With the page-turning suspense and unsettling found photographs from real asylums that led Publishers Weekly to call Asylum “a
--	--	---

strong YA debut,"
Escape from Asylum is perfect for fans of Miss Peregrine's Home for Peculiar Children. The nightmare is just beginning. Ricky Desmond has been through this all before. If he could just get through to his mother, he could convince her that he doesn't belong at Brookline. From the man who thinks he can fly to the woman who killed her husband, the other patients

are nothing like him; all he did was lose his temper just a little bit, just the once. But when Ricky is selected by the sinister Warden Crawford for a very special program—a program that the warden claims will not cure him but perfect him—Ricky realizes that he may not be able to wait for his mom a second longer. With the help of a sympathetic nurse and a fellow patient, Ricky needs to escape now.

Set long before Dan, Abby, and Jordan ever walked the hallways of the Brookline asylum—back when it was still a functioning psych ward and not a dorm—Escape from Asylum is a mind-bending and scary installment in the Asylum series that can stand on its own for new readers or provide missing puzzle pieces for series fans. Don't miss Madeleine Roux's all-new gothic horror

novel, House of Furies. Steven Spielberg's Amazing Stories Deep Vellum Publishing Unprecedented in scope, this encyclopedic A-Z format leaves no sheet unrumpled. From adultery to orgasm to zipless sex, there are facts and advice on more than 700 topics. The Book of Sexis not just about how-to. It's also about when-to, where-to, and why-to. It's the book that will teach men

everything they've ever wanted to know about sex-and everything every woman has ever wanted them to know. You Don't Want a Dragon! Pantheon The true story of Guatemala's political turmoil of the 1950s as only a master of fiction can tell it Guatemala, 1954. The military coup perpetrated by Carlos Castillo Armas and supported by the CIA topples the government of

Jacobo Árbenz. Behind this violent act is a lie passed off as truth, which forever changes the development of Latin America: the accusation by the Eisenhower administration that Árbenz encouraged the spread of Soviet Communism in the Americas. Harsh Times is a story of international conspiracies and conflicting interests in the time of the Cold War, the echoes of which are still

felt today. In this thrilling novel, Mario Vargas Llosa fuses reality with two fictions: that of the narrator, who freely re-creates characters and situations, and the one designed by those who would control the politics and the economy of a continent by manipulating its history. *Harsh Times* is a gripping, revealing novel that directly confronts recent history. No one is better suited

to tell this riveting story than Vargas Llosa, and there is no form better for it than his deeply textured fiction. Not since *The Feast of the Goat*, his classic novel of the downfall of Trujillo's regime in the Dominican Republic, has Vargas Llosa combined politics, characters, and suspense so unforgettably. [Coffee in Colombia, 1850-1970](#) HarperCollins A gorgeous new edition of the New York Times bestseller that

has sold more than a million copies. "A golden conjunction of heaven and earth...reminding us that there are angels in every religion." -The Washington Post "As far as angels are concerned, now you see them, now you don't. A Book of Angels gives us a lovely, sustained glimpse." - Chicago Tribune When Sophy Burnham wrote A Book of Angels, she inspired a phenomenon.

An instant bestseller when it was originally published in 1990, this beautiful book not only tells the extraordinary true stories of present-day encounters with angels, but also traces the study of angels throughout history and in different cultures. Burnham writes about the powerful male angels, Buddhist bodhisattvas, Islamic angels, Hindu Apsaras, the mysterious angels of the

Jewish Kabbalah, cherubim, seraphim, guardian angels, the angel of death, and others. What are angels? What do they look like? Whom do they choose to visit? Why do they appear sometimes and not others, and would you recognize one if it appeared before you? With great feeling, Burnham offers an eloquent report from the place where earth and heaven

meet. A wondrous journey into the world of angels, this book is a song of praise to life.

Edgar Cayce's Story of the Soul

ALFAGUARA JUVENIL

Before I Fall meets “bah, humbug” in this contemporary YA reimaging of A Christmas Carol from New York Times bestselling author Cynthia Hand. On Christmas Eve five years ago, seventeen-year-old Holly

Chase was visited by three Ghosts who showed her how selfish and spoiled she’d become. They tried to convince her to mend her ways. She didn’t. And then she died. Now she’s stuck working for the top-secret company Project Scrooge—as their latest Ghost of Christmas Past. So far, Holly’s afterlife has been miserable. But this year’s Scrooge is different. This

year’s Scrooge might change everything... The Afterlife of Holly Chase is a witty, poignant, and insightful novel about life, love, and seizing second (or third) chances, perfect for readers who loved Before I Fall or Dash & Lily’s Book of Dares. *Fortnite Tale: Mysteries of Fortnite* HarperCollins No two pages look alike in this eye-popping children’s encyclopedia. Exploring everything

from amazing animals to art, this ebook includes fun facts for kids. With its unique visual approach, WOW! shows you a range of topics but presents them with a twist. Mingle with a bunch of snakes... on a ladder! Meet your mammal relatives in a photo album, or peek into a drawer full of prosthetic eyes to discover the science of genetics. An ice sculpture reveals the science behind states of matter,

architectural marvels are displayed on a house of cards, and the story of space exploration is told through an astronaut's stamp collection. This comprehensive children's ebook covers technology, Earth, people, nature, history, science, the human body, and much more. With something new to discover on every page, WOW! will consistently entertain and inform. It's the ultimate

children's reference ebook.

Fans of the hit thriller that started it all can watch the secrets of the Bayview Four be revealed in the One of Us is Lying TV series now

streaming on NBC's Peacock! *Minecraft: Guide to Exploration (2017 Edition)* Harper Collins It's been 21 days since the hundred landed on Earth. They're the only humans to set foot on the planet in centuries... or so they thought. Book 2 in The 100 series, now a popular show on the CW network. Facing an unknown enemy, Wells attempts to keep the group together.

Clarke strikes out for Mount Weather, in search of other colonists, while Bellamy is determined to rescue his sister, no matter the cost. And back on the ship, Glass faces an unthinkable choice between the love of her life and life itself. In this pulse-pounding sequel to The 100, secrets are revealed, beliefs are challenged, and relationships are tested. And the hundred will struggle to

survive the only way they can--together. *Our Dead World* Atheneum/Caitlyn Dlouhy Books A young woman suffers a mental breakdown because of her repressive and religious mother. A group of children is fascinated by the sudden death of a friend. A drug trafficking couple visits Paris at the same time as a psychopathic cannibal. A mysterious wave travels through a

university campus, driving students to suicide. A photographer witnesses a family's surface composure shatter during a portrait session. A worker on Mars sees ghostly animals in the desert and longs for an impossible return to Earth. A plastic surgeon botches an operation and hides on a sugar cane plantation where indigenous slavery is

practiced. Horror and the fantastic mark the unstable realism of *Our Dead World*, in which altered states of consciousness, marginalized peoples, animal bodies, and tensions between tradition and modernity are recurring themes. Liliana Colanzi's stories explore those moments when the civilized voice of the ego gives way to the buzzing of the subconscious, and repressed indigenous

history destabilizes the colonial legacy still present in contemporary Latin America. Colanzi is considered by critics to be one of the most promising voices of the new Latin American narrative, and this book is an ambitious formal and thematic leap. *A Dog's Way Home* Houghton Mifflin Harcourt "If you enjoy these too-good-to-be-true tales, Brunvand's new book will

give you hours of pleasure."—Chicago Tribune A fabulously entertaining book from the ultimate authority on those almost believable tales that always happen to a "friend of a friend." Alligators in the sewers? A pet in the microwave? A tragic misunderstanding of the function of cruise control? No, it didn't really happen to your friend's sister's neighbor: it's an urban

legend. And no matter how savvy you think you are, you are sure to find in this collection of over 200 tales at least one story you would have sworn was true. Jan Harold Brunvand has been collecting and studying this modern folklore for over twenty years. In *Too Good to Be True* he captures the best stories in their best retellings, along with their latest variations and examples of

how the stories have changed as they move from person to person and place to place. To help you find your favorite, Brunvand has arranged the tales thematically. "Bringing Up Baby" is full of episodes of child-rearing gone wrong, including the grisly tale of the drugged out baby-sitter who mistakes the kid for a turkey. "Funny Business" showcases stories of infamous lapses in customer

service, such as the story of the shockingly expensive chocolate chip cookie recipe. And "The Criminal Mind" features both brilliant --if they were real --scams, as well as the purported antics of the less mentally gifted. Whether you want to become an expert debunker or just have plenty of laughs, this book will surprise and entertain you. Illustrated throughout. "Informative and
