House Rabindranath Tagore reinvented the Bengali novel with Farewell Song, blurring the lines between prose and poetry and creating an effervescent blend of romance and satire. Through Amit and Labanya and a brilliantly etched social milieu, the novel addresses contemporary debates about 'good' and 'bad' writing, the nature of love and conjugality, and the

influence of Western culture on Bengali society. Set against the idyllic backdrop of Shillong and the mannered world of elite Calcutta society, this sparkling novel expresses the complex vision and the mastery of style that characterized Tagore's later works. Tagore was not only an immensely versatile poet; he was also a great short story writer, novelist, playwright, essayist, and

 A towering figure in twentieth-century theatre in India, Habib Tanvir was an actor, director and playwright, working in Hindi and Urdu. He founded Naya Theatre in 1959, through which he created remarkable works, drawing on the history and traditions

of the tribal folk of Chhattisgarh. This book brings together four of his most significant plays. *Agra Bazar* (1954), set amid the bustle of a colourful street market, is woven together by the wonderfully human voice of the poet Nazir, and examines important cultural and socioeconomic issues of the period. *Charandas Chor* (1975), Tanvir's most famous work, is about a folk

hero who robs the rich and evades the law until he comes up against one wall he cannot scale--his own commitment to the truth. In *Bahadur the Wine-Seller* (1978), Tanvir reinvents a nearly forgotten Chhattisgarh folk tale about a mother-son relationship in which he finds a echoes of Oedipus, while in *The Living Tale of Hirma* (1985), he dramatizes a historical event in which a headstrong ruler of an Indian tribe

clashes with a population who want to replace the tribal way of life with newfound ideals of democracy. Enriched by introductory texts and an intensive interview with Tanvir that covers the milestones of his illustrious career, the book will be the perfect introduction to Tanvir's work for English-language theatre fans and scholars--

R. K. Narayan (1906—2001)

witnessed nearly a century of change in his native India and captured it in fiction of uncommon warmth and vibrancy. The title character

in The English Teacher, Narayan's most autobiographical novel, searches for meaning when the death of his young wife deprives him of his greatest source of happiness. This pioneering novel, luminous in its detail and refreshingly free of artifice, is a gift to twentieth-century literature.

A Simple

Account of the World History 'Glimpses of the World History' is an account of the progress of the world through centuries and ages. This book is a collection of letters that Jawaharlal Nehru wrote to his daughter Indira when he was in various Indian prisons for three years. The letters were meant to introduce her to the world and its history. In the first few letters, Nehru expresses his

sadness for not being able to be around his daughter and give her the materialistic gifts that other parents could but he promises to give her a gift that he could afford; in the form of knowledge and wisdom through words that come from the very core of his heart. Nehru wrote 196 letters and covered the history of mankind from 6000 BC to the time he was writing the letters. Tales of

Empires A major part of these letters talks extensively about the rise and fall of empires around the world and development of civilizations as well. Nehru talks about the histories of every significant place ranging from Greece in the far West to China in the east. The book talks about the wars that were fought

during these years and the greatest revolutions that overthrew established dynasties. Nehru has also written about the legendary leaders and kings who have walked the earth including right from Alexander the Great to Mahatma Gandhi. A Different View Unlike many

other books that talk more or less about particular history of specific cultures, this book is a panoramic view of the history of mankind. It talks about the barbarians as well as the well behaved societies in the far west. Nehru has written this book with lot of wit which makes it an interesting read.
