**** USAToday Bestseller **** The founder of Scott's Cheap Flights explains why we're searching for airfare all wrong, shares the strategies that have saved his two million newsletter subscribers a collective \$500 million on airfare, and presents a bold new approach for how to see the world while never overpaying for flights again. When Scott Keyes booked flights to Italy for \$130 roundtrip and Japan for \$169 roundtrip, he didn't just uncover amazing fares; it was the beginning of a new approach that makes travel possible for anyone who has dreamed of seeing the world. What's stopping us all from traveling more? The confusion of buying airfare—not knowing when to book, where to buy, or what to pay. *Take More Vacations* is the guidebook for anyone hoping to turn one annual vacation into three. Readers will discover why the traditional way of planning vacations undercuts our ability to enjoy them, and how a new strategy can lead to cheaper fares and more trips. Why cheap flights never have to be inconvenient flights, and all the steps you can take to get a good fare even when you don't have flexibility. The surprising best week for international travel, and how small airports actually get the best deals. Keyes challenges the conventional wisdom that it costs thousands of dollars to fly overseas and shows readers how to make previously unthinkable trips possible.

If you think that you are too young or too old, or that you do not have enough funds to support world travel, I'm here to share with you the way I did it. I'm just a regular person, like yourself, who was laid off after working at a large financial firm in the US for 11 years. I felt lost. I always wanted to travel the world, but I didn't think I could afford it. However, I was determined to crack the code because the alternative was not an option: I did not want to go back to the corporate world and wanted to live life on my own terms. I set a timetable, but I had no idea what my steps needed to be in order to accomplish my goal of traveling full time. I worked incredibly hard to figure those steps out and I'm sharing them in this book so that more people can feel that sense of freedom I did when I took that taxicab to the airport on my way to my year off-the first of many. In this book, you'll learn the exact steps I took and in the chronological order I took them. This removes guesswork from the equation. Among so many other valuable lessons, you'll learn: -To identify your passions, which will not only accompany you in your travels but will also be your main source of income while on the road.-High level money and investment basics to help you make better financial decisions.-All the not-so-glamorous details
