*Imaginative Prophecy in the B-text of Piers Plowman* Rubus Press  
The first book in the time-bending mythological saga, the Echo Trilogy. Their love is destined to shatter the boundaries of time...  
Archaeology grad student Alexandra Larson's world is turned upside down when her mother shares her deepest, darkest secret—that she doesn't know the true identity of Lex's father. The revelation sparks a change within Lex, and her dreams become far too real. She sees things she shouldn't be able to see...knows things she couldn't possibly know. Terrifying things. Deadly things. To distract her from the surreal changes taking over her life, Lex leaps at the chance to join an Egyptian excavation run by Oxford's enigmatic Professor Marcus Bahur. But the distraction might be more than she bargained for. While deciphering the secrets of a mysterious stone tablet, Lex falls headlong into a prophecy created by a dying god over four millennia ago. She must rely on her frightening new psychic powers to dig up the truth. And it doesn't take long for her visions to convince her that both Professor Bahur and his excavation are much more than they seem... The past clashes with the present in this paranormal saga of ancient prophecies and warring gods. If you like Egyptian mythology, steamy romance, time-bending mysteries, and complex characters, then you'll love this sprawling time travel adventure. Selected topics include the Book of Isaiah as Prophetic Torah; the role of Isaiah 65-66 as conclusion of the Book of Isaiah; the interpretation of the Masoretic and Septuagint

forms of the book of Jeremiah; Jeremiah 2-6 and 30-31 in relation to Josiah's reform; Ezekiel's role as Zadokite priest and visionary prophet; the problems of theodicy and holiness in Ezekiel 8-11 and 33-39; the interpretation of the Masoretic and Septuagint sequences of the Book of the Twelve; Micah's Debate with Isaiah; Zechariah's Debate with Isaiah; the priestly background of the Book of Daniel; the conceptualization of the war between the Sons of Darkness and the Sons of Light in the War Scroll from Qumran; Rabbi Akiba's journey to Pardes in Talmudic tradition; and others.

DISCOVER WHAT'S HIDDEN—a powerful, mythic race, an ancient Egyptian prophecy, and a love strong enough to shatter the boundaries of time. Alexandra Larson isn't quite human, but she doesn't know that. Lex simply considers herself an ambitious archaeology grad student with a knack for deciphering ancient languages. When she's recruited to work on her dream excavation, Lex's translating skills uncover the location of the secret entrance to an undiscovered underground temple in Egypt. She is beyond thrilled with what she's found...as is the enigmatic and alluring excavation director, Marcus Bahur. As the relationship between Lex and Marcus heats up, a series of shocking revelations leaves the young archaeologist reeling. Together, the couple is all that is standing between an ancient, evil god and the power to alter the very fabric of time. Events set in motion by a dying god over four millennia ago pull Lex and Marcus away from Seattle and into the heart of Egypt, where they learn that the fate of the world is in the hands of a single person: Lex. Publisher description

**Apocalyptic Bodies** BRILL

Scholars for centuries have regarded fakes and forgeries chiefly as an opportunity for exposing and denouncing deceit, rather

than appreciating the creative activity necessary for such textual imposture. But should we not be more curious about what is spurious? Many of these long-neglected texts merit serious reappraisal, when considered as artifacts with a value beyond mere authenticity. We do not have to be fooled by a forgery to find it fascinating, when even the intention to deceive can remind us how easy it is to form beliefs about texts. The greater difficulty is that once beliefs have been formed by one text, it is impossible to approach the next without preconceptions potentially disastrous for scholarship. The exposure of fraud and the pursuit of truth may still be valid scholarly goals, but they implicitly demand that we confront the status of any text as a focal point for matters of belief and conviction. Many new and fruitful avenues of investigation open up when scholars consider forgery as a creative act rather than a crime. We invited authors to contribute work without imposing any restrictions beyond a willingness to consider new approaches to the subject of ancient fakes and forgeries. The result is this volume, in which our aim is to display some of the many possibilities available to scholarship when the forger is regarded as "splendide mendax" - splendidly untruthful.

Un monstre. Un monstre gris et froid de 42 millions de mètres cubes. Un monstre qui menace l'Égypte et ses monuments de mort lente. Tel est le haut barrage d'Assouan contre lequel l'égyptologue américain Mark Walker se bat. La découverte d'une très ancienne prophétie prédisant un cataclysme l'incite à redoubler ses efforts au moment même où il va se marier. Mais sa fiancée est victime d'un attentat... Le monde de Mark Walker bascule alors dans la violence intégriste. Ballotté par les vagues d'une révolution en marche, manipulé par des hommes de l'ombre, Mark Walker recherche obstinément la vérité qu'on veut lui cacher. Une vérité qu'il n'a que trente jours pour découvrir s'il veut sauver l'Égypte.

*Prophecy and the Biblical Prophets* Walter de Gruyter

This collection of essays explores the rhetoric and practices surrounding views on life after death and the end of the world, including the fate of the individual, apocalyptic speculation and hope for cosmological renewal, in a wide range of societies from Ancient Mesopotamia to the Byzantine era. The 42 essays by leading scholars in each field explore the rich spectrum of ways in which eschatological understanding can be expressed, and for which purposes it can be used. Readers will gain new insight into the historical contexts, details, functions and impact of eschatological ideas and imagery in ancient texts and material culture from the twenty-fifth century BCE to the ninth century CE. Traditionally, the study of "eschatology" (and related concepts) has been pursued mainly by scholars of Jewish and Christian

scripture. By broadening the disciplinary scope but remaining within the clearly defined geographical milieu of the Mediterranean, this volume enables its readers to note comparisons and contrasts, as well as exchanges of thought and transmission of eschatological ideas across Antiquity. Cross-referencing, high quality illustrations and extensive indexing contribute to a rich resource on a topic of contemporary interest and relevance. Eschatology in Antiquity is aimed at readers from a wide range of academic disciplines, as well as non-specialists including seminary students and religious leaders. The primary audience will comprise researchers in relevant fields including Biblical Studies, Classics and Ancient History, Ancient Philosophy, Ancient Near Eastern Studies, Art History, Late Antiquity, Byzantine Studies and Cultural Studies. Care has been taken to ensure that the essays are accessible to undergraduates and those without specialist knowledge of particular subject areas.

" Ce qu'avaient prédit les ancêtres est advenu : la terre est remplie de gangs, le crime est partout, les grands ne peuvent plus fraterniser avec le peuple, le coeur des hommes est violent, le rire s'est éteint, aucune voix ne peut être juste pendant ces années de tumulte, la faim empêche la fraternité, le coeur de l'homme ne se préoccupe que de lui-même, le pays sera amoindri mais ses chefs seront nombreux, les impôts considérables, la lumière s'éloignera de l'espèce humaine... " Grâce à cette publication sont révélées les extraordinaires prophéties des sages d'Égypte. " Que faire ? " s'interrogent-ils, tout en rappelant les jours heureux. Que faire, sinon prendre conscience de la réalité, constater l'absence d'une spiritualité joyeuse et créatrice et d'une solidarité fondée sur de vraies valeurs ? Certes, " la souffrance est sur chaque chemin, la guerre est apparue, il n'y a plus de pilote ", mais il est possible de reconstruire à condition d'écouter " la voix du coeur " et de reconquérir l'harmonie perdue. The time-bending conclusion to the ECHO TRILOGY. Time. It can be our best friend. Or our worst enemy... For Lex, it's both.

Alexandra Larson is done with time travel. She just wants to be normal. The husband, the kids, the career...she wants it all. And she's close to having it. That is, until unwanted visitors bring dire news of her twisted, godly foe, Apep. He's been freed from his inescapable prison by the Kin, and he's coming for Lex and her unborn children. The chase begins. Against her will, Lex is yanked backwards in time in an attempt to protect her from Apep. Each time her ancient enemy draws near, she's pulled back further, tangling new threads into a timeline that must not be changed at any cost. The fate of the universe may depend on her surviving, but it doesn't give a damn about her finding a way home. Lex must battle time, itself, to return to her family, and she's determined to do it. Or die trying. The past clashes with the present in this paranormal saga of ancient prophecies and warring gods. If you like Egyptian mythology, steamy romance, time-bending mysteries, and complex characters, then you'll love this sprawling time travel adventure. *Apocalypse de Chiokoyhikoy, Chef des Iroquois* Barkhuis

Prophecy was a wide-spread phenomenon in the ancient world - not only in ancient Israel but in the whole Eastern Mediterranean cultural sphere. This is demonstrated by documents from the ancient Near East, that have been the object of Martti Nissinen's research for more than twenty years. Nissinen's studies have had a formative influence on the study of the prophetic phenomenon. The present volume presents a selection of thirty-one essays, bringing together essential aspects of prophetic divination in the ancient Near East. The first section of the volume discusses prophecy from theoretical perspectives. The second sections contains studies on prophecy in texts from Mari and Assyria and other cuneiform sources. The third section discusses biblical prophecy in its ancient Near Eastern context, while the fourth section focuses on prophets and prophecy in the Hebrew Bible/Old Testament. Even prophecy in the Dead Sea Scrolls is discussed in the fifth section. The articles are essential reading for anyone studying ancient prophetic phenomenon.
