A small-town baker uses her magic to confront a post-vampire apocalypse world in this award-winning fantasy Neil Gaiman called “pretty much perfect.” Although it had been mostly deserted since the Voodoo Wars, there hadn’t been any trouble out at the lake for years. Rae Seddon, nicknamed Sunshine, head baker

at her family’s busy and popular café in downtown New Arcadia, needed a place to get away from all the noise and confusion—of the clientele and her family. Just for a few hours. Just to be able to hear herself think. She knew about the Others, of course. Everyone did. And several of her family’s best regular customers were from SOF—Special Other Forces—which had been created to deal with the threat and the danger of the Others. She drove out to her family’s old lakeside cabin and sat on the porch, swinging her feet and enjoying the silence and the silver moonlight on the

water. She never heard them coming. Of course, you don’t when they’re vampires. Fans of Buffy the Vampire Slayer and Sookie Stackhouse will cheer for this tough and quirky heroine. In Sunshine, which won the Mythopoeic Fantasy Award for Adult Literature, McKinley has a vampire novel that is “a smart, funny tale of suspense and romance” (San Francisco Chronicle).

Originally published as an award-winning paperback: *A Hike for Mike*. Jeff Alt takes you along on an entertaining adventure on the John Muir Trail with his new wife, Beth. With dust still on his boots from his 2,000-mile Appalachian Trail journey, Jeff

convinces Beth, a woman who prefers hotels, hot showers and warm beds, to chuck her domesticated ways and walk the entire John Muir Trail (JMT). The JMT is over 218-miles of rugged remote mountain terrain, traversing three national parks, including the summit of Mt. Whitney, the highest mountain in the contiguous United States. Jeff is excited that he has finally persuaded his wife to go completely out of her comfort zone and attempt a journey that even seasoned hikers find extremely difficult. When Beth's brother tragically dies by suicide, Jeff feels compelled to take his wife on a hike. He assures her this journey would do her some good. To convince Beth to go on the hike, Jeff shows her some stunning photos of the John Muir Trail (JMT). He highlights pictures of lakes, which Beth loves, and carefully leaves out the word "glacial" when describing the water temperature. They hike as a depression awareness campaign in memory of Beth's brother. Their breathtaking scenic hike is riddled with adventure, humor and inspiration. From the moment they set foot on the trail, the fast paced adventure begins with menacing bears, lightning bolts, a

mountain rescue, the constant threat of mountain lions, food shortages, fascinating characters and altitude sickness. The further they travel down the trail, the more Beth and Jeff discover things they never knew about each other. Initially, Jeff is nervous as to how Beth will adapt to carrying everything on her back, sleeping on the ground, and bathing in ice-cold mountain streams. When Beth debones a freshly cooked trout with her teeth, too hungry to wait for her husband to finish preparing the meal; and later in the evening, unable to take the trail grime encapsulating her body, she jumps into a lake, cold enough to chill beer; Jeff realizes that Beth has become a nomadic survivor. Above 10,000 feet, they discover that Beth can handle the thin air better than Jeff. Not only does Beth complete the expedition, she discovers the joys of backpacking with her husband. They emerge from the trail rejuvenated and still happily married. *The Creaky Knees Guide Washington, 3rd Edition* Delmarva Publications, Inc. Ways to Make Sunshine W. W. Norton & Company

The life of one is judged by many. The stars to be reached are designed by plenty. We find ourselves through journeys of life. The trials and tribulations, the meaningless strife. It's not the faults of others that measure our success. Its the reflection in the mirror that usually amounts to less. As you judge the stars, as you trial and tribulate through strife, measure yourself and reflect your own life.

Dear Reader, Life is great for me. I have my chicory coffee, my warm beignets, and my best friend on the cell phone. Once the sun goes down, I am the baddest thing prowling the night: I command the elements, and I know no fear. For centuries, I've protected the innocent and watched over the mankind, making sure they are safe in a world where nothing is ever certain. All I want in return is a hot babe in a red dress, who wants nothing more from me than one night. Instead, I get a runaway Mardi Gras float that tries to turn me into roadkill and a beautiful woman who saves my life but can't remember where she put my pants. Flamboyant and extravagant, Sunshine Runningwolf should be the perfect woman for me. She wants nothing past tonight, no ties, no long-term commitments. But every

time I look at her, I start yearning for dreams that I buried centuries ago. With her unconventional ways and ability to baffle me, Sunshine is the one person I find myself needing. But for me to love her would mean her death. I am cursed never to know peace or happiness-not so long as my enemy waits in the night to destroy us both. --Talon of the Morigantes

Story for Sunshine; My story started when my father passed away at an early age. Family members were telling stories about him and my grandfather that I had never heard. I was wishing I knew about the stories while my dad was still with us. Alivia or Sunshine was three when I

decided to pass some of my stories, good or bad, and thoughts to her and my son Jason. I just put a few notes on the computer off and on for about ten years. Then I had heart troubles and started to make the notes into the stories. A lady I knew at Church helped me edit the first rough draft and suggested I have it published. So from me to you ... Enjoy!

From Newbery Honor and Coretta Scott King Author Award winner Renée Watson

comes the first book in a young middle grade series about Ryan Hart, a girl who is pure spirit, kindness, and sunshine. Ryan Hart has a lot on her mind--school, self-image, and especially family. Her dad finally has a new job, but money is tight. That means some changes, like selling their second car and moving into a new (old) house. But Ryan is a girl who knows how to make sunshine out of setbacks. As her brother says when he raps about her, she's got the talent that matters most: it's a talent that can't be seen, she's nice, not mean! Ryan is all about trying to see the best in people, to be a good daughter, a good sister, a good friend. But even if her life isn't everything she would wish for, when her big brother is infuriating, her parents don't quite understand, and the unexpected happens, she always finds a way forward, with grace and wit. And plenty of sunshine. Acclaimed author Renée Watson writes her own version of *Ramona Quimby*, one starring a Black girl and her family, in this start to a charming new series.
