Grandma's Nursery AB Discovery
Martin Coster takes us on a journey through the multiverse with one very big exception: every place he goes to accepts diapers and has its own culture surrounding them. Our protagonist travels to other universes and is always in diapers and discovers new worlds, new ideas and a deep desire to live as a baby even more.

See how life could be if our world was more pro-diaper in at least some ways. A story from The Nine Lives of Diapers *The City of Dreams* AB Discovery Sam McCue's newest book takes his simple adult babysitter solution from Sitter Search a step further. Tender Loving Fun can be sent as an ebook or print book to any prospective adult babysitter. The book is a full-length primer on big baby care, and includes entire chapters on understanding infantilism and regression, dressing, feeding, changing, nap and playtime, and bathing a big baby. Tender

Loving Fun is the easiest way ever created to find the babysitter of your dreams. All you do is identify the candidate and supply the eBook. The text presents infantilism and adult baby care in a non-sexual, non-threatening, matter-of-fact way that offers step-by-step guidance. Perhaps the best part of the book: It's illustrated! Well-known ABDL artist Voloh has created 10 terrific full-color images that help prospective babysitters bridge the gap between any 'real' babysitting experience they've had and the notion of an adult in diapers and baby clothes. Read Sitter

Search to identify prospective adult babysitters, then let Tender Loving Fun do the heavy lifting for you. There's no need for sweaty palms and nervous lengthy conversations; this book goes a long way toward 'selling' the babysitter of your dreams on providing the care you want and need. Although not intended specifically for Significant Others, the book will certainly help someone close to you understand what you want from a babysitter, why you need the care, and how your sitter benefits as well. If you've already broken the ice with an initial conversation with your Significant Other, Tender Loving Fun provides a deeper understanding of the care they can provide. An AB Discovery 'After Dark' Book After 'The Second Lives of Diapers' comes a continuation of the theme of wearing used diapers/nappies. A connoisseur's book for sure! Martin takes on a variety of topics

including a multiverse travelling story. Maybe in other universes, ABDL is not as scary to some as it is in our universe. Definitely ABDL 'out on the edge'. Contains: Melody's Special Diapers The Magic Bathroom The Neighbour and Her Friends Worlds Traveller NOTES: contains frequent use of wet and dirty nappies, wet beds and explicit sex. Crossdressing and transgender are common themes. *So, your teenager is wearing diapers!* AB Discovery
Bedwetting is something that we all go through as children, but for many, it does not end there. For most, it is an embarrassing and difficult experience, but for others it can be quite the opposite. This book seeks to allow other people to accept that their bedwetting may be enjoyable and desirable. It then discusses ways to enjoy and expand bedwetting. Containing statistics about bedwetting throughout life, it also details several programs for those who wish to commence wetting their beds or who seek to increase it. Definitely a unique book filled with fabulous information and ideas for a unusual way of life.

Bedwetter! The Thrill of Bedwetting!

Greenwood Publishing Group
We all have a tale to tell about how we started wearing nappies (or diapers!) and each tale is different. There are varying themes, but there is the one consistent one that nappies 'called to us' when we were young and that attraction grew to become a 'siren call'. We were helpless in the embrace of that cloth nappy or plastic disposable that for reasons we didn't understand - and maybe never did - drew us to wear and wet them. For some, it was part of wanting to be a baby again and for others, a response to extended bedwetting. For others still, it was just the nappy; just the feel of its comfort and security. As children, these feelings are tough to handle, never-mind understand. Adults don't understand and most react badly... or worse. This 60,000 word, illustrated book is the story of one UK boy growing up in the 70s and 80s as a late bedwetter whose attraction to nappies has remained to him up until this day.
Post Report AB Discovery
An AB Discovery 'After Dark' book Martin Coster knows only too well that not every used diaper ends up in the trash or the washing machine. Some have a second

wearing. While it is an embarrassing secret, it is remarkably common and Martin brings us stories of such events, some of which have a tinge of true life to them. Read five stories of couples who discovered the secret that few talk about but so many want and enjoy.

A Woman's Guide To... AB Discovery Science fiction allows us to explore otherwise impossible storylines and as adult babies, don't we deserve a little bit of that? Stories of diapers and adult babies in places and times that don't really exist in our world. This compendium has two full novels - one of another world full of sentient animals where diapered regression can save it from destruction while the other explores another world of diapered life available through the wonder of Virtual Reality. Then there is a story of travelling the multiverse... in diapers as a sissy baby. And of course, there has to be a story about... magic! A compendium for everyone who wants something less predictable and more inspiring in our ABDL world.

Nappy Discipline and Dominance AB Discovery

All around the world, parents are

discovering their teenagers are trying out diapers and some of them keep wearing them long after they are toilet trained or cease to wet the bed. It is not a new phenomenon, but it is increasingly becoming a frustration and a fear among parents who simply don't understand it. But this is not the time to panic or be concerned. Rosalie Bent methodically explains how to handle your teen and their diapers. Hard and fast rules and simply forbidding it, will not work, but in this book, you will find some understanding and some tools for dealing with this unusual behaviour, responsibly and effectively. This classic 54-page book - "So, your teenager is wearing diapers..." - takes parents through the why and how of dealing with this as responsible adults. The diaper issue doesn't need to be a huge parent/child argument or a source of constant conflict or confusion. If you are concerned about your teen or you are that teen who needs to explain it to their parents, this is the book for you.

Get the foundation you need to be a successful support worker in both community and institutional settings with

Mosby's Canadian Textbook for the Support Worker, 4th Edition. With a clear student-friendly approach and step-by-step descriptions, this text walks readers through all the information and skills that support workers (including resident care aides and health care aides) need to master to perform their role safely and effectively. Numerous full-colour illustrations, photographs, and tables are combined with real life case studies, examples, and insightful feature boxes to provide an outstanding learning experience. This new edition also features a new chapter on working in acute care; updated content reflecting the latest trends, issues, and practice standards; and a full assortment of online learning resources. With all this included in one great book, it's no wonder that Mosby's is the #1 text used by support worker programs across Canada. Comprehensive coverage guides readers through all information and skills needed by today's support worker. Student-friendly writing style enables readers to easily grasp the material. Providing Compassionate Care boxes highlight the caring aspect of the support worker role. DIPPS icons appear

throughout the text to remind readers of the principles of support work: respecting and promoting their client's Dignity, Independence, Preferences, Privacy, and Safety. Focus on Communication boxes offer guidelines for how to clearly communicate with residents and avoid comments that might make them uncomfortable. Promoting Safety and Comfort boxes emphasize the importance of the patient's or resident's safety and comfort. Focus on Children and Older Adults boxes provide age-specific information about special needs, considerations, and circumstances of children and older adults. Focus on Long-Term Care and Home Care boxes highlight information vital to providing competent care in the long-term and home care settings. Teamwork and Time Management boxes feature specific guidelines to help nursing assistants work most efficiently whether independently or as part of the health care team. Supporting boxes present scenarios about particular clients and discuss how support workers make decisions and solve problems. Think About Safety boxes provide clear, concise, easy-to-follow

advice on how to provide safe care to clients of all ages. Case Study boxes apply some of the concepts discussed in the text to real-life examples of support workers and clients. Focus on Home Care boxes highlight information necessary for safe functioning in the home setting. Respecting Diversity boxes cover the influence of culture on health and illness practices and the importance of sensitivity to cultural diversity in support work. Chapter review questions test reading comprehension of the learning objectives established at the beginning of each chapter.

In a city somewhere exists a gated community for the very unique - a place where 'special' babies live, breathe, go to school, learn and escape the pressures of their unique identity. A community for those whose baby needs will not be hidden nor dismissed. Adults, teenagers and children - all babies on the inside - have special needs and are not accepted by the community at large. Learning to be a baby in an adult world is hard and for many, impossible. Some don't make it through,

but there is a place for the few where the baby inside can also be the baby outside and the adult life that must invariably be ultimately traversed, becomes easier after time spent in... THE CITY OF DREAMS. Sanctuary for the babies in so many of us is here. Now. Come and read about four young people and their parents and how they came to a place of safety and adventure... in diapers.

The Big Book of Girl Stuff AB Discovery Gwendoline Summers has a special style of writing to women about some of the unique options available to them. She knows what it is like to baby her husband. Her first book is a guide to other women seeking to take their partner in hand and make them the baby they both need him to be. This is not an enforced babying guide, but rather one to help women who already KNOW that their partners need the security of nappies, a dummy and a babyish lifestyle, to achieve that goal. The second book covers the subject in a more extensive way about making your partner into a Sissy Baby - a baby girl And the third book brings up an interesting question: is potty training a thing of the past and is it time to reject it both for your

partner and yourself? This book is not just for women with AB partners but for ALL women whether their partners are AB or not! She takes it step by step in how to slowly get your partner into nappies and other baby items. If your partner is AB then you are already partway there, but if they are non-AB, this book is still for you. It is a guidebook along a journey of letting our men express the infancy inside that is so often just beneath the surface.

This book is intended as a primer for those who wish to implement nappy discipline and dominance into their relationship. You don't need experience or even to be wearing diapers yet. This is a guide for serious people about a serious journey into upending the way we traditionally operate our relationships by involving diapers and changing the way we look at adult behaviour and discipline. This book explains how to use diapers, how to get your partner into them, how to use femdom and the use of techniques such as

enforced bedwetting, panty-wearing and open wearing of nappies 24/7. It discusses the ways of taking your partner to a place of infancy and submission. If you wear nappies or want your partner to do so, this is a great book for you, NOTE: this book is identical to 'Diaper Discipline and Dominance' with American terms replaced with British terms

An AB Discovery 'After Dark' Book Our inner secret needs and desires can be bizarre and embarrassing and seemingly at odds with everyone else. And then you read about someone who likes the same inexplicably odd and even 'dirty' things that you do. Martin Coster bring us two

stories of the 'heavier' side of ABDL with bedwetting, dirty diapers, wearing of used diapers. spanking, sex and more. 1 - Sissy Baby Sonya has a very deep 'need and desire' that she wants to fulfill and only one person can do it for her. Dirty nappies abound... and more. 2 - Incontinent woman Alison discovers a surprising aspect of her mysterious neighbour after watching him steal her used diapers. Definitely ABDL 'out on the edge' NOTES: contains extreme use of dirty diapers, wet beds and 'toiletting'.

Potty training is one of our first traumas in life. For some, perhaps most, it is easy, but for others, it can be a deeply traumatic experience with lasting consequences. As we grow to our teenage years and adulthood, potty training is expected and assumed and yet for many, it still remains difficult and for some, seemingly

unnecessary. And yet, society both demands and expects it. A brilliant arguer for breaking social norms, Gwendoline Summers attacks the question of whether or not potty training should be required for preteens, teens and adults and the issues with rejecting it. An openly pro-nappy/diaper book, Gwendoline targets her book not to just adult babies and diaper lovers, but to anyone seeking a reason and rationale for avoiding the toilet and making alternative choices.
