Ensure you are thoroughly prepared to work in the rapidly evolving world of nursing. Written by expert authors Barbara Cherry and Susan Jacob *Contemporary Nursing: Issues, Trends, & Management*, 8th Edition provides an overview of both issues within nursing practice and topics facing today's nurse managers and leaders. The 20th anniversary edition of this comprehensive guide emphasizes the importance of working in an interdisciplinary environment and takes you through the evolution of nursing, safe and effective decision-making, the nursing role, collaboration and communication, leadership, and job opportunities. New to this edition is coverage of health issues affecting the LGBTQ community, hospice care, how to respond to active shooter events, and a number of other timely issues affecting healthcare and nursing practice today. UPDATED Content on incivility, bullying and workplace violence, provides a short scenario

about issues you might face in practice. Key terms, learning outcomes, chapter overviews, and chapter summaries help you focus your learning experience. Unit on Leadership and Management in Nursing includes content to prepare nurses to effectively function in the management roles expected of the professional nurse. Unit on Career Management provides strategies on how to make the transition from student to practitioner and tips on how to pass the NCLEX-RN Examination. Case studies help you apply theory to clinical practice. Vignettes at the beginning of each chapter personalize nursing history and practice and help you to understand your place in the profession. Questions to Consider While Reading This Chapter follow the vignettes and prepare the reader for the topic to be discussed. Humorous cartoons open each chapter to illustrate the chapter themes. Full-color design enhances the narrative with a clear, visually appealing explanation of concepts.

Online + Book John Wiley & Sons

This anthology offers the first serious, broad-ranging collection of English translations of significant Latin American contributions to social and political thought spanning the last forty years. Iván Márquez has judiciously selected narratives of resistance and liberation; ground-breaking texts in Latin American fields of inquiry such as liberation theology, philosophy, pedagogy, and dependency theory; and important readings in guerrilla revolution, socialist utopia, and post-Cold War thought, especially in the realms of democracy and civil society, alternatives to neoliberalism, and nationalism in the context of globalization. Highlighting the vitality, diversity, and originality of Latin American thought, this anthology will be invaluable for students and scholars across the social sciences and humanities.

Power System Protection in Smart Grid Environment Prabhat Prakashan

Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

Digital Solutions for Contemporary Democracy and Government IGI Global

With distributed generation interconnection power flow becoming bidirectional, culminating in network problems, smart grids aid in electricity generation, transmission, substations, distribution and consumption to achieve a system that is clean, safe (protected), secure, reliable, efficient, and sustainable. This book illustrates fault analysis, fuses, circuit breakers, instrument transformers, relay technology, transmission lines protection setting using DIGsILENT Power Factory. Boone 18e offers a comprehensive approach to the material that will cater to a wide variety of students with different learning needs. Up-to-date content is vital to any Intro to Business course and Boone 18e with its contemporary style, wealth of new examples, and hot business topics can deliver that currency.

Bright Tutee

ETHICS: THEORY AND CONTEMPORARY ISSUES, 8E CONCISE presents the major areas of ethical theory through an engaging collection of contemporary moral debates. First, readers are introduced to such ethical subjects as religion and global ethics, utilitarianism and deontology, natural law ethics, virtue ethics, non-Western paradigms, feminist ethics, and care ethics. Then, these and other ethical concepts provide the framework for in-depth discussions on moral dilemmas such as euthanasia, sexual morality, economic justice, animal ethics, war, violence, and globalization. Plus, this edition brings the debate up-to-date with detailed discussions of timely moral topics such as same-sex marriage, structural racism, factory farming, pacifism, and global distributive justice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

CRC Press

A remarkable exploration of the best in written works from around the world is at the heart of an amazing new literature series from respected educator and author, Dr. James Stobaugh. Contains concept building exercises for warm-up, suggested reading lists and schedules, writing activities for enrichment, biblical applications and special project and critical thinking exercises.

Comprehensive and complete to allow for a year's worth of study. Structured to standalone or be integrated into a comprehensive curriculum, designed to present a strong sample of literature to help the Christian student from a strong and biblical worldview.

AP U.S. History For Dummies Cengage Learning

ARCHETYPES OF WISDOM, 9E uses a historical approach to bring philosophy to life through lively narratives, engaging illustrations, and a student-friendly writing style. Using its signature conversational prose, the textbook guides students through the lives and works of history's greatest philosophers, drawing from both canonical primary sources and the latest philosophical critiques. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Public Finance: A Contemporary Application of Theory to Policy Routledge

Numerical and statistical methods have rapidly become part of a palaeolimnologist's tool-kit. They are used to explore and summarise complex data, reconstruct past environmental variables from fossil assemblages, and test competing hypotheses about the causes of observed changes in lake biota through history. This book brings together a wide array of numerical and statistical techniques currently available for use in palaeolimnology and other branches of palaeoecology. Visit <http://extras.springer.com> the Springer's Extras website to view data-sets, figures, software, and R scripts used or mentioned in this book.

British Literature-Student CCH

Contemporary Tax Practice: Research, Planning and Strategies will change the way you teach your tax research course, and the way future professionals learn how to perform tax research. This all

new text provides a solid foundation of tax research skills by teaching the nuances of conducting tax research in today's environment. The book then provides exposure to frequently encountered tax planning topics and strategies, better preparing users for their future in tax practice.

Contemporary Marketing John Wiley & Sons

Popular author and seasoned economist Dr. David Hyman delivers a solid economics-oriented approach to public finance and public policy. The 11th edition of PUBLIC FINANCE thoroughly illustrates the role government plays in the economy and explains how and why the public sector makes decisions. Packed with timely, real-world examples, PUBLIC FINANCE sparks lively discussion and debate with its coverage of such hot topics as national defense and homeland security, pollution rights, Social Security reform, federal tax reform, and the Iraq war. In addition, it includes numerous study tools and exercises to help students sharpen their economic acumen. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Research, Planning and Strategies Rowman & Littlefield

The Instructor's Wraparound Edition provides comprehensive instructional support for Contemporary Economics. The lesson-plan format is incorporated right in the margins, providing the tools you need to lead students from learning to applying to owning the economic material. All solutions are included in the margins, as well as additional ideas, background, and projects for different learning styles and ability levels. Unit Overviews contain pacing guides and identify coverage of NCEE standards in the upcoming chapters.
