## **RAMOS OLSEN**

---

Trübner's American and Oriental Literary Record Houghton Mifflin Harcourt  
"Extremely interesting . . . Young people interested in medicine or scientific discovery will find this book engrossing, as will history students" (School Library Journal). [He had] a fever that hovered around 104 degrees. His skin turned yellow. The whites of his eyes looked like

lemons. Nauseated, he gagged and threw up again and again . . . Here is the true story of how four Americans and one Cuban tracked down a killer, one of the word's most vicious plagues: yellow fever. Journeying to fever-stricken Cuba in the company of Walter Reed and his colleagues, the reader feels the heavy air, smells the stench of disease, hears the whine of mosquitoes biting human volunteers during surreal experiments. Exploring themes of courage, cooperation, and the ethics of human experimentation, this gripping account is ultimately a story

of the triumph of science. "[A] powerful exploration of a disease that killed 100,000 U.S. citizens in the 1800s."

**I Survived the Battle of D-Day, 1944 (I Survived #18)** Scholastic Inc.

Now an old man, John is haunted by memories of enlisting to fight in World War II, a decision which forced him to face the horrors of war and changed his life forever.

*The Pertinence of Exodus: Philosophical Questions on the Contemporary Symbolism of the Biblical Story* Literary

Licensing, LLC

A unique love story, a tale of loss, a parable of Europe, this haunting novel is an examination of intimacy and betrayal in a community rarely captured so vibrantly in contemporary literature. Zoli Novotna, a young woman raised in the traveling Gypsy tradition, is a poet by accident as much as desire. As 1930s fascism spreads over Czechoslovakia, Zoli and her grandfather flee to join a clan of fellow Romani harpists. Sharpened by the world of books, which is often frowned upon in the Romani tradition, Zoli becomes the poster girl for a brave new world. As she shapes the ancient songs to her times, she finds her gift embraced by the Gypsy people and savored by a young English expatriate, Stephen Swann. But Zoli soon finds that when she falls she cannot fall halfway—neither in love nor in politics. While Zoli's fame and poetic skills deepen, the ruling Communists begin to use her for their own favor. Cast out from her family, Zoli abandons her past to journey to the West, in a novel that spans the 20th century and travels the breadth of Europe. Colum McCann, acclaimed author of *Dancer* and *This Side of Brightness*, has

created a sensuous novel about exile, belonging and survival, based loosely on the true story of the Romani poet Papsuza. It spans the twentieth century and travels the breadth of Europe. In the tradition of Steinbeck, Coetzee, and Ondaatje, McCann finds the art inherent in social and political history, while vividly depicting how far one gifted woman must journey to find where she belongs. Praise for Zoli "Soaring and stumbling over decades of midcentury Eastern Europe, Zoli is a riveting novel."—Gail Caldwell, *Boston Sunday Globe* "Beautifully written . . . Beautifully conceived, wonderfully told, the story is proof of an indomitable spirit. The elusive character of Zoli, the brilliant artist, is unforgettable."—*The Washington Post Book World* **BONUS:** This edition includes an excerpt from Colum McCann's *TransAtlantic*. [Wunder-Spiegel Oder Göttliche Wunderwerck](#) Anchor **NATIONAL BESTSELLER** • "Steven Pressfield brings the battle of Thermopylae to brilliant life."—Pat Conroy At Thermopylae, a rocky mountain pass in northern Greece, the feared and admired Spartan soldiers stood three hundred

strong. Theirs was a suicide mission, to hold the pass against the invading millions of the mighty Persian army. Day after bloody day they withstood the terrible onslaught, buying time for the Greeks to rally their forces. Born into a cult of spiritual courage, physical endurance, and unmatched battle skill, the Spartans would be remembered for the greatest military stand in history—one that would not end until the rocks were awash with blood, leaving only one gravely injured Spartan squire to tell the tale. . . .

**Neoliberalismus** Simon and Schuster Sham and the stable boy Agba travel from Morocco to France to England, where Sham's majesty is at last recognized and he becomes the "Godolphin Arabian," ancestor of the most superior thoroughbred horses.

*I Had Seen Castles* Peter Lang GmbH, Internationaler Verlag Der Wissenschaften Paris, 1890. When Sherlock Holmes finds himself chasing an art dealer through the streets of Paris, he's certain he's smoked out one of the principals of a cunning forgery ring responsible for the theft of some of the Louvre's greatest

masterpieces. But for once, Holmes is dead wrong. He doesn't know that the dealer, Theo Van Gogh, is rushing to the side of his brother, who lies dying of a gunshot wound in Auvers. He doesn't know that the dealer's brother is a penniless misfit artist named Vincent, known to few and mourned by even fewer. Officialdom pronounces the death a suicide, but a few minutes at the scene convinces Holmes it was murder. And he's bulldog-determined to discover why a penniless painter who harmed no one had to be killed—and who killed him. Who could profit from Vincent's death? How is the murder entwined with his own forgery investigation? Holmes must retrace the last months of Vincent's life, testing his mettle against men like the brutal Paul Gauguin and the secretive Toulouse-Lautrec, all the while searching for the girl Olympia, whom Vincent named with his dying breath. She can provide the truth, but can anyone provide the proof? From the madhouse of St. Remy to the rooftops of Paris, Holmes hunts a killer—while the killer hunts him.

Someone Named Eva Simon and Schuster  
A renowned scholar brings to life medieval

England's most celebrated knight, William Marshal—providing an unprecedented and intimate view of this age and the legendary warrior class that shaped it. Caught on the wrong side of an English civil war and condemned by his father to the gallows at age five, William Marshal defied all odds to become one of England's most celebrated knights. Thomas Asbridge's rousing narrative chronicles William's rise, using his life as a prism to view the origins, experiences, and influence of the knight in British history. In William's day, the brutish realities of war and politics collided with romanticized myths about an Arthurian "golden age," giving rise to a new chivalric ideal. Asbridge details the training rituals, weaponry, and battle tactics of knighthood, and explores the codes of chivalry and courtliness that shaped their daily lives. These skills were essential to survive one of the most turbulent periods in English history—an era of striking transformation, as the West emerged from the Dark Ages. A leading retainer of five English kings, Marshal served the great figures of this age, from Queen Eleanor of Aquitaine to Richard the Lionheart and his

infamous brother John, and was involved in some of the most critical phases of medieval history, from the Magna Carta to the survival of the Angevin/Plantagenet dynasty. Asbridge introduces this storied knight to modern readers and places him firmly in the context of the majesty, passion, and bloody intrigue of the Middle Ages. *The Greatest Knight* features 16 pages of black-and-white and color illustrations.

*The Strange Case of the Dutch Painter*  
Columbia University Press

A monthly register of the most important works published in North and South America, in India, China, and the British colonies: with occasional notes on German, Dutch, Danish, French, Italian, Spanish, Portuguese, and Russian books. *The Greatest Knight* Bela Vivo  
Berlin 1993. Der arbeitslose Skinhead Marco macht - wie viele andere in Deutschland - Einwanderer und Asylanten für seine missliche Lage verantwortlich. Eines Abends trifft er in einer Kneipe auf den jungen Spätaussiedler Dima, der erst vor Kurzem mit seiner Familie von Russland nach Deutschland gezogen ist. Im Gegensatz zu seinem älteren Bruder

Yury ist Dima voller Optimismus und will sich schnell integrieren. Nach einem verhängnisvollen Streit mit Dima und Yury flieht Marco ins Ausland, wo sich ihm eine neue aufregende Welt offenbart.

Zeitgleich holt ihn ein altes Geheimnis ein, das ihn letztendlich mit dem jungen Spätaussiedler Dima verbindet. „Marco und Dima“ handelt von Intoleranz und Ausländerfeindlichkeit, die kurz nach der Wende einen traurigen Höhepunkt erreichte, aber auch von Hoffnung, Veränderung und Selbstfindung. Darüber hinaus ist das Buch eine packende (teils humorvolle) Mischung aus Thriller, Liebesroman und Kulturkunde – mit einem Hauch von Mystery.

Marco und Dima Houghton Mifflin Harcourt Was ist politische Kultur und in welchem Zusammenhang steht sie mit dem Neoliberalismus? Aus einer an Antonio Gramscis Theorie orientierten Untersuchungsperspektive zeigt Angelo Maiolino die politische Kultur als eine hegemoniale Konstellation, deren Werte, Deutungsmuster des Politischen und Sozialen sowie Selbst- und Weltverständnisse mittels Konsens und Zwang stabilisiert und reproduziert

werden. Dabei spielen die unter dem diffusen Titel des Neoliberalismus stattfindenden Wirtschafts- und Gesellschaftspolitiken eine entscheidende Rolle: Sie verlangen nicht nur neue marktkonforme politische und zivilgesellschaftliche Institutionen, sondern auch entsprechende individuelle Verhaltensweisen, aus denen wiederum kollektiv geteilte Werte und Deutungen entstehen, die in ihrer schieren alltäglichen Präsenz unhinterfragt übernommen werden und so in die politische Kultur sedimentieren. Der Neoliberalismus entpuppt sich so als ein wirtschaftliches und politisches Projekt, das auf eine ihn stützende und reproduzierende politische Kultur angewiesen ist.

The Darwin Conspiracy Harper Collins This installment in the New York Times bestselling I Survived series from Lauren Tarshis shines a spotlight on the Normandy landings, just in time for the 75th anniversary of D-Day!

**Migrating Words, Migrating Merchants, Migrating Law** Bantam Rome, 80AD. The Emperor orders the Colosseum to be flooded. There must be

vast battles, spectacular props and epic storytelling. Marcus, manager of the amphitheatre, must face the dangers, mistakes and emotions of the watery depths. His scribe Althea is discovering that careless words may be dangerous, but that desires must be spoken out loud. As the backstage team of the amphitheatre takes on new challenges, a change is coming.

*Harmonia, dat is, Een tsamenstemminghe gemaect vvt de drie evangelisten, navelick Mattheo, Marco, ende Luca* JHU Press

From the author of the bestselling Neanderthal comes this novel of gripping suspense and scientific conquest—a page-turning historical mystery that brilliantly explores the intrigue behind Darwin and his theory of evolution. It's 1831, and aboard HMS Beagle the young Charles Darwin sets off down the English Channel for South America. More than 150 years later, two ambitious scholars pursuing their obsession with Darwin (and with each other) come across the diaries and letters of Darwin's daughter. What they discover is a maze of violent rivalries, petty deceptions, and jealously guarded secrets,

and the extraordinary story of an expedition embarked upon by two men. Only one returned—and changed history forever.

**Minesweeper (Special Forces, Book 2)**

Penguin

Migrating Words, Migrating Merchants, Migrating Law, edited by S. Gialdroni, A. Cordes, S. Dauchy, D. De ruyscher and H. Pihlajamäki, offers a transdisciplinary account of the connections between merchants' journeys, the languages they used and the development of commercial law.

*The Secret of the Yellow Death* BRILL

In 1942, blonde and blue-eyed Milada is taken from her home in Czechoslovakia to a school in Poland to be trained as "a proper German" for adoption by a German family, but all the while she remembers her true name and history.

*Lateinamerika* Scholastic Inc.

"As erotic and powerful as the paintings that inspired it."—Emma Donoghue, author of *Room* Paris, 1927. In the heady years before the crash, financiers drape their mistresses in Chanel, while expatriates flock to the avant-garde bookshop Shakespeare and Company. One

day in July, a young American named Rafaela Fano gets into the car of a coolly dazzling stranger, the Art Deco painter Tamara de Lempicka. Struggling to halt a downward slide toward prostitution, Rafaela agrees to model for the artist, a dispossessed Saint Petersburg aristocrat with a murky past. The two become lovers, and Rafaela inspires Tamara's most iconic Jazz Age images, among them her most accomplished-and coveted-works of art. A season as the painter's muse teaches Rafaela some hard lessons: Tamara is a cocktail of raw hunger and glittering artifice. And all the while, their romantic idyll is threatened by history's darkening tide. Inspired by real events in de Lempicka's history, *The Last Nude* is a tour de force of historical imagination. Ellis Avery gives the reader a tantalizing window into a lost Paris, an age already vanishing as the inexorable forces of history close in on two tangled lives. Spellbinding and provocative, this is a novel about genius and craft, love and desire, regret and, most of all, hope that can transcend time and circumstance. *Neu-vermehrtes historisch- und geographisches allgemeines Lexicon ...*

Vernon Press

Looks at the origins and development of the German jihadist network, which is characterized by an extreme anti-Americanism, impressive international networks and spectacular propaganda.

"All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews for the World War II series *Discover the secret missions behind America's greatest conflicts.* Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA "frogmen" -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls to Fergus to transport a spy into the country -- and that means traveling far from Navy-controlled waters. But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat. National Book Award finalist Chris

Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs.

Wunder-Spiegel Oder Göttliche

Wunderwerck Auß dem Alt- und Neuen Testament W. W. Norton & Company

The Exodus has a risky and combative character that links individuals to their unconscious, to the uncertainty of their reality, and to the possibility of the disturbing event of the incalculable arrival of the Other. This encounter with the unknown does not expect a messianic salvation but a human solution, which is aware that change requires the abandonment of self-referential identities. This eccentricity is more than evasive desertion or escapism, but an experiment with new modes of organizing community that grows on the responsibilities that go with it. This collected volume gathers contemporary philosophical perspectives on the Exodus, examining the story's symbolic potentials and dynamics in the light of current social political events. The imagination of the Promised Land, the figure of the migrant, the provisional and precarious dwelling of the camp, the

promise of a better future or the gradual estrangement from inherited habits are all challenges of our time that are already conceptualized in the Exodus. The authors reaffirm the pertinence of the story by addressing the fundamental link between the ancient narrative and the human condition of the 21st century.

The rise of neo-nationalism is having a profound and troubling impact on leading national universities and the societies they serve. This is the first comparative study of how today's right-wing populist movements and authoritarian governments are threatening higher education. Universities have long been at the forefront of both national development and global integration. But the political and policy world in which they operate is undergoing a transition, one that is reflective of a significant change in domestic politics and international relations: a populist turn inward among a key group of nation-states, often led by demagogues, that includes China and Hong Kong, Turkey, Hungary, Russia, Brazil, the United Kingdom, and the United

States. In many parts of the world, the COVID-19 pandemic provided an opportunity for populists and autocrats to further consolidate their power. Within right-wing political ecosystems, universities, in effect, offer the proverbial canary in the coal mine—a clear window into the extent of civil liberties and the political environment and trajectory of nation-states. In *Neo-nationalism and Universities*, John Aubrey Douglass provides the first significant examination of the rise of neo-nationalism and its impact on the missions, activities, behaviors, and productivity of leading national universities. Douglass presents a major comparative exploration of the role of national politics and norms in shaping the role of universities in nation-states—and vice versa. He also explores when universities are societal leaders or followers: When they are agents of social and economic change, or simply agents reinforcing and supporting an existing social and political order. In a series of case studies, Douglass and contributors examine troubling trends that threaten the societal role of universities, including attacks on civil liberties, free speech, and

the validity of science; the firing and jailing of academics; anti-immigrant rhetoric; and restrictions on visas with consequences for the mobility of academic talent. The book also offers recommendations to preserve the

autonomy and academic freedom of universities and their constituents. Neoliberalism and Universities is written for a broad public readership interested and concerned about the rise of nationalist movements, illiberal democracies, and

autocratic leaders. Contributors: José Augusto Guilhon Albuquerque, Elizabeth Balbachevsky, Thomas Brunotte, Igor Chirikov, Igor Fedyukin, Karin Fischer, Wilhelm Krull, Brendan O'Malley, Bryan E. Penprase, Marijk van der Wende
