SPAWN MAKES HISTORY! With this 300th issue, SPAWN becomes the longest-running independent series in comic book history. To celebrate, legendary artists TODD McFARLANE and GREG CAPULLO return with ALL-NEW interior pencils, with additional art provided by JASON SHAWN ALEXANDER, J. SCOTT CAMPBELL, and JEROME Opeña, a cavalcade of

celebratory covers, and additional writing by SCOTT SNYDER! And next month, RECORDS WILL BE BROKEN with SPAWN #301! Retailers: see order form for incentives. *Grendel* 2000 AD Staggering home truths & portents abound for our newly reassembled Hellspawn in the foresightful 14th vol. of Todd McFarlane's symbolic Spawn saga. At last, the big picture starts

to emerge, the Hellspawn's role in the ever-escalating war between the forces of light & darkness revealed. Since his (original) recreation, the former Al Simmons has blundered around in the dark -- literally -- unsure if he has a greater purpose or is just a pawn in some celestial power game. But now a third player makes its presence felt, a verdant force threatened by the wiles of

heaven & hell alike, one that views Spawn not as just a means to an end, but the end itself. Plus, the gargantuan new menace of The Heap! *The Anti-absurd Or Phrenotypic English Pronouncing & Orthographica I Dictionary* IDW Publishing Film music often tells us how to feel, but it also guides us how to hear. Filmgoing is an intensely musical experience, one in which the

soundtrack structures our interpretations and steers our emotions. Hollywood Harmony explores the inner workings of film music, bringing together tools from music theory, musicology, and music psychology in this first ever book-length analytical study of this culturally central repertoire. Harmony, and especially chromaticism, is emblematic of the "film music sound," and it is often used to evoke

that most cinematic of feelings-wonder. To help parse this familiar but complex musical style, Hollywood Harmony offers a first-of-its kind introduction to neo-Riemannian theory, a recently developed and versatile method of understanding music as a dynamic and transformational process, rather than a series of inert notes on a page. This application of neo-Riemannian

theory to film music is perfect way in for curious newcomers, while also constituting significant scholarly contribution to the larger discipline of music theory. Author Frank Lehman draws from his extensive knowledge of cinematic history with case-studies that range from classics of Golden Age Hollywood to massive contemporary franchises to obscure cult-films. Special emphasis is placed on

scores for major blockbusters such as Lord of the Rings, Star Wars, and Inception. With over a hundred meticulously transcribed music examples and more than two hundred individual movies discussed, Hollywood Harmony will fascinate any fan of film and music. *Interactive Storytelling* IDW Publishing Beyond Good and Evil! Spawn and Zera fight it out among the

ruins of a devastated civilization. This is Spawn as you have never seen him before, facing an adversary who is too insane to ever admit defeat. No one gets out of here alive! *Damnation* Notion Press A young forensics investigator finds his worldview turned upside down when a bizarre religious triple homicide introduces him to the Rulers, godlike beings who have ruled humanity

since the dawn of time. From writer PAUL JENKINS (SPAWN: RESURRECTION, The Inhumans, Marvel Knights: Sentry) and artist HENDRY PRASETYA (Mighty Morphin Power Rangers), GOD COMPLEX: DOGMA is a unique spin on ancient mythology with a focus on one man's journey of faith. As the official photographer on the set of *Watchmen*, Clay Enos was there at every stage of production as director Zack Snyder filmed the adaptation of the

legendary graphic novel. As well as his day-to-day duties making sure there was a visual record of the production, Enos also made time to work on a very special project: a collection of black-and-white portraits photographs. From the lead characters, including of course Rorschach, the Comedian, Dr Manhattan, Nite-Owl and all the other *Watchmen*, to supporting characters and even extras in the

crowd, his lens captured them all. With its wealth of exclusive photographs, this stunning book is a unique look into the world of the film.

Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term "POPaganda" to describe his signature and darkly satirical renderings of

corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited

by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and "agit-pop." Additionally, it contains a lengthy and comprehensive interview with the artist conducted

exclusively for this publication. **Hollywood Harmony** Boom! Studios This graphic novel, from independent US comic "Spawn", tells of Al Simmons who has been to hell and back - literally. After his violent death he descended into one of the infernal netherworlds, but five years on he finds himself alive once more - with demonic powers.
