive condition. This book seeks to highlight Egyptian women that the media have overlooked and ignored. It focuses on a sample of 38 pioneers, ground-breakers, and achievers in nearly all professions: academe, the arts, banking, development, diplomacy, economics, engineering,

entrepreneurship, finance, government, medicine, public relations, science and technology, social services, sports, international relations, and international organizations. Their successes in Egypt and elsewhere have been recognized and honored by some of the highest national and international institutions and governments. Forgotten or unknown habits, practices, and historical events occurring in the twentieth century, both in Egypt and other parts of the globe, are also discussed in these stories. The objective of the book is three-pronged. It breaks the monolithic and unflattering stereotype of contemporary Egyptian women as victims, uneducated and uncivilized, dominated by men. The second is to make the world aware of modern Egyptian champions who are improving the quality of life in the societies and broader environments in which they live and work. The third purpose is to provide positive role models for new generations of women in Egypt and beyond, to inspire them to set their goals very high despite the obstacles they may encounter, and show them that the sky is not the limit.

Minimalist style interiors are now a familiar and recognizable part of today's visual culture. Top shelter magazines from "Wallpaper and House and Garden" to "Elle Decor" devote monthly features to the latest variation on white or beige, while fashion designers like Calvin Klein and Donna Karan design neutral housewares to match minimalist decor. Cheaper but no less stylish, Crate and Barrel, and Pottery Barn sell their own versions of minimalism, and countless upmarket European designer kitchen and furniture companies entice fashion conscious consumers with advertisements in leading shelter magazines. Building on this trend, Monochrome Home presents designer Kelly Hoppen's innovative and breakthrough new approach to the next step beyond minimalist style interiors—by using dabs of color, texture, and dimension to establish a refined yet warm environment. A winner of Britain's "Oscars" of interior design, the prestigious Andrew Martin Award, she is considered, internationally, a leading interior designer. The hallmark of the Hoppen style: bold, simple pieces of modern furniture mixed with an emphasis on texture and comfort; and counterpointing subtle neutral shades mixed with brighter dots of color to add a luxurious, sensual element to modern minimalist interiors. "Monochrome Home" is a wonderful visual resource full of exquisite and original close-up photographs that detail Hoppen's brilliant editorial eye, combined with her talent for juxtaposing various elements to create dramatic, stunning effects. "Monochrome Home" is a flexible and inspiring resource, suitable for small studios, or larger spaces. It is equally useful for those with small budgets or unlimited funds. For fans of minimalism who want more than anonymous white spaces, Monochrome Home describes in visual detail how to achieve a more personalized and inspired brand of minimalism—full of simplicity, elegance, comfort and style.
