Snow Day Yearling

A journey into one of the most fascinating minds alive today—guided by the owner himself. Bestselling author Daniel Tammet (Thinking in Numbers) is virtually unique among people who have severe autistic disorders in that he is capable of living a fully independent life and able to explain what is happening inside his head. He sees numbers as shapes, colors, and textures, and he can perform extraordinary calculations in his head. He can learn to speak new languages fluently, from scratch, in a week. In 2004, he memorized and recited more than 22,000 digits of pi, setting a record. He has savant syndrome, an extremely rare condition that gives him the most unimaginable mental powers, much like those portrayed by Dustin Hoffman in the film Rain

Man. Fascinating and inspiring, *Born on a Blue Day* explores what it's like to be special and gives us an insight into what makes us all human—our minds.

BELLETRIST'S AUGUST 2020 BOOK PICK "[Mackintosh's] writing is clear and sharp, with piercing moments of wisdom and insight that drive toward a pitch-perfect ending...*Blue Ticket* adds something new to the dystopian tradition set by Orwell's 1984 or Atwood's *The Handmaid's Tale*." --New York Times Book Review From the author of the Man Booker Prize longlisted novel *The Water Cure* ("ingenious and incendiary"--*The New Yorker*) comes another mesmerizing, refracted vision of our society: What if the life you're given is the wrong one? Calla knows how the lottery works. Everyone does. On the day of your first bleed, you report to the station to learn what kind of woman you will be. A white ticket grants you marriage and children. A blue ticket grants you a career and freedom. You are relieved of the terrible burden of choice. And once you've taken your ticket, there is no going back. But what if the life you're given is the wrong one? When Calla, a blue ticket woman, begins to question her fate, she must go on the run. But her survival will be dependent on the very qualities the lottery has taught her to question in herself and on the other women the system has pitted against her. Pregnant and desperate, Calla must contend with whether or not the lottery knows her better than she knows herself and what that might mean for her child. An urgent inquiry into free will, social expectation, and the fraught space of motherhood, *Blue Ticket* is electrifying in its raw evocation of desire and riveting in its undeniable familiarity.

It takes a lot to be an "amazing lady" but--fortunately for us all--they exist in many walks of life. These remarkable women endear themselves to us in dozens of ways, and they bless us with all the beautiful things they generously bring to our daily lives. Those who are lucky enough to have an amazing lady in their life will know exactly who this book is for. Her name and face will come to mind as soon as they read the title and hold the book in their hands. This is a golden opportunity for them to share the message, express the thanks, and inspire a wealth of smiles... all with one exquisite book--lovingly given--to a very amazing lady. *A Day in the Life of a Poo, a Gnu, and You* Simon and Schuster A luminous narrative inspired by the fascinating real case of "the Blue People of Kentucky" that probes questions of identity, love, and family. In 1937, there are recesses in Appalachia no outsiders have ever explored. Two government-sponsored documentarians from Cincinnati, Ohio—a writer and photographer—are dispatched to penetrate this wilderness and record what they find for President Roosevelt's Works Progress Administration. For photographer Clay Havens, the assignment is his last chance to reboot his flagging career. So when he and his journalist partner are warned away from the remote Spooklight Holler outside of town, they set off eagerly in search of a headline story. What they see will haunt Clay into his old age: Jubilee Buford, a woman whose skin is a shocking and unmistakable shade of blue. From this happenstance meeting between a woman isolated from society and persecuted her whole life, and a man accustomed to keeping himself at lens distance from others,

comes a mesmerizing story in which the dark shades of betrayal, prejudice, fear, and guilt, are refracted along with the incandescent hues of passion and courage. Panning across the rich rural aesthetic of eastern Kentucky, *The Last Blue* is a captivating love story and an intimate portrait of what it is like to be truly one of a kind.

The Five People You Meet in Heaven Random House

"Fascinating . . . memorable . . . revealing . . . perhaps the best of Carl Sagan's books."—The Washington Post Book World (front page review) In *Cosmos*, the late astronomer Carl Sagan cast his gaze over the magnificent mystery of the Universe and made it accessible to millions of people around the world. Now in this stunning sequel, Carl Sagan completes his revolutionary journey through space and time. Future generations will look back on our epoch as the time when the human race finally broke into a radically new frontier—space. In *Pale Blue Dot*, Sagan traces the spellbinding history of our launch into the cosmos and assesses the future that looms before us as we move out into our own solar system and on to distant galaxies beyond. The exploration and eventual settlement of other worlds is neither a fantasy nor luxury, insists Sagan, but rather a necessary condition for the survival of the human race. "Takes readers far beyond *Cosmos* . . . Sagan sees humanity's future in the stars."—Chicago Tribune

#1 NEW YORK TIMES BESTSELLER • "Get ready to be swept up in a whirlwind romance. It absolutely charmed me."—Reese Witherspoon (A Reese Witherspoon Book Club Pick) "The perfect book to get lost in . . . Josie Silver's characters sneak their way into your heart and stay."—Jill Santopolo, author of *The Light We Lost* Two people. Ten chances. One unforgettable love story. Laurie is pretty sure love at first sight doesn't exist anywhere but the movies. But then, through a misted-up bus window one snowy December day, she sees a man who she knows instantly is

the one. Their eyes meet, there's a moment of pure magic...and then her bus drives away. Certain they're fated to find each other again, Laurie spends a year scanning every bus stop and cafe in London for him. But she doesn't find him, not when it matters anyway. Instead they "reunite" at a Christmas party, when her best friend Sarah giddily introduces her new boyfriend to Laurie. It's Jack, the man from the bus. It would be. What follows for Laurie, Sarah and Jack is ten years of friendship, heartbreak, missed opportunities, roads not taken, and destinies reconsidered. One Day in December is a joyous, heartwarming and immensely moving love story to escape into and a reminder that fate takes inexplicable turns along the route to happiness.

A moving picture book debut about depression, sensory awareness, and the power of listening, from psychologist and author of *Teaching Kids to be Kind*. Coen is having a sniffing, sighing, sobbing kind of day. His family thinks they know how to cheer him up. His dad wants to go outside and play, Mom tells her funniest joke, and his little sister shares her favorite teddy. Nothing helps. But one by one, they get quiet and begin to listen. After some time, space, and reassurance, Coen is able to show

them what he needs. With poignant text and stunning illustrations, *A Blue Kind of Day* explores how depression might feel in the body and shows us how to support the people we love with patience, care, and empathy.

NOW A SHOWTIME ORIGINAL TV SERIES • A "bold, absorbing novel" (The New York Times Book Review) of the lost American dream, the acts of friendship, loyalty, and love that arise from its loss, and two young men, bound to their hometown, who crave an escape. "Powerful . . . gripping . . . in the tradition that stretches from Ernest Hemingway to Cormac McCarthy."—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • The Washington Post • Economist • Pittsburgh Post-Gazette • Newsweek • Kansas City Star • Idaho Statesman Left alone to care for his aging father after his mother dies by suicide and his sister escapes to Yale, Isaac English longs for a life beyond his hometown, a beautiful but economically devastated Pennsylvania steel town. But when he finally sets out to leave for good, accompanied by his

temperamental best friend, former high school football star Billy Poe, they are caught up in a terrible act of violence that changes their lives forever. Evoking John Steinbeck's novels of restless lives during the Great Depression, *American Rust* takes us into the contemporary American heartland at a moment of profound unrest and uncertainty about the future. It is a dark but lucid vision, a moving novel about the bleak realities that battle our desire for transcendence and the power of love and friendship to redeem us.

A landmark book by marine biologist Wallace J. Nichols on the remarkable effects of water on our health and well-being. Why are we drawn to the ocean each summer? Why does being near water set our minds and bodies at ease? In *BLUE MIND*, Wallace J. Nichols revolutionizes how we think about these questions, revealing the remarkable truth about the benefits of being in, on, under, or simply near water. Combining cutting-edge neuroscience with compelling personal stories from top athletes, leading scientists, military veterans, and gifted artists, he shows how proximity to water can improve performance, increase calm, diminish anxiety, and increase professional success. *BLUE MIND* not only illustrates the crucial importance of our connection to water-it provides a paradigm shifting "blueprint" for a better life on this Blue Marble we call home.
