In 1881, a weary doctor - wounded while serving in the military in Afghanistan - returned to London, only to be introduced to a most unusual young

man who was already making a name for himself as the world's first consulting detective. At that time, the young man and his unique colleague were only just in their late twenties, unaware of their legendary futures... but they would go on to become two of the most famous and recognizable figures in the world: Sherlock Holmes and Dr. John H. Watson. In 1887, Holmes and Watson's first investigation as a team - A Study in Scarlet - was published. The Sign of Four followed in 1890, and then, in 1891, the world was electrified with the publication of The Adventures of Sherlock Holmes in the newly-formed Strand Magazine... and the world would never be the same! Through the remainder of the nineteenth Century and all the way through the twentieth, Holmes and Watson's fame would grow. We're now well into the twenty-first century, yet the much-loved duo are just as popular today - if not even more so. In 2015, The MX Book of New Sherlock Holmes Stories burst upon the scene, featuring stories set within the canon's correct time period, written by the very best of today's Sherlockian authors from around the world. That first anthology, spread over three huge volumes, contained sixty-three stories and was the largest collection of its kind assembled at the time. Response was immediately and overwhelmingly positive, and soon there were calls from fans for additional collections. Over 150 contributors so far have joined together from around the world to produce well over three hundred new adventures to honour Sherlock Holmes, the man described by Watson as "the best and wisest whom I have ever known." We now proudly present Parts XIII, XIV, and XV, three volumes which break the record of the initial triple offering, with an incredible sixty-six new adventures featuring the eternal duo Watson and Holmes. *** Part XIII in the popular MX series of new Sherlock Holmes stories features contributions from Derrick Belanger, Mark Mower, Brenda Seabrook, David Marcum, Robert Stapleton, S.F. Bennett, Edwin A. Enstrom, M.J.H.

Simmonds, Andrew Bryant, Tim Gambrell, Tracy Revels, Hugh Ashton, Sean M. Wright, Marino C. Alvarez, Paul Hiscock, Arthur Hall, Kevin P. Sherlock Holmes - Tangled Skeins e-artnow

These are stories of the sort loved by true fans of the greatest of all detectives, in which a client tells Holmes a strange tale, drawing him into a baffling mystery. Whether in fogbound London or deep in the English countryside, these action-packed stories, set during the 1880s and early 1890s, before Holmes?s disappearance at the Reichenbach Falls, faithfully recreate the atmosphere of Conan Doyle?s early Holmes stories. This wonderful anthology brings together the best work of Denis O. Smith, much admired for his new Sherlock Holmes stories, including `A Hair?s Breadth?, `The Adventure of the Smiling Face? and `An Incident in Society?. Ten of these stories have never previously been published in book form.

Spring 1937. While German Chancellor Adolf Hitler ceaselessly talks of peace, his actions seem deliberately calculated to make the Western allies lose patience. The schizophrenic geopolitical atmosphere even can be felt as far away as Fulworth, England, the home of the retired Sherlock Holmes, where the Steiners, a German migrant couple, have recently found a refuge and have assumed care of the detective's household after the passing of Mrs Hudson. Spying and detective work are far from the thoughts of beekeeping enthusiast Holmes, but the suicide of his protégé - a local youth whose natural talent the detective developed and encouraged for ten years - is a heavy blow. The death without apparent motive has now pulled Holmes back into the world, which has changed dramatically. Steam power has given way to electricity, carriages have been replaced by automobiles, and the skies are dotted with giant airships. The only thing that has remained constant is evil, in the shape of an enemy with whom Holmes first tangled more than forty years ago...

It is impossible to imagine Sherlock Holmes without his trademark deerstalker, Charlie Chaplin bowler-less, the Cat in the Hat missing his striped top hat. A hat is often a crucial aspect of creating a character, but creating the hat itself can pose a daunting task, and students of millinery have difficulty finding up-to-date resources to guide them in the process. The modern novice milliner needs a current resource to which she or he can turn in order to learn the basic principles of the craft. Through the production of the instructional video Thoroughly Modern Millinery, I am creating this much-needed resource for anyone exploring the world of millinery, but with a specific focus toward the micro-discipline of costume production for theatre. Watching this video will allow the viewer to gain a clear understanding of contemporary practices used in modern theatrical millinery. Step-by-step instructions and demonstrations will lead the viewer through three very different hats from start to finish. Through the process of making these three projects, students will acquire the skills necessary for creating many other styles of hats. In other words, this video will provide the building blocks that every milliner needs in order to succeed. Through close-up camera shots of the processes plus accompanying verbal instruction, I will guide my audience through the process of interpreting a two-dimensional rendering and creating a wearable accessory for the stage. My goal is for my video to become the new "go-to" resource for milliners. With the introduction to a wide variety of products and techniques, Thoroughly Modern Millinery will be an essential addition to costume shops, classrooms, and studios.

Sherlock Holmes's investigations were not always the neat and self-contained stories that were presented for publication. As Watson writes in his "Foreword": Holmes's cases overlapped one another considerably, often with the next beginning while the current was still in motion. Some moved linearly from start to finish without interruption, while others stretched, a piece here and a piece there, across weeks, months, or even years and decades. There are cases from the past that resonated into the present, or times when Holmes's path was detoured from the middle of one case into a completely different matter without warning. A few never reached any conclusion at all. Sometimes ... Holmes would find himself surrounded by the returning ripples of a matter that he had believed to be concluded years earlier, with the guilty miscreant supposedly far behind him. Watson chose the stories in this collection to represent this tangled skein. Join us as we ascend the seventeen steps to the sitting room at 221b Baker Street, discovering cases that range from Holmes's earliest days in practice to his activities during his supposed retirement on the South Downs of Sussex. The game is afoot!

2017 is the 130th anniversary of the publication of A Study in Scarlet, the first recorded adventure of Sherlock Holmes and Dr. John H. Watson. What an amazing journey it's been! In addition to the pitifully few sixty tales originally presented in The Canon, published between 1887 and 1927, there have been literally thousands of additional Holmes adventures in the form of books, short stories, radio and television episodes, movies, manuscripts, comics, and fan fiction. And yet, for those who are true friends and admirers of the Master Detective of Baker Street, where it is always 1895 (or a few decades on either side of that!) these stories are not enough. Give us more! In 2015, The MX Book of New Sherlock Holmes Stories burst upon the scene, featuring stories set within the correct time period, and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received, and there were soon calls for additional collections. Since then, the popularity has only continued to grow. Two more volumes were released in 2016, and this the first of two planned for 2017 - with no end in sight! The thirty-five stories in this volume - now bringing the total number of narratives and participating authors in this series to well over one-hundred! - represent some of the finest new Holmesian storytelling to be found, and honor the man described by Watson as "the best and wisest ... whom I have ever known." All royalties from this collection are being donated by the writers for the benefit of the preservation of Undershaw, one of the former homes of Sir Arthur Conan Doyle. Part VI: 2017 Annual features contributions by: Bob Byrne, Julie McKuras, Derrick Belanger, Robert Perret, Deanna Baran, G.C. Rosenquist, Hugh Ashton, David Timson, Shane Simmons, Stephen Wade, Mark Mower, David Friend, Nick Cardillo, Roger Riccard, S. Subramanian, Carl L. Heifetz, Geri Schear, S.F.
