 The Sword of Allah: Khalid Bin Al-Waleed, His Life and Campaigns
 Khalid bin Al-Waleed was one of the greatest generals in history, and one of the greatest heroes of history. Besides him, Genghis Khan was the only other general to remain undefeated in his entire military life. Khalid was sent to the Persian Empire with an army consisting of 18,000 volunteers to conquer the richest province of the Persian empire, Euphrates region of lower Mesopotamia, (present day Iraq). Khalid entered lower Mesopotamia with this force. He won quick victories in four consecutive battles: the Battle of Chains, fought in April 633; the Battle of River, fought in the third week of April 633; the Battle of Walaja, fought in May 633 (where he successfully used a double envelopment manoeuvre), and Battle of Ullais, fought in the mid-May 633. In the last week of May 633, al-Hira, the regional capital city of lower Mesopotamia, fell to Khalid. The inhabitants were given peace on the terms of annual payment of jizya (tribute) and

agreed to provide intelligence for Muslims. After resting his armies, in June 633, Khalid laid siege to Anbar which despite fierce resistance fell in July 633 as a result of the siege imposed on the town. Khalid then moved towards the south, and captured Ein ul Tamr in the last week of July, 633.

great work of the famous historian Ibn Kathir. "We are relating unto you the most beautiful of stories in that what We have revealed to you, though before it you were from among those who were not aware of them. We have indeed sent aforetime Messengers before you, of them there are some whose stories We have related to you, and whose stories We have not related to you. We relate to you the important news of their story in truth. There is, indeed, in their stories lessons for people endowed with understanding. It is not any invented tale, but a confirmation of what went before it, and a detailed exposition of all things, and a guide and a mercy to the people who believe." *Women Around the Messenger* Createspace Independent Publishing Platform

This book was originally written by Ibn Kathir over 1300 years ago in many languages. Many writers copied his writing. All of Ibn Kathir's books can be found in Mecca's Library. He has written over 60,000 pages and he was blind. Amazing! In recent times things have become very confusing and we have begun to see in book stores and on websites speculations about future events. Sometimes you hear about the appearance of the false Messiah, sometimes you hear that the final battle between the Good and the Evil is close at hand, other time you hear something happening in the East or in the West. So, learn about the Final hour and it signs by reading this book which is backed by proofs from the Quran, Bible, and the Torah.

The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslims jurist to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifa (d 150H/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated into English by Charles Hamilton in 1791. Around 70 huge commentaries, some spread over more than a dozen volumes have been written on it. The

number of explanatory glosses is in thousands. Comprehensive in content and conveniently organized, with the publication of this all previous works that discussed Islamic jurisprudence according to the Hanafi law become outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of the Hidayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written. The author, Shaykh Al Islam, Burhan Al-Din Marghanani (d 593 AH/ 1197 CE) was considered to be the leading jurist of the Muslim world in his times. "The hidayah is justly celebrated as the most practical and useful summary compilation of Hanafi jurisprudence. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated by Charles Hamilton in 1791. A new translation into modern English has been long overdue. This translation by Imran Ahsan Khan Nyazee is both precise and straight forward. With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he has conveyed the meaning of the original with great clarity. The hidayah is a dense work, intended for use in teaching Hanafi fiqh - it is a work that needs explication if its arguments are to be understood fully. This the translator has provided through this valuable notes" Dr Mohammad Akram Nadwi, research fellow, Oxford centre for Islamic studies, Oxford
