Annotation copyri Arts & Crafts for the Classroom Boyds Mills Press More than 1,200 activities that engage every type of learner by one of Gryphon House's best-selling authors. *Paper Crafts* Gospel Light Publications Directions for tree ornaments, cards, and gifts to make at Christmas. *Meaning in Crafts* Prentice Hall Originally published in 1952, this title looks at how various creative crafts were taught in school and whether this had the ability to eventually transform our social environment. The author looks at craft education first in the primary years and then in adolescence, she goes on to examine specific crafts in more detail. Art Projects Made Easy Teacher Created Resources Capture the spirit of Indonesia—a colorful country between the Indian Ocean and the South Pacific—by making these easy country recipes and crafts. Find out about some of Indonesia's unique animals, plants, and festivals as you cook and craft your way through the country. Learn

the many ways that Indonesians prepare rice, and find out how to make their favorite “fast food.” Sculpt a venomous Komodo dragon, a reptile that can run faster than many people can ride a bike. Make a rain stick and a paper flower to celebrate the rain forest. Put on a shadow puppet show for your family and friends with a puppet of the evil King Ramayana, then put it to

music with the musical instruments you make from ordinary household supplies. Indonesian artisans weave fabric with designs so intricate it takes them months, sometimes years, to finish. Now you can try your hand at weaving, too. You can also dye a T-shirt using the ancient art of batik. With a few art supplies, a large bag of rice, and a dash of curiosity, you can host your

own Indonesian selamatan (party)! **175 Easy-to-do Christmas Crafts** WCB/McGraw-Hill Kathy Ross provides more guaranteed-to-success projects for the beginning crafter in the Holiday Crafts for Kids series. Young children can make the easy projects in these books, using materials that are readily available. 22 fun projects for kids help them learn about Kwanzaa.

A Box Full of Tales Chicago Review Press
This second-

edition text is a conceptual and practical guide to creating a whole-child curriculum organized into three parts: Child Development, The PLAN Curriculum, and The Environment. Featuring the author's PLAN model Play, Learning, the Arts, and Nurturing this early childhood curriculum system effectively connects and integrates theory, philosophy, and practice and advocates

an open, interactive, child-centered environment. The PLAN environment is particularly appropriate for the diverse needs of all children in early childhood settings. The text also focuses on the role and responsibilities of teachers in nurturing learning, establishing values, and addressing the full needs of the child.

In this very

special book, teachers, parents and care givers will be exposed to hundreds of age-appropriate activities for young children through grade 5?all aimed at promoting creativity through art activities across the curriculum. The author presents a wealth of information about developing creativity in children and in their adult educators with such activities as art and

food recipes, finger plays, and poems and through the use of such resources as book and software lists, advice for choosing children's books, hundreds of resource Web sites and much more. Readers will appreciate the sound theoretical base presented for the hundreds of practical activities designed to encourage creativity in children and their educators.

?This One's for You? and ?Think About It? sections make the text more interesting by expanding coverage to related, thought-provoking research in early childhood education. This book is a must have for those looking to bring creativity to young children in a very engaging way. *Sing, Spell, Read & Write* WorthyKids Designed for public librarians, school media

specialists, teachers, and anyone with an interest in supporting teen literacy, this book features 133 nonfiction booktalks to use with both voracious and reluctant teen readers. These booktalks cover a wide and varied range of nonfiction genres, including science, nature, history, biography, graphic novels, true crime, art, and much more. Each includes a set of

discussion questions and sample project ideas which could be easily expanded into a classroom lesson plan or full library program. Also included are several guidelines for classroom integration, tips for making booktalks more interactive and interesting, and selections for further reading. **Fun Activities for Playful Learning** Libraries Unlimited
