This second edition of '320 Single Best Answer Questions for Final Year Medical Students' is an invaluable resource for medical students preparing for their final examinations. Additionally, the breadth of topics covered and detailed answers expands the versatility of this book to a larger audience including doctors preparing for postgraduate exams and other allied healthcare professionals who will be examined in general internal medicine. This improved edition contains updated and new questions that are in line with the most recent developments in clinical guidelines as well as being written in accordance with the recent changes to medical school examinations. The 320 questions are divided into 11 commonly tested areas of medicine, surgery and sub-specialities. They are designed to provide a comprehensive coverage of the medical school curriculum and to allow practice by speciality or random selection. The questions are written in the format of medical final examinations. The answers provide detailed explanations as to how the correct answer is reached, followed by a clear discussion of how the incorrect answers are ruled out and supplementary information about other important aspects of each question. The answers are designed to allow the reader to further enhance their clinical knowledge, understanding and single best answer technique, thus making this book an excellent aid for exam preparation.
