Fans of Wendy Mass and Lisa Greenwald are sure to fall head-over-heels for this sweet story about first crushes, friendship drama, and finding the courage to stand up for yourself. Seventh grade is supposed to be a game changer. And Keiko thinks she's got it covered, especially with Audrey and Jenna by her side to shop for a new look, pick out a prime lunch spot, and even hit

up that cute new bubble tea place after school. Her trio is ready to tackle life as they always have... together. But when Audrey decides they need boyfriends before Fall Ball, it looks like things may be changing in all the wrong ways. Jenna is sick of caving in to Audrey's demands, and soon Keiko's besties are barely talking, leaving her caught in the middle. While she's been dreaming about triple dates, first kisses, and a boy she really shouldn't have a crush on, the friendship she's always thought was rock-solid is beginning to crumble. Keiko feels pulled in two directions. Should she try to help her friends -- even if it means losing one

of them -- or follow her heart? When it comes to flirting, friendships, and fallouts, how is Keiko supposed to keep it all together?

After what her best friend Rennie got her into this past summer and the way her guy friends are looking at her little sister, she is starting to feel like these "friends" are nothing but the entitled brats she has always denied they were. Mary has just gotten back to Jar Island after a traumatic event several years ago that still haunts her. She is determined to put it behind her, but when she sees Reeve, she is certain that will only happen when he feels the

same pain that his actions caused her. But she can't get revenge alone... Maybe someone should show them there are consequences to bad behaviour.

She bakes delicious desserts for Peter, which he thoroughly enjoys eating. There is also a sumptuous thanksgiving dinner that Lara's family enjoys with a table full of delicious dishes. Selma Blair has played many roles: Ingenuer in Cruel Intentions. Preppy ice queen in Legally Blonde. Muse to Karl

Lagerfeld. Advocate for the multiple sclerosis community. But before all of that, Selma was known best as ... a mean baby. In a memoir that is as wildly funny as it is emotionally shattering, Blair tells the captivating story of growing up and finding her truth. "Blair is a rebel, an artist, and it turns out: a writer."—Glennon Doyle, Author of the #1 New York Times Bestseller *Untamed* and Founder of Together Rising

The first story Selma Blair Beitner ever heard about herself is that she was a mean, mean baby. With her mouth pulled in a perpetual snarl and a head so furry it had to be rubbed to make way for her forehead, Selma spent years living up to her terrible reputation: biting her sisters, lying spontaneously, getting drunk from Passover wine at the age of seven, and

behaving dramatically so that she would be the center of attention. Although Selma went on to become a celebrated Hollywood actress and model, she could never quite shake the periods of darkness that overtook her, the certainty that there was a great mystery at the heart of her life. She often felt like her arms might be on fire, a sensation not unlike electric shocks, and she secretly drank to escape. Over the course of this beautiful and, at times, devastating memoir, Selma lays bare her addiction to alcohol, her devotion to her brilliant and complicated mother, and the moments she flirted with death. There is brutal violence, passionate love, true friendship, the gift of motherhood, and, finally, the surprising salvation of a multiple sclerosis diagnosis. In a voice

that is powerfully original, fiercely intelligent, and full of hard-won wisdom, Selma Blair's *Mean Baby* is a deeply human memoir and a true literary achievement.

To All the Boys I've Loved Before She Winked Press

Funny and deeply personal, *Sorry Not Sorry* recounts Glee star Naya Rivera's successes and missteps, urging young women to pursue their dreams and to

refuse to let past mistakes define them. Navigating through youth and young adulthood isn't easy, and in *Sorry Not Sorry*, Naya Rivera shows us that we're not alone in the highs, lows, and in-betweens. Whether it's with love and dating, career and ambition, friends, or gossip, Naya inspires us to follow our own destiny and step over--or plod through--all the crap along the way. After her rise and fall from early childhood stardom, barely eking her way through high school, a brief stint as a Hooters waitress, going through thick and thin with her mom/manager, and resurrecting her acting career as Santana Lopez on *Glee*, Naya emerged from these experiences with some key life lessons: *Sorry*: - All those times I scrawled "I HATE MY MOM" in my

journal. So many moms and teenage daughters don't get along--we just have to realize it's nothing personal on either side. - At-home highlights and DIY hair extensions. Some things are best left to the experts, and hair dye is one of them. - Falling in love with the idea of a person, instead of the actual person. *Not Sorry*: - That I don't always get along with everyone. Having people not like you is a risk you have to take to be real, and I'll take that over being fake any day. - Laughing at the gossip instead of getting upset by it. - Getting my financial disasters out of the way early--before I was married or had a family--so that the only credit score that I wrecked was my own. Even with a successful career and a family that she loves more than anything else, Naya says, "There's still a thirteen-

year-old girl inside of me making detailed lists of how I can improve, who's never sure of my own self-worth." Sorry Not Sorry is for that thirteen-year-old in all of us.

In Jenny Han's follow-up to *The Summer I Turned Pretty*, Belly finds out what comes after falling in love. Now available in paperback!

It's Not Summer Without You North Star Editions, Inc.

In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants.

She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do

thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

One cold fall day, high school junior Liz Emerson steers her car into a tree. This haunting and heartbreaking story is told by a surprising and unexpected narrator and unfolds in nonlinear flashbacks even as Liz's friends, foes, and family gather at the hospital and Liz clings to life. This riveting debut will appeal to fans of *Before I Fall*, by Lauren Oliver, and 13

Reasons Why, by Jay Asher. "On the day Liz Emerson tries to die, they had reviewed Newton's laws of motion in physics class. Then, after school, she put them into practice by running her Mercedes off the road." Why did Liz Emerson decide that the world would be better off without her? Why did she give up? The nonlinear novel pieces together the short and devastating life of Meridian High's most popular junior girl. Mass, acceleration, momentum, force—Liz didn't understand it in physics, and even as her Mercedes hurtles toward the tree, she doesn't understand it now. How do we impact one another? How do our actions reverberate? What does it mean to be a friend? To love someone? To be a daughter? Or a mother? Is life truly more than cause and effect? Amy Zhang's

haunting and universal story will appeal to fans of Lauren Oliver, Gayle Forman, and Jay Asher.
