In this assessment, you will be required to answer a few questions correctly. In case, if you find any sort of issues in the CHCCOM005: Communicate and Work in Health or Community Services assessment answer can contact Online Assignment Expert. CHCCOM005: Communicate and Work in Health or Community ...Standard 9: Awareness of Mental Health, Dementia and Learning Disability 9.1a. List how someone may feel if they have: 1. Mental health conditions such as: Psychosis, Depression and Anxiety 2. Dementia 3. Learning Disabilities 9.1b. Explain how these conditions may influence a person's needs in relation to the care that they may require. 9.1c. CARE CERTIFICATE ANSWERS - ANSWERS FOR HEALTH AND SOCIAL CARE Risk assessment is a term used to describe the overall process or method where you: Identify hazards and risk factors that have the potential to cause harm (hazard identification). Analyze and evaluate the risk associated with that hazard (risk analysis, and risk evaluation). Determine appropriate ways to eliminate the hazard, or control the risk when the hazard cannot be eliminated (risk control). Risk Assessment : OSH Answers A health assessment can help identify warning signs of hereditary and hidden illnesses and can provide tests that are not normally available on the NHS unless you are symptomatic. A health assessment is an excellent opportunity to check your current state of health and better understand how you can work towards improving it.
