Fundamentals of the Philosophy of Tantras  
Editions L'Harmattan

Continuing in the unique style of Hyatt's seminal work, "Undoing Yourself With Energized Meditation", and in conjunction with some of Falcon's finest and most rebellious authors, "Undoing Yourself Too" explores more deeply some of the subjects most important to Christopher Hyatt including Immortality ("Are we the first generation of immortals... or the last generation of mortals?"); Monomania and Monotheism; Language and Hypnosis; Hyatt's Tripolar Formula for Success ("Have some Fun, Make some Money, and Do some Good along the way"); the Nature of Culture ("Culture is the result of the interaction of Genetics and Geography"); and Who Owns You? Entertaining and informative!

Journal of the Asiatic Society Notion Press  
Listen to what I am about to tell you: do not read this book alone. You really shouldn't. In one of the most playful experiments ever put between two covers, every other section of Trance-Migrations prescribes that you read its incantatory tales out loud to a lover, friend, or confidant, in order to hypnotize in preparation for Lee Siegel's exploration of an enchanting India. To read and hear this book is to experience a particular kind of relationship, and that's precisely the point: hypnosis, the book will demonstrate, is an essential aspect of our most significant relationships, an inherent dimension of love, religion, medicine, politics, and literature, a fundamental dynamic between lover and beloved, deity and votary, physician and patient, ruler and subject, and, indeed, reader and listener. Even if you can't read this with a partner—and I stress that you certainly ought to—you will still be in rich company. There is Shambaraswami, an itinerant magician, hypnotist, and storyteller to whom villagers turn for spells that will bring them wealth or love; José-Custodio de Faria, a Goan priest hypnotizing young and beautiful women in nineteenth-century Parisian salons; James Esdaile, a Scottish physician for the East India Company in Calcutta, experimenting on abject Bengalis with mesmerism as a surgical anesthetic; and Lee Siegel, a writer traveling in India to learn all that he can about hypnosis, yoga, past life regressions, colonialism, orientalism, magic spells, and, above all, the power of story. And then there is you: descending through these histories—these tales within tales, trances within trances, dreams within dreams—toward a place where the

distinctions between reverie and reality dissolve. Here the world within the book and that in which the book is read come startlingly together. It's one of the most creative works we have ever published, a dazzling combination of literary prowess, scholarly erudition, and psychological exploration—all tempered by warm humor and a sharp wit. It is informing, entertaining, and, above all, mesmerizing.

There is hardly any person who is either not conversant with or not heard about occult sciences of which Yantra, Mantra, Tantra and not heard about occult sciences of which Yantra, Mantra, Tantra and forces are simply tributaries. Hindus, Jains, Muslims, ascetics, peers have written a lot about such sciences but only a selected few know how to use such devices ably and safely. The learned author has given detailed account on use, caution, warnings and methods for using such devices which are meant for relieving or causing agony/harm to a targeted person. The author has furnished relevant details about Yantra, Mantra and Tantra, black magic, sorcery etc. Hopefully, the right information will satiate urge of inquisitive readers, for some of whom it may be a new subject.

BnF collection ebooks - "Je dirai tout d'abord que les pouvoirs que l'occultisme confère à ses adeptes renferment un certain contrôle sur les forces de la nature, dont la science ne connaît absolument rien, et à l'aide duquel un adepte peut tenir conversation avec un autre, quelle que soit la distance qui les sépare sur la surface de la terre."

Biography of a Yogi University of Chicago Press

Niente è più difficile dell'arte della persuasione. Non perché la persuasione sia qualcosa di particolarmente complicato in sé ma perché pochissimi sanno che cos'è. Quasi tutti confondono la persuasione con la comunicazione ma si tratta di due cose completamente differenti. La comunicazione è quando si ha il semplice trasferimento di un messaggio da un soggetto trasmittente a un soggetto ricevente. La persuasione invece è quando si ha il trasferimento di un messaggio da un soggetto trasmittente a un soggetto ricevente e questo messaggio produce, nel soggetto ricevente, uno stato emozionale e un conseguente effetto ideomotorio che può essere una decisione, un comportamento

o un processo di innamoramento. Si può parlare di persuasione solo quando l'effetto ideomotorio ottenuto coincide effettivamente con ciò che si voleva ottenere. L'ipnosi conversazionale è l'abilità di suscitare nei nostri interlocutori stati emozionali e processi ideomotori. Qui nasce l'eterna domanda se l'ipnosi conversazionale sia etica oppure no. Ma se dovessimo considerare poco etica l'ipnosi, allora sarebbero poco etiche anche la narrativa, la pittura, la scultura, la musica; sarebbero poco etici anche il cinema, il teatro eccetera, visto che tutte queste forme d'arte hanno come obiettivo quello di suscitare stati emozionali. Ma la penna, il pennello, lo scalpello, la macchina da presa e, nel caso dell'ipnosi, la voce, sono tutti strumenti che non hanno niente di pericoloso in loro. Pericoloso può essere chi li maneggia se le sue intenzioni consistono nel voler turbare i propri simili. Fortunatamente si può fare dell'arte senza danneggiare il prossimo e anche l'ipnosi ci consente di lasciare le persone che ci circondano in uno stato emozionale migliore rispetto a quello in cui le abbiamo trovate. In questo ebook impari:  
INTRODUZIONE CAPITOLO 1- ELEMENTI DI BASE Chiarezza definitiva sull'ipnosi Che cos'è l'ipnosi conversazionale Persona sociale e persona reale Contenuto emozionale Muoversi nel campo minato Le frasi introduttive CAPITOLO 2 - TECNICHE PER BYPASSARE IL FATTORE CRITICO Comandi nascosti Uso della voce nei comandi nascosti Esempi con i comandi nascosti Regole di base per i comandi nascosti Ancoraggio analogico CAPITOLO 3 - TECNICHE DI ASTRAZIONE ED ELICITAZIONE Nominalizzazioni Cancellazioni Processi ideomotori Processi ideosensori CAPITOLO 4 - TECNICHE DI SINTASSI Presupposti Citazioni Verità lapalissiane Metafore Doppie legami CAPITOLO 5 - TECNICHE SPECIALI Comandi negativi Confusione Induzione d'amnesia Distorsione temporale CAPITOLO 6 - IMPOSTAZIONE E C.N.V Il giusto atteggiamento Distacco dai risultati Atteggiamento e comunicazione non verbale Comunicazione passiva vs. comunicazione attiva Segnali non verbali di feedback Segnali di gradimento Segnali di rifiuto CAPITOLO 7 - ESERCIZI DI PRESENZA E LEADERSHIP Tecnica per allenare lo sguardo Come guardare l'interlocutore Esercizi per la voce e story telling L'aspetto subliminale del look Tecnica per sviluppare la volontà dinamica CAPITOLO 8 - TECNICHE DI RICALCO DEI CONTENUTI MENTALI Leggere la mente Valori Convinzioni Interessi CONCLUSIONI In questo manuale troverai tantissimi esempi pratici relativi alle tecniche

*Tantra Darshan* Diamond Pocket Books (P) Ltd.

In den westlichen Gesellschaften herrschen auch heute noch zum Teil abenteuerliche Vorstellungen über die Welt des Tantrismus. Von okkulten schwarzmagischen Praktiken bis zu einer ausufernden Sexualität reicht das ebenso bunte wie falsche Spektrum. Dietmar Krämer und Hagen Heimann kennen als erfahrene Indien-Reisende die Welt der tantrischen Spiritualität aus eigener Anschauung und langjähriger Erfahrung. Sie schildern in dieser ausgezeichneten Einführung in eine geheimnisvolle Welt sowohl die bedeutendsten Orte einer noch immer von Mysterien umrankten Sphäre als auch ihren inneren geistigen Kosmos. Zentrales Anliegen ist es dabei, die durch tantrische Praktiken im Menschen erweckten Kräfte zu beschreiben und vor nicht sachkundig geleiteten Übungen zu warnen. Wer als Laie hochwirksame Kundalini-Techniken anwendet, kann sich in die Gefahr begeben, den eigenen feinstofflichen Körpern nachhaltig Schaden zuzufügen. Ein wichtiges, weil aufklärendes Buch, das jeder gelesen haben sollte, der sich auf den Pfad des Tantra begeben möchte!

Yantra Mantra Tantra and Occult Sciences  
Oxford University Press

Why do we call this a "non-book"? Because this is not a text you "read at". Its very structure and contents are designed to put you into the Energized Hypnosis state as you learn how to do it at will. Reading is doing!!

Tantric yantras are precise geometric forms that have been used for centuries as tools for self-realization and the attainment of mystical powers. In Tools for Tantra, Tantric practitioner and scholar Harish Johari has re-created the exact colors and proportions of the primordial yantras along with step-by-step instructions for their accurate construction, coloring, and use.

Energized Hypnosis V&S Publishers

The book analyses the transition from the

ancient to the medieval period in polity, economy, the caste system and culture. It examines the form of peasant protest and the reasons for their failure and infrequency. The author also examines the development of tantrism and the mentality that feudalism created.

Ormond McGill has hypnotised audiences all over the world with his exciting stage shows. Here are some of the secrets of his success. " ... fun-reading and additionally a resource of little-known information for magicians and hypnotists." Dr. Dwight F.Damon, President, National Guild of Hypnotists, Inc

Trance-Migrations [Calcutta : Kaberi Sarkar]; to be had of Bak-Sahitya, [1379 i.e. 1972]  
De tout temps, la transe est associée au rituel, aux dieux et au soin. Elle évoque à la fois l'étrangeté et la folie, la communion mystique, la possession, le primitif, la pathologique et l'extraordinaire. Nous vivons dans un monde antitrance, pourtant elle s'immisce de plus en plus dans la vie de tous les jours, les drogues, les rave party, la musique. L'utilisation de la transe dans le champ psychologique a révélé d'autres approches thérapeutiques étayées sur des forces de régénération innées.

**Tantra Made Easy** Crown House Publishing  
This book is a complete study of practical hypnotism. It seeks to explain the science of hypnotism in a simple, straightforward and unambiguous language. The book makes an integral study of the acclaimed ideas and theories of the East. The western thinkers have heavily drawn upon the valuable contemplations of the Indian seers of yore. Having achieved a fine blending of the two strains of scholarship, the book has become a very reliable guide for all types of readership. Dr Shrimali is a widely acknowledged author and his expertise in these fields is beyond any doubt. The readers can immensely benefit from his wide experiences and deep insights. This study is not just academic, but it is equally relevant to all interested sections. The book is enriched with rare discussion of the Indian sadhans and siddhis. In many ways, it brings out the metaphysical findings of ancient Indian seers, and mendicants with firm authority. The study motivates scholars, young and old, to delve deeper into this science for greater accomplishments in life.

This Book Is A Treatise On Mahavidyatantras Very Rarely Dealt In The Literary Domain Of Sanskrit Thoughts. The First Chapter Of The Book Deals With The Evolution Of Sakti-Tantric Cult In General And Mahavidya Worship In Particular.

Le Monde Occulte: Hypnotisme Transcendant En Orient (Ed.1887)

Deerghayu International

With over four million copies in print, Paramahansa Yogananda's autobiography has served as a gateway into yoga and alternative spirituality for North American practitioners since 1946. Balancing traditional yoga, metaphysical spirituality, and a flair for the stage, Yogananda inspired countless people to practice Yogoda, his own brand of yoga. His method combined the spiritual and superhuman aspirations of Indian traditions with the health-oriented sensibilities of Western practice. Because the Yogoda program does not rely on recognizable postures and poses, it has remained under the radar of yoga scholarship. Biography of a Yogi examines Yogananda's career and Yogoda in the wider context of the development of yoga in the twentieth century. Focusing on Yogis during this early period of transnational popularization, Foxen highlights the continuities in the concept of the Yogi as superhuman and traces the transformation of yoga from a holistic and spiritual practice to its present-day postural practice.

The Amazing Life of Ormond McGill Motilal Banarsidass

The first book in the world, which talks about de-hypnosis and explains spiritual dimensions of hypnosis in an eastern way. Hypnosis is spiritual in the sense that in hypnosis, illusion is created to destroy illusion. It applies the principle of similia similibus curentur: let like be cured by like. In this book, there are two parts. The first part of this book will wake you up from maya and de-hypnotize you by creating awareness using traditional gyana. The second part of the book teaches some time-tested, verified, and effective modern hypnosis methods to de-hypnotize and integrate you. It is said, "to take out a nail, use another nail." Hypnosis uses illusion to remove illusions and delusions of your perceptions about yourself, your guilt, fears, phobias, anxiety, and hatred, etc. Sounds strange though, when I tell you to use hypnosis for de-hypnosis. However, that is the quickest way to get out of mental illusions and delusions.
