In this new cooking poem, Jorge Argueta brings us a fun and easy recipe for a yummy salsa. A young boy and his sister gather the ingredients and grind them up in a molcajete, just like their ancestors used to do, singing and dancing all the while. The children imagine that their ingredients are different parts of an orchestra — the tomatoes are bongos and kettledrums, the onion, a maraca, the cloves of garlic, trumpets and the cilantro, the conductor. They chop and then grind these ingredients in the molcajete, along with red chili peppers for the “hotness” that is so delicious, finally adding a squeeze of lime and a sprinkle of salt. When they are finished, their mother warms tortillas and their father lays out plates, as the whole family, including the cat and dog, dance salsa in mouth-watering anticipation. Winner of the International Latino Book Award for Guacamole, Jorge Argueta has once again written a recipe-poem that families will delight in. Each book in the cooking poem series features a talented illustrator from the Latino world. In Salsa the text is complemented by the rich, earthy illustrations of Duncan Tonatiuh, winner of the Pura Belpré Award. His interest in honoring the art of the past in contemporary contexts is evident in these wonderful illustrations, which evoke the pre-Columbian Mixtec codex.

Rondón tells the engaging story of salsa's roots in Puerto Rico, Cuba, Colombia, the Dominican Republic, and Venezuela, and of its emergence and development in the 1960s as a distinct musical movement in New York. Rondón presents salsa as a truly pan-Caribbean phenomenon, emerging in the migrations and interactions, the celebrations and conflicts that marked the region. Although salsa is rooted in urban culture, Rondón explains, it is also a commercial product produced and shaped by professional musicians, record producers, and the music industry. --from publisher description.

This book is designed as an advanced undergraduate or a first-year graduate course for students from various disciplines like applied mathematics, physics, engineering. It has evolved while teaching courses on partial differential equations during the last decade at the Politecnico of Milan. The main purpose of these courses was twofold: on the one hand, to train the students to appreciate the interplay between theory and modelling in problems arising in the applied sciences and on the other hand to give them a solid background for numerical methods, such as

finite differences and finite elements.

Las salsas son, sin lugar a dudas, uno de los elementos clave de la gastronomía. Todo son ventajas: es muy fácil prepararlas, se pueden improvisar con unos pocos ingredientes y son el toque personal del chef. Y disfrutarás elaborándolas. Muchas veces, el secreto de un buen plato está, sobre todo, en la salsa que lo acompaña. Cualquier plato, ya sea dulce o salado, desde un entrecot a un rape pasando por un pastel, mejora con una buena salsa. El broche final más delicioso. De la mano de Iker Erauzkin, autor de El sabor de las flores, aprenderás todos los secretos de las mejores y más imprescindibles salsas.

The Corso: The Real Nuyoricana Salsa Story is a must-read book not just because it's a fantastic and incredible story of success but also it's a historic legacy of how it was at the beginning of the salsa movement. It is narrated firsthand by someone who was there and was an important part of it, if not the most important. Pete Bonet was born in a very humble, extremely poor part of the island of Puerto Rico. Even the police would not go in there. It was

too dangerous. It is a place called El Fanguito, “the Muddy.” His mother, Olga, was abandoned there with her six children, ages fifteen down to a newborn baby. Pedrito, as he was called, was the fourth child; he was six years old when his father left for good. Olga was left alone with no money, no food, no man to protect the family, no government help, no nothing, not even shoes for the kids to go to school. The neighbors would say, “Poor Olga, she's going to die along with all the six kids.” Pedrito left that part of the world at the age of fifteen to go to New York City, not knowing how to say no in English. At the age of twenty-one, Pedro graduated from Central Commercial High School with honors in bookkeeping and business law, typing sixty words a minute without errors. He then took the test in order to enter the United States Air Force and qualified in administration and thus entered the United States Air Force. Upon returning home with an honorable discharge, Pedro went to work for different construction companies as a timekeeper onsite—Marshall Const. Co., Arc Electric Co., Turner Const. Co., Melnick Const. Co., among others. He would go dancing on weekends to different nightclubs in New York City, from the world-famous Palladium Ballroom called the home of the mambo and cha-cha-cha, located on Broadway and Fifty-Third Street, the Manhattan Center on Thirty-Fourth Street, the Hunts Point Palace in the Bronx, and this was where Pete met the love of his life, Margie. They fell in love at first sight while dancing to the wonderful music of Tito Rodriguez and his big band orchestra. They got married six months later and still together today, in the year 2019, fifty-seven years and still counting. Pete Bonet, as he got to be known, got into music by mere chance. He started singing with Alfredivito Valdez and his charanga, then Ray Barretto and his charanga, La Moderna. Then he went with Mongo Santamaria and his orchestra under the musical direction of trumpet player Marty Sheller. He formed his own big band together with the great Louie Ramirez as his arranger and musical director. After a couple of years, he got a call from Tito Rodriguez and went on to sing with the one and only Tito Rodriguez and his big band. Upon Tito Rodriguez's death, he joined the Joe Cuba Sextet. He also sang with the king of Latin music, Tito Puente and his big band, and over forty other Latin orchestras in New York, Hollywood, and Puerto Rico. By reading this book, you will get to appreciate that great era, an extraordinary moment in time, the very beginning when the term “salsa” was born and started to be used instead of all the different names of all that great Cuban music. You will feel all the excitement of non-Latins dancing in clubs like the Corso that most likely will never be repeated again.
