The preparation, serving and eating of food are common features of all human societies, and have been the focus of study for numerous anthropologists - from Sir James Frazer onwards - from a variety of theoretical and empirical perspectives. It is in the context of this previous anthropological work that Jack Goody sets his own observations on cooking in West Africa. He criticises those approaches which overlook the comparative historical dimension of culinary, and other, cultural differences that emerge in class societies, both of which elements he particularly emphasises in this book. The central question that Professor Goody addresses here is why a differentiated 'haute cuisine' has not emerged in Africa, as it has in other parts of the world. His account of cooking in West Africa is followed by a survey of the

culinary practices of the major Eurasian societies throughout history - ranging from Ancient Egypt, Imperial Rome and medieval China to early modern Europe - in which he relates the differences in food preparation and consumption emerging in these societies to differences in their socio-economic structures, specifically in modes of production and communication. He concludes with an examination of the world-wide rise of 'industrial food' and its impact on Third World societies, showing that the ability of the latter to resist cultural domination in food, as in other things, is related to the nature of their pre-existing socio-economic structures. The arguments presented here will interest all social scientists and historians concerned with cultural history and social theory.

Calpurnia Virginia Tate is eleven years old in 1899 when she wonders why the yellow grasshoppers in her Texas backyard are so much bigger than the green ones. With a little help from her notoriously cantankerous grandfather, an avid naturalist, she figures out that the green grasshoppers are easier to see against the yellow grass, so they are eaten before they can get any larger. As Callie explores the natural world around her, she develops a close relationship with her grandfather, navigates the dangers of living with six brothers, and comes up against just what it means to be a girl at the turn of the century. Debut author Jacqueline Kelly deftly brings Callie and her family to life, capturing a year of growing up with unique sensitivity and a wry wit. *The Evolution of Calpurnia Tate* is a 2010 Newbery Honor Book and the winner of the 2010 Bank Street - Josette Frank Award. This title has Common Core connections.

E' comodo definirsi scrittori da parte di chi non ha arte né parte. I letterati, che non siano poeti, cioè scrittori stringati, si dividono in narratori e saggisti. E' facile scrivere "C'era una volta..." e parlare di cazzate con nomi di fantasia. In questo modo il successo è assicurato e non hai rompiballe che si sentono diffamati e che ti querelano e che, spesso, sono gli stessi che ti condannano. Meno facile è essere saggisti e scrivere "C'è adesso..." e parlare di cose reali con nomi e cognomi. Impossibile poi è essere saggisti e scrivere delle malefatte dei

magistrati e del Potere in generale, che per logica ti perseguitano per farti cessare di scrivere. Devastante è farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricordi di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime, vere o presunte, di soprusi, parlano solo di loro, inascoltati, pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito, parlo degli altri, vittime o carnefici, che l'aiuto cercato non lo concederanno mai. "Chi non conosce la verità è uno sciocco, ma chi, conoscendola, la chiama bugia, è un delinquente". Aforisma di Bertolt Brecht. Bene. Tante verità soggettive e tante omertà son tasselli che la mente corrompono. Io le cerco, le filtro e nei miei libri compongo il puzzle, svelando l'immagine che dimostra la verità oggettiva censurata da interessi economici ed ideologie vetuste e criminali. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

The Evolution of Calpurnia Tate Simon and Schuster

Ginger Man è la storia di un mostro senza tempo, un diavolo in carne e ossa, un angelo perfido e carismatico. Sebastian Dangerfield è un bel giovanotto e un insaziabile disgraziato, il maschio che ogni donna non può che odiare, con ogni vizio e

pochissime virtù: seduttore, erotomane, ladro, imbroglione, violento, bevitore, ingordo – il tipo che abbandona la moglie con la bambina, ruba i soldi dalla borsetta e va a farsi il giro dei pub, invidiato da qualunque altro uomo perché riesce a farla franca, e a salvare la faccia. Sebastian è americano, ha ventisette anni, è andato a vivere a Dublino al termine della guerra e studia giurisprudenza al Trinity College; è padre e marito, adora blaterare di decoro e di successo, di famiglia e buone maniere, ma passa il tempo a sognare i soldi facili, a inseguire belle gambe e gonnelle da perlustrare, tra be-vute, battute, accessi di rabbia, truffe e sconcezze. È un eroe comico e maledetto al tempo stesso, invaso dal-lo spirito irrefrenabile di una libertà dissennata, maligna, tragica. Ed è un anti-eroe di quel mondo che si an-dava formando dopo il conflitto, smanioso di dimenticare gli orrori, la fatica, il grande rumore della catastro-fe, e insieme un simbolo dei nostri tempi, in fuga costante dalla realtà e dalla responsabilità, eterno egoista, eterno bambino, sperduto e sgomento di fronte al peso e al dolore insopportabile di una vita normale. Pubblicato a Parigi nel 1955 da Olympia Press, bandito negli Stati Uniti e in Irlanda, uscito in Italia nel 1959 in una versione incompleta, *Ginger Man* è considerato oggi un capolavoro e un classico, un continuatore dell'esempio magistrale di Henry Miller e James Joyce, tradotto in decine di lingue e ristampato in centinaia di edizioni, con 45 milioni di copie vendute. Comico, delizioso e indecente, uno di quei libri che rivelano le proprie qualità già dalla prima riga... *Ginger Man* ha dimostrato di saper durare nel tempo, e la sua fama è ancora in crescita». V.S. Naipaul «*Ginger Man* è il romanzo picaresco definitivo: vigoroso, violento, incredibilmente divertente». Dorothy Parker «Un romanzo che ha lasciato il segno

su una intera generazione». The New York Times «Ci sono pochi romanzieri che scrivono a partire da un vero sentimento del mondo contemporaneo, e il migliore è J.P. Donleavy». The New York Times Book Review «Sebastian Dangerfield, l'eroe di *Ginger Man*, è il furfante più oltraggioso della narrativa contemporanea, un giovane fannullone alcolizzato e puttaniere». Tim

A James Beard Award-winning writer captures life under the Red socialist banner in this wildly inventive, tragicomic memoir of feasts, famines, and three generations Born in 1963, in an era of bread shortages, Anya grew up in a communal Moscow apartment where eighteen families shared one kitchen. She sang odes to Lenin, black-marketeered Juicy Fruit gum at school, watched her father brew moonshine, and, like most Soviet citizens, longed for a taste of the mythical West. It was a life by turns absurd, naively joyous, and melancholy—and ultimately intolerable to her anti-Soviet mother, Larisa. When Anya was ten, she and Larisa fled the political repression of Brezhnev-era Russia, arriving in Philadelphia with no winter coats and no right of return. Now Anya occupies two parallel food universes: one where she writes about four-star restaurants, the other where a taste of humble kolbasa transports her back to her scarlet-blazed socialist past. To bring that past to life, Anya and her mother decide to eat and cook their way through every decade of the Soviet experience. Through these meals, and through the tales of

three generations of her family, Anya tells the intimate yet epic story of life in the USSR. Wildly inventive and slyly witty, *Mastering the Art of Soviet Cooking* is that rare book that stirs our souls and our senses.

Charged with comic energy and a steely disregard for any pieties whatsoever, Barney's Version is a major Richler novel, the most personal and feeling book of a long and distinguished career. Told in the first person, it gives us the life (and what a life!) of Barney Panofsky--whose trashy TV company, Totally Useless Productions, has made him a small fortune; whose three wives include a martyred feminist icon, a quintessential JCP (Jewish-Canadian Princess), and the incomparable Miriam, the perfect wife, lover, and mother--alas, now married to another man; who recalls with nostalgia and pain his young manhood in the Paris of the early fifties, and his lifelong passion for wine, women, and the Montreal Canadiens; who either did or didn't murder his best friend, Boogie, after discovering him in bed with The Second Mrs. Panofsky; whose satirical eye for the idiocies of today's Quebec separatists (as well as for every other kind of political correctness) manages to offend his entire acquaintanceship (and will soon be offending readers everywhere); and whose memory--though not his bile--is, in his sixty-seventh year, definitely slipping . . .

A semiautobiographical coming-of-age story, framed by the harrowing 1975 Circeo massacre Edoardo Albinati's *The Catholic School*, the winner of Italy's most prestigious award, The Strega Prize, is a powerful investigation of the heart and soul of contemporary Italy. Three well-off young men—former students at Rome's prestigious all-boys Catholic high school San Leone Magno—brutally tortured, raped, and murdered two young women in 1975. The event, which came to be known as the Circeo massacre, shocked and captivated the country, exposing the violence and dark underbelly of the upper middle class at a moment when the traditional structures of family and religion were seen as under threat. It is this environment, the halls of San Leone Magno in the late 1960s and the 1970s, that Edoardo Albinati takes as his subject. His experience at the school, reflections on his adolescence, and thoughts on the forces that produced contemporary Italy are painstakingly and thoughtfully rendered, producing a remarkable blend of memoir, coming-of-age novel, and true-crime story. Along with indelible portraits of his teachers and fellow classmates—the charming Arbus, the literature teacher Cosmos, and his only Fascist friend, Max—Albinati also gives us his nuanced reflections on the legacy of abuse, the Italian bourgeoisie, and the relationship between sex, violence, and masculinity.

Witty, compelling, and shrewd, Mansfield's *Book of Manly Men* is about resurrecting your inborn, timeless, essential, masculine self. The Western world is in a crisis of discarded honor, dubious integrity, and faux manliness. It is time to recover what we have lost. Stephen Mansfield shows us the way. Working with timeless maxims and stirring examples of manhood from ages past, Mansfield issues a trumpet call of manliness fit for our times. "My goal in this book is simple," he says. "I want to identify what a genuine man does—the virtues, the habits, the disciplines, the duties, the actions of true manhood—and then call men to do it."
