### **Memoirs of Sherlock Holmes**

University of  
Chicago Press

'Meticulously  
researched.' - Stewart  
Lamont, Sir Arthur  
Conan Doyle Centre

'Sandford's  
accomplished, well-  
crafted work brings  
Conan Doyle into sharp  
relief as a man of  
scrupulous fairness  
and great integrity.' -  
Library Journal 'Adds a  
new dimension to our  
understanding of the  
creator of Sherlock  
Holmes.' - Hugh

Ashton, author and reviewer When Arthur Conan Doyle was a lonely 7-year-old schoolboy at pre-prep Newington Academy in Edinburgh, a French émigré named Eugene Chantrelle was engaged there to teach Modern Languages. A few years later, Chantrelle would be hanged for the particularly grisly murder of his wife, beginning Doyle's own association with some of the bloodiest crimes of the Victorian and Edwardian eras. This early link between actual crime and the greatest detective story writer of all time is one of many fascinating and sometimes chilling connections. Using freshly available evidence and eyewitness testimony,

Christopher Sandford follows these links and draws out the connections between Doyle's literary output and true crime in a pattern that will enthral and surprise the legions of Sherlock Holmes fans. In a sense, Doyle wanted to be Sherlock - to be a man who could bring order and justice to a terrible world.

[Conan Doyle](#)

Broadview Press  
To Sherlock Holmes she is always the woman. I have seldom heard him mention her under any other name. In his eyes she eclipses and predominates the whole of her sex. It was not that he felt any emotion akin to love for Irene Adler. All emotions, and that one particularly, were abhorrent to his cold, precise but admirably

balanced mind. He was, I take it, the most perfect reasoning and observing machine that the world has seen, but as a lover he would have placed himself in a false position. He never spoke of the softer passions, save with a gibe and a sneer. They were admirable things for the observer—excellent for drawing the veil from men's motives and actions. But for the trained reasoner to admit such intrusions into his own delicate and finely adjusted temperament was to introduce a distracting factor which might throw a doubt upon all his mental results. Grit in a sensitive instrument, or a crack in one of his own high-power lenses, would not be more disturbing than a

strong emotion in a nature such as his. And yet there was but one woman to him, and that woman was the late Irene Adler, of dubious and questionable memory. I had seen little of Holmes lately. My marriage had drifted us away from each other. My own complete happiness, and the home-centred interests which rise up around the man who first finds himself master of his own establishment, were sufficient to absorb all my attention, while Holmes, who loathed every form of society with his whole Bohemian soul, remained in our lodgings in Baker Street, buried among his old books, and alternating from week to week between

cocaine and ambition, the drowsiness of the drug, and the fierce energy of his own keen nature. He was still, as ever, deeply attracted by the study of crime, and occupied his immense faculties and extraordinary powers of observation in following out those clues, and clearing up those mysteries which had been abandoned as hopeless by the official police. From time to time I heard some vague account of his doings: of his summons to Odessa in the case of the Trepoff murder, of his clearing up of the singular tragedy of the Atkinson brothers at Trincomalee, and finally of the mission which he had accomplished so delicately and successfully for the

reigning family of Holland. Beyond these signs of his activity, however, which I merely shared with all the readers of the daily press, I knew little of my former friend and companion.

The Daily Sherlock Holmes Ulverscroft  
A guide to Sherlock Holmes and his various incarnations in literature and film includes entries on every case and character.

**The Poison Belt**  
Fordham Univ Press  
The Adventures of Sherlock Holmes is a collection of twelve short stories by Arthur Conan Doyle, first published on 14 October 1892. It contains the earliest short stories featuring the consulting detective Sherlock Holmes, which had

been published in twelve monthly issues of *The Strand Magazine* from July 1891 to June 1892. The stories are collected in the same sequence, which is not supported by any fictional chronology. The only characters common to all twelve are Holmes and Dr. Watson and all are related in first-person narrative from Watson's point of view. In general the stories in *The Adventures of Sherlock Holmes* identify, and try to correct, social injustices. Holmes is portrayed as offering a new, fairer sense of justice. *The Adventures of Sherlock Holmes* were well received upon their serialisation in *The Strand Magazine*. Following the publication of "A Scandal in Bohemia" in

July 1891, the *Hull Daily Mail* described the story as being "worthy of the inventive genius" of Doyle.

*Sherlock Holmes and the Mysterious Friend of Oscar Wilde*

ReadHowYouWant.com

To celebrate the release of her novel *Barefoot on Baker Street*, Charlotte Anne Walters undertook the task of reading and reviewing one of the original Sherlock Holmes short stories every day until she had completed all 56. The reviews were posted daily on her blog and attracted viewers from all over the world. The reviews are full of humour and Holmesian insight, ending in a score out of ten for each story. This book contains all 56 blogs plus additional material

including reviews of Sir Arthur Conan Doyle's four Holmes novels. Although it was a pleasure for a life-long Holmes admirer to re-visit the stories, trying to do this on top of holding down a busy full-time job and family commitments was a big challenge - resulting in some stressful but comical moments detailed in the blogs. Even Mr Walters couldn't resist throwing in a few comments of his own. Charlotte is donating all her royalties from this publication to the Undershaw Preservation Trust, a charity striving to protect and restore the former home of Sir Arthur Conan Doyle - [saveundershaw.com](http://saveundershaw.com).  
**Beyond the City** The History Press  
The late 1890s saw

Arthur Conan Doyle return to England after several years abroad. His new house, named Undershaw, represented a fresh start but it was also the beginning of a dramatic decade that saw him fall in love, stand for parliament, fight injustice and be awarded a knighthood. However, for his many admirers, the most important event of that decade was the resurrection of Sherlock Holmes - the character that he felt had cast a shadow over his life.  
*World Of Sherlock Holmes* Harpercollins  
The Memoirs of Sherlock Holmes are overshadowed by the event with which they close - the meeting of the great detective and Moriarty, the Napoleon of Crime. Their

struggle, seemingly to the death, was to leave many readers desolate at the loss of Holmes, but was also to lead to his immortality as a literary figure.

Exit Sherlock Holmes

Courier Corporation

A collection of works dealing with the supernatural by Sir Arthur Conan Doyle.

*The Man from Archangel* Adams

Media

My mind rebels at stagnation. Give me problems, give me work, give me the most abstruse cryptogram or the most intricate analysis, and I am in my own proper atmosphere. -Sherlock Holmes, *The Sign of the Four*. Pit your wits against the greatest detective of them all with this collection of fiendish and hugely entertaining puzzles

and enigmas. Some involve riddles, some plays on words, and some rely on mathematical principles. Use your powers of logical deduction, and see if you can match the towering intellect of Sherlock Holmes. Not only does this collection include brilliant puzzles to ponder over, but it presents these quandaries within exchanges between Holmes and Watson. In this way, this puzzle book retains the same cosy Victorian charm that Holmes' tales are so loved for. Featuring the original pen and ink illustrations by Sidney Paget and George Wylie Hutchinson, this gorgeously designed puzzle book will immerse you in

Holmes's mysteries and keep you entertained for hours.

**Sherlock Holmes on the Screen** Viking Press

An informative and entertaining celebration of Sherlock Holmes's creation, assessing his lasting appeal and chronicling the plays and films which featured him.

100 color and 50 black-and-white illustrations.

*Sherlock Holmes and the Houdini Birthright*

Andrews UK Limited

The story of the interrelations of the Denver, Westmacott, and Walker families satirizes life in a small town in Victorian England.

Holy Clues New York : Norton

The last twelve stories Conan Doyle was to write about Holmes and Watson, reflecting

the disillusioned world of the 1920s in which they were written.

The Adventures of Sherlock Holmes

University of Chicago Press

If God is the greatest mystery of them all, then why not, in pursuit of God, consult the greatest detective of them all? In this imaginative and surprisingly profound book, Stephen Kendrick reveals Sherlock Holmes as spiritual guide. Drawing on the teachings of Christianity, Buddhism, and Judaism -- as well as a host of thinkers as varied as Albert Einstein, Ghandi, and Vincent Van Gogh -- Kendrick explores the stories of Sherlock Holmes and finds remarkably prescient religious insights. He shows us the link

between careful observation of clues and the Buddhist concept of "Bare Attention". He illuminates the parallel between the great sleuth's pursuit of justice and God's actions on the scene of the first murder, when Cain slew Abel. And in the detective's open, engaged mind, Kendrick finds a model for uniting the principles of science with a sincere spiritual quest. The result is a book of inspiration for the modern, skeptical searcher -- and an entertaining work that sheds new light on the methods of the world's greatest detective.

World Library's Classic Books and help support our free internet library of downloadable eBooks. Visit us online at [www.1stWorldLibrary.ORG](http://www.1stWorldLibrary.ORG) - - It is imperative that now at once, while these stupendous events are still clear in my mind, I should set them down with that exactness of detail which time may blur. But even as I do so, I am over-whelmed by the wonder of the fact that it should be our little group of the "Lost World" - Professor Challenger, Professor Summerlee, Lord John Roxton, and myself - who have passed through this amazing experience. When, some years ago, I chronicled in the Daily Gazette our epoch-making journey in South America, I little

thought that it should ever fall to my lot to tell an even stranger personal experience, one which is unique in all human annals and must stand out in the records of history as a great peak among the humble foothills which surround it. The event itself will always be marvellous, but the circumstances that we four were together at the time of this extraordinary episode came about in a most natural and, indeed, inevitable fashion. I will explain the events which led up to it as shortly and as clearly as I can, though I am well aware that the fuller the detail upon such a subject the more welcome it will be to the reader, for the public curiosity has been and still is insatiable.

Encyclopedia  
Sherlockiana Routledge  
Stumped by a pair of particularly puzzling cases involving blackmail and death threats against Holmes himself, the noted detective reluctantly accepts the help of Oscar Wilde  
Sherlock Slept Here  
Pantheon  
Nominated for the Edgar Award for Best Fact Crime! This is the shocking and amazing true story of the first female U.S. District Attorney and traveling detective who found missing 18-year-old Ruth Cruger when the entire NYPD had given up. Mrs. Sherlock Holmes tells the true story of Grace Humiston, the lawyer, detective, and first woman U.S. District Attorney who turned her back on New York

society life to become one of the nation's greatest crime-fighters during an era when women were still not allowed to vote. After agreeing to take the sensational case of missing eighteen-year-old Ruth Cruger, Grace and her partner, the hard-boiled detective Julius J. Kron, navigated a dangerous web of secret boyfriends, two-faced cops, underground tunnels, rumors of white slavery, and a mysterious pale man, in a desperate race against time. Brad Ricca's *Mrs. Sherlock Holmes* is the first-ever narrative biography of this singular woman the press nicknamed after fiction's greatest detective. Her poignant story reveals important clues about missing girls, the media, and

the real truth of crime stories. *Mrs. Sherlock Holmes* is a nominee for the 2018 Edgar Awards for Best Fact Crime.

**The Daily Charles Dickens** Hamden, Conn. : Archon Books Details the personal adventures of the Scottish-born doctor-author and the many, revealing parallels between his life and his stories

The Daily Sherlock Holmes Arcturus Publishing

"Dr. Watson, Mr. Sherlock Holmes," said Stamford, introducing us. "How are you?" he said cordially, gripping my hand with a strength for which I should hardly have given him credit. "You have been in Afghanistan, I perceive." "How on earth did you know

that?" I asked in astonishment. "Never mind," said he, chuckling to himself. At that first sight of Watson, Sherlock Holmes made brilliant deductions. But even he couldn't know that their meeting was inaugurating a friendship that would make himself and the good Doctor cultural icons, as popular as ever more than a century after their 1887 debut. Through four novels and fifty-six stories, Arthur Conan Doyle led the pair through dramatic adventures that continue to thrill readers today, offering an unmatched combination of skillful plotting, period detail, humor, and distinctive characters. For a Holmes fan, there are few pleasures

comparable to returning to his richly imagined world—the gaslit streets of Victorian London, the companionable clutter of 221B Baker Street, the reliable fuddlement (and nerves of steel) of Watson, the perverse genius of Holmes himself. It's all there in *The Daily Sherlock Holmes*, the perfect bedside companion for fans of the world's only consulting detective. Within these pages readers will find a quotation for every day of the year, drawn from across the Conan Doyle canon. Beloved characters and familiar lines recall favorite stories and scenes, while other passages remind us that Conan Doyle had a way with description and a ready wit. Moriarty and Mycroft, Lestrade and

Mrs. Hudson; the Hound, the Red-Headed League, the Speckled Band, and the dread Reichenbach Falls—it's all here, anchored, of course, in that unforgettable duo of Holmes and Watson. No book published this year will bring a Holmes fan more pleasure. Come, readers. The game is afoot.

*Sherlock Holmes and the Case of Dr Freud*  
Orion

Sherlock Holmes might have been the epitome of cool reason - 'a calculating machine' in the words of his friend Dr John H. Watson - but the real life of his creator was very different. A man of deep emotion, complex motivation and prodigious energy, Arthur Conan Doyle ended his life an

ardent spiritualist, happy to promote the famous 'Cottingley Fairies' photographs, which are now known to have been faked. Having rejected his Irish family's Catholicism, he could not, for all his scientific training as a doctor, dismiss his gut feeling that there was another dimension to existence. Well before he adopted spiritualism as a religion during the First World War, he dabbled in all aspects of the paranormal, holding seances while a GP in Portsmouth. With his sure understanding of the historical background, Andrew Lycett sets this unfolding story against the intellectual currents of the age, as well as unravelling his subject's internal life. Plagued by an alcoholic

father and stirred on by a domineering mother, Conan Doyle fell into a placid marriage which was rudely interrupted when he fell passionately in love with another woman, just as his first wife contracted the tuberculosis that would kill her. Conan Doyle dealt with these traumatic events by throwing himself even more into his work, taking up various causes (such as the injustice meted out on the solicitor George Edalji - the subject of Julian Barnes's best-selling novel ARTHUR & GEORGE) and immersing himself in a wide range of other activities, including politics, clubland, and sports. His literary output was not confined to the

creation of fiction's most famous detective; Lycett sheds new light on Conan Doyle's horror and occult stories, historical romances, factual histories, and spiritualist tracts. With access to fascinating new material, Lycett gives the most comprehensive, psychologically satisfying and delightfully readable portrait yet of the man who created Sherlock Holmes.
