Speech Minister of State, Office of the Vice President presenting before the Parliament the expenditure estimates of the Office of the Vice President.

Mkakati wa tatu taifa wa kudhibiti ukimwi Tanzania

Machine translation has become increasingly popular, especially with the introduction of neural machine translation in major online translation systems. However, despite the rapid advances in machine translation, the role of a human translator remains crucial. As illustrated by the chapters in this book, man-machine interaction is essential in machine translation, localisation, terminology management, and crowdsourcing translation. In fact, the importance of a human translator before, during, and after machine processing, cannot be overemphasised as human intervention is the best way to ensure the translation quality of machine translation. This volume explores the role of a human translator in machine translation from various perspectives, affording a comprehensive look at this topical research area. This book is essential reading for anyone involved in translation studies, machine translation or interested in translation technology.

Mpango wa maendeleo wa mwaka ...

The idea for this book has grown out of an engagement with Mafia Island, Tanzania over the last forty-five years, during which time I have made seven research trips there, and published numerous articles and books. Some people on the island have become close friends, indeed quasi-kin, and I have been closely involved in their lives. One such person, whom I knew when he was an adolescent back in 1965, was Mikidadi Kichange, who treated me as his older sister for all the years of our friendship, until his untimely death in 2002. Apart from our meetings when I was in Tanzania, he shared through regular letters his education, training in forestry, national service, marriage and the birth of two daughters, the care of many children of relatives, his employment and his founding of an NGO for the betterment of

the island. Although Mikidadi never managed to return to full-time education as he had wished, he read widely in Swahili, English and Arabic. By the time of our last meeting in the summer of 2002, when we worked together for several months on Mafia, he had become a colleague and interlocutor, as well as a 'younger brother' and friend. Since his unexpected death in the autumn of 2002 at the age of 49 I have considered how he might be remembered by the writing of a book about his life which would also illustrate the profound changes which have taken place on Mafia Island, and in Tanzania more widely since independence. I would call this work biographical history, as well as historical biography in which the lives of ordinary people reveal their struggles, constraints, and, as in this case, an extraordinary ability to overcome their circumstances.

Makuadi wa soko huria

The handbook provides guidance for national and local policymakers on the management of their assets in support of the 2030 Agenda for Sustainable Development. In clear and accessible language, it introduces the reader to the basic principles of managing physical assets like equipment and machinery, public land, buildings and infrastructure facilities in the most cost effective and sustainable manner. It introduces a number of practical and field-tested tools to help local and central governments assess their asset management needs and develop comprehensive and proactive asset management frameworks, policies and strategies. The publication places special emphasis on far-sighted and effective actions that integrate financial, lifecycle and demand aspects of asset management. Topical deep dives cover the implications of Covid-19 and climate change on asset management; measures that help build statistical and data capacity as well as guidance on creating an enabling environment for local asset management at the national level. Short case studies, practical exercises and references to reading materials throughout the book aim to further contextualize the content and engage the reader.

Taarifa ya semina elekezi kwa viongozi na watendaji wakuu wa serikali ya jamhuri ya muungano wa Tanzania, 13-17 Machi, 2006

The official records of the proceedings of the Legislative Council of the Colony and Protectorate of Kenya, the House of Representatives of the Government of Kenya and the National Assembly of the Republic of Kenya.
