A fierce November storm is raging, and before long a ship finds itself in difficulty just offshore. Captain Boyns and his son Harry hurry to help rescue the stricken crew and take in a young girl, Annie, who had been aboard and nearly drowned. Annie and Harry strike up a close friendship, but her father John Webster, is a mean, tight-fisted merchant who intends to come between the couple. In his daughter he sees no value except as a bride, and so he deviously plots to keep the pair apart. A swashbuckling, romantic adventure from the popular children's author R.M. Ballantyne. R.M. Ballantyne (1825-1894) was a Scottish artist and prolific author of mostly children's fiction. Born in Edinburgh, Ballantyne was the ninth of ten children. At the age of 16 Ballantyne moved to Canada, where he worked for the Hudson's Bay Company, travelling all over the country to trade for fur. He returned to Scotland in 1847 following the death of his father, and it was then that he began his literary career in earnest, writing over 100 children's adventure books over the course of his life. Stories such as 'The Coral Island' and 'The Young Fur Traders' were hugely popular, and many of them drew on his own experiences of travelling throughout Canada. A stickler for detail, Ballantyne continued to travel widely to research the backgrounds and settings for his exciting stories. His tales became an inspiration for authors of the future, including 'Treasure Island' novelist Robert Louis

Stevenson. Ballantyne spent the latter period of his life living in London and Italy for the sake of his health. He died in Rome in 1894 at the age of 68.

Adorno's study of Alban Berg is a unique document. Itself now a part of music history, it is a personal account, by a pre-eminent philosopher and aesthete, of the life and musical works of his mentor, friend and composition teacher. Shortly after Berg's death in 1935, Adorno contributed several analyses to the first Berg biography. Thirty years later he incorporated these chapters and several subsequent essays into one volume. Beyond analyses of individual pieces, the book explores the historical and cultural significance of Berg's music, its relationship to that of other twentieth-century composers, and to the larger issues of contemporary life. This is a classic study, made available here for the first time in English, and it provides a key to understanding Adorno himself as well as offering an individual perspective on one of the major composers of the twentieth century.

Johann Sebastian Bach's music forms the backdrop to this stunning novel about motherhood and loss. Following the death of her daughter, a bereaved pianist immerses herself in Bach's Goldberg Variations. As the woman perfects the complex musical architecture of Bach's own study in grief, memories of her past unfold. A family - mother, father, son, and daughter - appear during various stages of their lives together in this story, which builds up to a crescendo of great emotional power. Beautifully written with a powerful insight into grief and mourning, *Counterpoint* - by Anna Enquist, one of Holland's best loved writers of quality fiction - has already sold 100,000 copies in the Netherlands alone and has been masterfully translated into many languages. Enquist is also the author of the widely-translated and bestselling novels *The Secret* and *The Masterpiece*.

Hailed as "astonishingly powerful" by The New York Times, and "written perfectly" by The Washington Post, Joe Klein's #1 bestseller, *Primary Colors*, was the most-talked-about political novel of the past century. Now acclaimed journalist and author Joe Klein returns with another brilliant and slyly subversive novel set in the gladiatorial arena he knows so well: politics in modern-day America. U.S. senator Charlie Martin is a hot political property, dashing, honorable, irreverent -- and a decorated Vietnam veteran. The Running Mate follows this brash hero on a wild, exhilarating ride through the minefields of politics as usual. But as Charlie quickly learns, combat is a cakewalk compared with the battles waged by free men in pursuit of glory and power. For Charlie's political star is beginning to wane ... a bid for the presidency ends in failure ... a young campaign volunteer's father decks him -- in front of the cameras ... a well-kept secret from Charlie's Vietnam days is revealed ... and a woman has entered his life -- one who loves him but is appalled by his life's work. Suddenly Charlie must confront the two greatest challenges of his life -- a political opponent who has no scruples and a dazzling, unconventional woman who may force him to choose between love and politics. Charlie's dilemma is one that has come to haunt contemporary American politics: Is it possible to be a good politician and a good man?

One of America's foremost writers collects the best stories submitted to NPR's popular monthly show--and illuminates the powerful role storytelling plays in all our lives When Paul Auster and NPR's Weekend All Things Considered introduced The National Story Project, the response was overwhelming. Not only was the monthly show a critical success, but the volume of submissions was astounding. Letters, emails, faxes poured in on a daily basis- more than 4,000 of them by the time the project celebrated its first birthday. Everyone, it seemed, had a story to tell. I Thought My Father Was God gathers 180 of these personal, true-life accounts in a single, powerful volume. They come from people of all ages, backgrounds, and walks of life. Half of the contributors are men; half are women. They live in cities, suburbs, and rural areas, and they come from 42 different states. Most of the stories are short, vivid bits of narrative, combining the ordinary and the extraordinary, and most describe a single incident in the writer's life. Some are funny, like the story of how a Ku Klux Klan member's beloved dog rushed out into the street during the annual KKK parade and unmasked his owner as the whole town looked on. Some are mysterious, like the story of a woman who watched a white chicken walk purposefully down a street in Portland, Oregon, hop up some porch steps, knock on the door-and calmly enter the house. Many involve the closing of a loop, like the one about the woman who lost her mother's ashes in a burglary and recovered them five years later from the mortuary of a local church. Hilarious blunders, wrenching coincidences, brushes with death, miraculous encounters, improbable ironies, premonitions, sorrows, pains, dreams-this singular collection encompasses an extraordinary range of settings, time periods, and subjects. A testament to the important role storytelling plays in all our lives, I Thought My Father Was God offers a rare glimpse into the American soul.

What Hemingway's A Moveable Feast did for Paris in the 1920s, this charming yet undecipherable memoir does for Greenwich Village in the late 1940s. In 1946, Anatole Broyard was a dapper, earnest, fledgling avant-gardist, intoxicated by books, sex, and the neighborhood that offered both in such abundance. Stylish written, mercurially witty, imbued with insights that are both affectionate and astringent, this memoir offers an indelible portrait of a lost bohemia. We see Broyard setting up his used bookstore on Cornelia Street--indulging in a dream that was for him as romantic as "living off the land or sailing around the world" while exercising his libido with a protegee of Anais Nin and taking courses at the New School, where he deliberates on "the new trends in art, sex, and psychosis." Along the way he encounters Delmore Schwartz, Caitlin and Dylan Thomas, William Gaddis, and other writers at the start of their careers. Written with insight and mercurial wit, *Kafka Was the Rage* elegantly captures a moment and place and pays homage to a lost bohemia as it was experienced by a young writer eager to find not only his voice but also his place in a very special part of the world.

In this gripping, war-torn epic novel, author Igor Stiks, a nominee for the IMPAC Dublin Award, tells the story of a celebrated writer who travels to Sarajevo to unearth devastating family secrets and the lies that have defined his life. Author Richard Richter's mother and father were always phantoms, both parents having died by the time he was four. His life, now at a crossroads, has been a jumble of invention, elusive memories, and handed-down stories. But when Richard finds his mother's hidden notebook, written by her during World War II, he discovers a confession that was never meant to be read by anyone--least of all, her son. . . p>Richard's quest for the truth about his life leads him to an embattled Sarajevo. In the chaos of the besieged city, he discovers something more: a transformative romance and unexpected new friendships that will change the course of his search. But fate has been playing with all of them. And just as fate determines the lives of the characters in his novel, a betrayal reaching back half a century has yet to loosen its grip--on Richard, on everyone he has come to love, and on those he has no choice but to try to forgive.

Marie Claire's Workshop Ballantine Books

"Simone Weil, religious socialist and anarchistic mystic, believed that philosophical work was composed not only of what one wrote, but how one lived. This dedicated, difficult to classify, philosopher was dramatically involved with the political events of her time - Hitler's dictatorship, the Spanish Civil War, World War II and the French Resistance. A perceptive critic of Marxism whose work was admired by Camus, Weil nevertheless worked tirelessly to end the exploitation of laborers. She was also committed to the emancipation of women and was an early advocate of ecological awareness. True to the often contradictory nature of her activities, when she became disillusioned with political realities Weil turned to religious transcendence which she pursued while denying the authority of the church." "Abosch's book contains thorough examinations and convincing judgements which far exceed what is traditionally provided in an introductory work. Weil's commitment to the actual practice of living is examined and the contradictions in her life and work are made clear. Abosch traces the often painful actions and thoughts of one who sought to suffer with the poorest and was in a constant state of revolt. The reader learns of the restless life of the "vierge rouge" (red virgin) who...died from self-inflicted starvation."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc.
