What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

The champion of uncelebrated foods including fat, offal, and bones, Jennifer McLagan turns her attention to a fascinating, underappreciated, and trending topic: bitterness. What do coffee, IPA beer, dark chocolate, and radicchio all have in common? They're bitter. While some culinary cultures, such as in Italy and parts of Asia, have an inherent appreciation for bitter flavors (think Campari and Chinese bitter melon), little attention has been given to bitterness in North America: we're much more likely to reach for salty or sweet. However, with a surge in the popularity of craft beers; dark chocolate; coffee; greens like arugula, dandelion, radicchio, and frisée; high-quality olive oil; and cocktails made with Campari and absinthe—all foods and drinks with elements of bitterness—bitter is finally getting its due. In this deep and fascinating exploration of bitter through science, culture, history, and 100 deliciously idiosyncratic recipes—like Cardoon Beef Tagine, White Asparagus with Blood Orange Sauce, and Campari Granita—award-winning author Jennifer McLagan makes a case for this misunderstood flavor and explains how adding a touch of bitter to a dish creates an exciting taste dimension that will bring your cooking to life.

Loosely based on the *Odyssey*, this landmark of modern literature follows ordinary Dubliners in

1904. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. Captivating experimental techniques range from interior monologues to exuberant wordplay and earthy humor. A major achievement in 20th century literature.

"By turns surprising, poetic, and stark, *The Story That Cannot Be Told* is one that should most certainly be read." —Alan Gratz, *New York Times* bestselling author of *Refugee* "A mesmerizing debut." —Publishers Weekly (starred review) A powerful middle grade debut with three starred reviews that weaves together folklore and history to tell the story of a girl finding her voice and the strength to use it during the final months of the Communist regime in Romania in 1989. Ileana has always collected stories. Some are about the past, before the leader of her country tore down her home to make room for his golden palace; back when families had enough food, and the hot water worked on more than just Saturday nights. Others are folktales like the one she was named for, which her father used to tell her at bedtime. But some stories can get you in trouble, like the dangerous one criticizing Romania's Communist government that Uncle Andrei published—right before he went missing. Fearing for her safety, Ileana's parents send her to live with the grandparents she's never met, far from the prying eyes and ears of the secret police and their spies, who could be any of the neighbors. But danger is never far away. Now, to save her family and the village she's come to love, Ileana will have to tell the most important story of her life.

"I will tell you a fairy tale," said the Devil, "on one condition: you must not ask me the moral. You may draw any conclusion you like, but please do not question me. As it is, far too many follies are laid at our door, yet we, strictly speaking, do not even exist. It is you who create us." My story takes place in New York some twenty-five years ago. There lived then a young man by the name of Hugh B.; I will not tell you his full name, but you will soon guess it for yourself. His name is known now to people in all five parts of the globe. But then he was completely unknown. I will start at a tragic moment in the life of this young man, when he was travelling from one of the suburbs of New York to Manhattan, with the intention of buying a revolver and then shooting himself on a lonely shore on Long Island; in a spot which had remained in his memory from the times of boyhood excursions, when he and his playmates, pretending to be explorers, had discovered unknown countries around New York. His intention was very definite and the decision final. All in all, it was a very common occurrence in the life of a big city, something encountered repeatedly; in fact, to be frank, I have had to arrange similar events thousands and tens of thousands of times. However, this time such a common beginning had a quite uncommon sequel and a most uncommon result. Nevertheless before turning to the outcome of the day, I must tell you in detail all that led up to it. Hugh was a born inventor. From early childhood, when walking with his mother in the park or playing with other children, or simply sitting quietly in a corner building with bricks or drawing monsters, he invented incessantly, constructing in his mind a variety of extraordinary contrivances, improvements for everything in the world. He derived a special satisfaction from inventing improvements and adaptations for his aunt. He would draw her with a chimney, or on wheels. For one drawing, in which this not young maiden was portrayed with six legs and other variations, the little Hugh was severely punished. It was one of his first memories. Not long after this Hugh learned first to design and then to make models of his inventions. By this time he had learnt that live people cannot be improved

upon. Nevertheless his inventions were, of course, all pure fantasy: when he was fourteen, he nearly drowned himself trying out home-made water skis of his own design.

Marmalade Boy, Tome 3 Reagan Arthur Books

"Both heartbreaking and sharply funny...Cher Ami and Major Whittlesey is brilliant and surprising at every turn."--Rebecca Makkai, Pulitzer finalist for *The Great Believers* A heart-tugging and gorgeously written novel based on the incredible true story of a WWI messenger pigeon and the soldiers whose lives she forever altered, from the author of *Lillian Boxfish Takes a Walk*. From the green countryside of England and the gray canyons of Wall Street come two unlikely heroes: one a pigeon and the other a soldier. Answering the call to serve in the war to end all wars, neither Cher Ami, the messenger bird, nor Charles Whittlesey, the Army officer, can anticipate how their lives will briefly intersect in a chaotic battle in the forests of France, where their wills will be tested, their fates will be shaped, and their lives will emerge forever altered. A saga of hope and duty, love and endurance, as well as the claustrophobia of fame, *Cher Ami and Major Whittlesey* is a tragic yet life-affirming war story that the world has never heard. Inspired by true events of World War I, Kathleen Rooney resurrects two long-forgotten yet unforgettable figures, recounting their tale in a pair of voices that will change the way that readers look at animals, freedom, and even history itself.

"The *Adventures of Tom Sawyer* by Mark Twain is an 1876 novel about a young boy growing up along the Mississippi River. It is set in the 1840 in the fictional town of St. Petersburg, inspired by Hannibal, Missouri, where Twain lived as a boy. In the novel Tom Sawyer has several adventures, often with his friend Huckleberry Finn. Originally a commercial failure, the book ended up being the best selling of any of Twain's works during his lifetime. Though overshadowed by its sequel, *Adventures of Huckleberry Finn*, the book is by many considered a masterpiece of American literature, and was one of the first novels to be written on a typewriter."
