Goodbye, Asshat
Simon and Schuster
This book will introduce
you to a broad range of

speech starters, using dozens of real-life examples and original suggestions. You will find opens intended to surprise, persuade, motivate, engage, and amuse your audiences. Some tell a story, others help frame your topic, and a few rely on modern technology. *Goodbye, Mr. Chips* Little, Brown Poetry. "Deborah Meadows' GOODBYE TISSUES constructs a conduit connecting the sharpened margins of the cleaved world. Whose voice can converse with her 'speech's speech' emitting from the inward-spiral of security and denial--a place of 'toxic outflow beyond fruitful bounty'? Meadows posits a 'poetational' reply--one that is urging both a

hyperrational poetic thought and identification with an a-national community. An intensely thoughtful and thought-provoking investigation, GOODBYE TISSUES leads the reader away from no-thought discourse ('intelligence as it's called') into response-ability ('A thing should be repaired by the one who made it . . .') and toward possibility where "part of its essence acquires another, other, . . . or something between them"--Diane Ward. Other titles by Deborah Meadows available from SPD include INVOLUTIA, THIN GLOVES, and ITINERANT MEN. *Make Good Art* Houghton Mifflin Harcourt The Advocate is a

lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

 Full of enthusiasm, young English schoolmaster Mr. Chipping came to teach at Brookfield in 1870. It was a time when dignity and a generosity of spirit still existed, and the dedicated new schoolmaster expressed these beliefs to his rowdy students. Nicknamed Mr. Chips,

this gentle and caring man helped shape the lives of generation after generation of boys. He became a legend at Brookfield, as enduring as the institution itself. And sad but grateful faces told the story when the time came for the students at Brookfield to bid their final goodbye to Mr. Chips. There is not another book, with the possible exception of Dickens's *A Christmas Carol*, that has quite the same hold on readers' affections. James Hilton wrote *Goodbye, Mr. Chips* in loving memory of his schoolmaster father and in tribute to his profession. Over the years it has won an enduring place in world literature and made untold millions of people smile—with a catch in the throat.

“Warming to the heart and nourishing to the spirit...The most profoundly moving story that has passed this way.”—So said usually cynical critic Alexander Woollcott when *GOODBYE, MR. CHIPS* was first published in 1934, and his openhearted welcome to this delightful, memorable, moving novel has been echoed through the years by millions of readers as well as two generations of film-goers. The gentle, lovable, tough English schoolmaster is one of America's favorite people. Who can forget the image of “Chips” on the day when he took a young and radical bride; the sad April Fools' Day when he lost her; the little jokes his classes came to expect; the boy

whose father sailed on the Titanic; the intrusion of World War I into the peace and seclusion of Brookfield...all the pleasures and pains of a lifetime rich in teaching with love. GOODBYE, MR. CHIPS is one of the most beloved books of our time.

Ballantine Books
"This beautiful book, full of wisdom and warmth, teaches us how to protect and preserve our most valuable

possessions—the relationships with those we love. It shows that the things that matter definitely aren't 'things,' and how to empower your life in the right direction."

—Dr. Stephen R. Covey, author of *The 7 Habits of Highly Effective People* Four simple phrases—"Please forgive me," "I forgive you," "Thank you," and "I love you"—carry enormous power to mend and nurture our relationships and inner lives. These four phrases and the sentiments they convey provide a path to emotional wellbeing, guiding us through interpersonal difficulties to life with integrity and grace. Newly updated with stories from people who have turned to

this life-altering book in their time of need, this motivational teaching about what really matters reminds us how we can honor each relationship every day. Dr. Ira Byock, an international leader in palliative care, explains how we can practice these life-affirming words in our day-to-day lives. Too often we assume that the people we love really know that we love them. Dr. Byock demonstrates the value of “stating the obvious” and provides practical insights into the benefits of letting go of old grudges and toxic emotions. His stories help us to forgive, appreciate, love, and celebrate one another and live life more fully. Using the Four Things in a wide range of life situations,

we can experience emotional healing even in the wake of family strife, personal tragedy, divorce, or in the face of death. With practical wisdom and spiritual power, *The Four Things That Matter Most* gives us the language and guidance to honor and experience what really matters most in our lives every day.

The Innovator's Mindset Hachette UK
A contrarian approach to the art of public speaking that has nevertheless been used by the world's greatest speakers going back to Cato. Regardless of how you perceive your abilities as a presenter, chances are you engage in the same counter-productive actions and beliefs as 95% of all public

speakers today. Actions and beliefs you acquired long ago, and that have worked against you and your audiences ever since. But have you ever wondered how some speakers stand out from all the rest? The truth is, great speakers are not born, they're trained. Trained in a set of simple physical behaviors known in the speaking business as "The Skills." Doug Jefferys' firm, PublicSpeakingSkills.com, has been training professionals from all walks of life in The Skills for over 15 years, and is now making this career-changing knowledge available to you in this entertaining and engaging text format. The book is filled with links to videos of famous great speakers and original

animations that bring the learning alive. In the back are appendices of transcripts of great speeches broken down, line by line, into the exact cadence of the speaker's original delivery. No self-hypnosis, no fuzzy neuro-reprogramming, no reliance on "positive thinking" exercises that fail at the worst time. The unique training process that takes you from a speaking zero to a speaking hero is available to anyone who chooses to learn the technique and run with it. Early praise for Killer Presentation Skills: "I'm a tough critic - especially when it comes to competitors - but Killer Presentation Skills is right on the mark. This is an excellent book for

everyone who wants to take their presentation skills to the next level."

Farewell to Manzanar Henry Holt and Company (BYR)
 God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous

footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans.

Something for You

The issues of our presidential elections and the virtues and flaws of our candidates come into sharp focus when illuminated by the wit of political observers. America's humorists brighten the electoral scene, reminding us that we needn't always look at presidential campaigns with a solemn air. Thanks to the satiric insights of America's wits, we are able to keep a sense of perspective about the candidates, particularly when their follies and foibles are most intolerable. It is the presidential campaign humor created by America's comedians, humorists, journalists, editorial cartoonists, and the candidates themselves that writer

Gerald Gardner celebrates in *Campaign Comedy*. He reviews the humor, from the caustic to the comedic, that most recently targeted Bill Clinton, George Bush, and Ross Perot in the explosive 1992 election. He also focuses, in a campaign-by-campaign format, on the humor generated by the presidential campaigns ranging back to the epochal struggle between John Kennedy and Richard Nixon in 1960. Candidates including Ronald Reagan, Jimmy Carter, and Lyndon Johnson, and the men they defeated are also the subject of the hilarious or vicious wit that is chronicled here. *Campaign Comedy* is brimming with relevant and pithy humor from Johnny Carson, Jay

Leno, Art Buchwald, Mark Russell, Bob Hope, Mort Sahl, Garry Trudeau, and the closet wits who supplied the presidential candidates with the "spontaneous humor" that they employed during their campaigns. Gardner also highlights the campaign humor of television's most famous political shows, "That Was the Week That Was," "The Smothers Brothers Comedy Hour," and "Saturday Night Live." Gerald Gardner provides a delightful reminder that humor is a basic form of communication through which the media, the humorists, and the candidates convey their skepticism, anger, and differences. He makes it clear why humor is

the most essential element in a democracy and why it is the one ingredient that no totalitarian society seems to possess.

Westminster Diary:

Volume 2 iUniverse
 As New Labour's first
 period of government
 picks up steam, we find
 Bernard Donoughue
 working as a minister
 at the Ministry of
 Agriculture, Fishing

and Food. In this, the second volume of Donoughue's House of Lords diaries, he chronicles his experiences - often frustrating, often hilarious - serving in the early years of Blair's government, as he attempts to modernise MAFF by expanding its interests more broadly in rural affairs. It outlines Donoughue's role in

the EU's agricultural policy, including as the UK minister at the Agriculture Council as well as his unofficial role in the lead-up to the Good Friday agreement. As with all Donoughue's diaries, the book sheds a spotlight on the daily trials and tribulations of life in Westminster, told with trademark waspish wit, insight and humour.
