*Three Kingdoms Volume 08* Open Road Media  
 A breathtaking thriller featuring "political and amorous intrigues, cold-blooded murder, and financial crises" (San Francisco Chronicle), from the #1 New York Times bestselling author of *A Column of Fire* In 1866, tragedy strikes the exclusive Windfield School when a young student drowns in a mysterious accident. His death and its aftermath initiate a spiraling circle of treachery that will span three decades and entwine many lives. From the exclusive men's clubs and brothels that cater to every dark desire of London's upper class to the dazzling

ballrooms and mahogany-paneled suites of the manipulators of the world's wealth, one family is splintered by a shared legacy. But greed, fed by the shocking truth of a boy's death, must be stopped, or the dreams of a nation will die. In the future, instead of terraforming planets to sustain human life, explorers of the galaxy transform themselves. \*FROM THE SUNDAY TIMES BESTSELLING AUTHOR\* 'Extraordinary . . . A future masterwork' Joanne Harris At the turn of the twenty-second century, scientists make a breakthrough in human spaceflight. Through a revolutionary method known as somaforming, astronauts can survive in hostile environments off Earth using synthetic biological supplementations. They can produce antifreeze in sub-zero temperatures, absorb radiation and convert it for food, and conveniently adjust to the pull of different gravitational forces. With the fragility of the body no longer a limiting factor, human beings are at last able to explore neighbouring exoplanets long suspected to harbour life. Ariadne is one such explorer. On a mission to ecologically survey four habitable worlds fifteen light-years from Earth, she and her fellow crewmates sleep while in transit, and wake each time with different features. But as they shift through both form and time, life back on Earth has also changed. Faced with the possibility of returning to a planet that has forgotten those who have left, Ariadne begins to chronicle the wonders and dangers of her journey, in the hope that someone back home might still be listening. PRAISE FOR THE WAYFARERS 'Becky Chambers is a wonder, and I feel better for having her books in my life' JOHN CONNOLLY 'In a word, brilliant' ANDREW CALDECOTT 'A short but fierce ode to humanity and all our reaches and flaws. Unputdownable' NATASHA NGAN 'Outstanding . . .

Chambers packs an immense amount of story into a novella worthy of full-length praise' PUBLISHERS WEEKLY, Starred Review 'Becky Chambers takes space opera in a whole new and unexpected direction' BEN AARONOVITCH

*A Dangerous Fortune* W. W. Norton & Company

Fortune's Blight by Evie Manieri continues the conflict begun in Blood's Pride. Victory for the Shadari rebels has come at a terrible price. Hardship, superstition, and petty feuds poison King Daryan's young reign, and entire families are vanishing without a trace. Help is nowhere to be found, for their Nomas allies have troubles of their own and the Mongrel, plagued by the sins of her violent past, has disappeared. While Daryan struggles to maintain the peace, Eofar and Rho are racing to their northern homeland to plead—or fight—for the Shadar's

independence. But Norland has changed, and they soon find themselves embroiled in the court politics of an empire about to implode. Meanwhile, the Mongrel's path carries her deep into Norland's frozen wastes to redeem a promise—one that forces her into the heart of the growing conflict. As the foundations of the two far-flung countries begin to crack, an enigmatic figure watches from a tower room in Ravindal Castle. She is old, and a prisoner, but her reach is long, and her patience is about to be rewarded.... **A New and Complete Concordance Or Verbal Index to Words, Phrases, & Passages in the Dramatic Works of Shakespeare** Jana DeLeon

A "riveting" true crime classic: The trial of Connecticut teen Peter Reilly, accused of

killing his mother, and the community that defended him (People). In the sleepy hamlet of Canaan, Connecticut, Barbara Gibbons stood out. She and her eighteen-year-old son, Peter Reilly, lived in a drab one-bedroom house on a desolate stretch of road. An intelligent, lively woman with a wicked sense of humor, Barbara also had dark moods and drank too much. She fought loudly with neighbors and her son, and appeared to have a messy, complicated love life. When Peter came home from the Teen Center one night to discover his mother lying naked on the bedroom floor with her throat slashed, the police made him their prime suspect. After eight hours of interrogation and a polygraph test, Peter confessed. Investigators were convinced they had an open-and-shut case, but the townspeople disagreed. They couldn't believe that the naïve teenager was capable of such a gruesome crime, and blamed detectives for taking advantage of the boy's trust. With the help of celebrities including Mike Nichols and William Styron, who contributes an eloquent and persuasive introduction to Joan Barthel's account of the case, the community of Canaan rallied to Peter's defense. A gripping murder mystery and an intimate portrait of the loyalties, resentments, and secrets lurking beneath the placid surface of quiet towns across America, *A Death in Canaan* is a masterpiece of "first-class journalism" (The New York Times).

Lush and visual, chock-full of delicious recipes, Roselle Lim's magical debut novel is about food, heritage, and finding family in the most unexpected places. At the news of her mother's death, Natalie Tan returns home. The two women hadn't spoken since Natalie left in anger seven years ago, when her mother refused to support her chosen career as a chef. Natalie is shocked to discover the vibrant neighborhood of San Francisco's Chinatown that she remembers from her childhood is fading, with businesses failing and families moving out. She's even more surprised to learn she has inherited her grandmother's restaurant. The neighborhood seer reads the restaurant's fortune in the leaves: Natalie must cook three recipes from her grandmother's cookbook to aid her struggling neighbors before the restaurant will succeed. Unfortunately, Natalie has no desire to help them try to turn things around—she resents the local shopkeepers for leaving her alone to take care of her agoraphobic mother when she was growing up. But with the support of a surprising new friend and a budding romance, Natalie starts to

realize that maybe her neighbors really have been there for her all along.

Foretell the future using a deck of regular playing cards and a divination game, which traces its origins to the principles of astrology and Chinese numerology. The familiar Gong hee fot choy! means "greetings of riches," and confirms the ancient belief that life's odds are three-to-one in favor of prosperity over poverty, success over failure, and good fortune over bad. It is also thought that the future can be forecast—and even influenced—if we know how to interpret the signs and understand their meanings. Each playing card and each house (illustrated on the game board) are identified with a particular outcome. For a glimpse of what the future holds, grab a deck of playing cards and this book. Have fun and may fortune smile upon you.

Pulitzer Prize in General Nonfiction finalist  
Winner of the 2014 National Book Award in nonfiction. An Economist Best Book of 2014. A vibrant, colorful, and revelatory inner history of China during a moment of profound transformation  
From abroad, we often see China as a caricature: a nation of pragmatic plutocrats and ruthlessly dedicated students destined to rule the global economy—or an addled Goliath, riddled with corruption and on the edge of stagnation. What we don't see is how both powerful and ordinary people are remaking their lives as their country dramatically changes. As the Beijing correspondent for The New Yorker, Evan Osnos was on the ground in China for years, witness to profound political, economic, and cultural upheaval. In *Age of Ambition*, he describes the greatest collision taking place in that country: the clash between the rise of the individual and the Communist Party's struggle to retain control. He asks probing questions: Why does a government with more success lifting people from poverty than any civilization in history choose to put strict restraints on freedom of expression? Why do millions of young Chinese professionals—fluent in English and devoted to Western pop culture—consider themselves "angry youth," dedicated to

resisting the West's influence? How are Chinese from all strata finding meaning after two decades of the relentless pursuit of wealth? Writing with great narrative verve and a keen sense of irony, Osnos follows the moving stories of everyday people and reveals life in the new China to be a battleground between aspiration and authoritarianism, in which only one can prevail.

The Royal Navy of Nelson's time was not short of heroes, nor of outstanding achievements, but even in this crowded field the career of Captain John Quilliam stands out - so often the right man in the right place at the right time, he was justly described by a contemporary as 'the favourite of fortune'. Born on the Isle of Man 250 years ago, Quilliam has until now evaded detailed study of his extraordinary life. Indeed, while celebrated as a Manx hero, in the wider world beyond the Island one of the most important men on the quarter deck of HMS Victory at the Battle of Trafalgar remains largely unrecognised. Trafalgar, however, was not even the high point of Quilliam's professional journey. From the lowest rung of the ladder in the dockyard at Portsmouth he climbed to become Victory's First Lieutenant, having already survived two of the bloodiest sea-battles of the era at Camperdown and Copenhagen. In the process he won a share in undreamed of wealth through the seizure of one of the largest hauls of Spanish gold ever taken by the Georgian navy. Promoted Post-Captain, Quilliam reached the apogee of his profession, commanding frigates in the Baltic and on the Newfoundland station in the War of 1812. There, in a bizarre twist worthy of a novel by O'Brian or Forester, he defeated an accusation of shirking an engagement with the American super-frigate President in a Court Martial brought by his own First Lieutenant. This first full biography of a far-from-ordinary naval officer is itself an unusual collaboration between three writers, each interested in different aspects of Quilliam's career, but united by a belief that it deserves a wider audience.
