Corporate Legal Compliance Handbook, Third Edition, provides the knowledge necessary to implement or enhance a compliance program in a specific company, or in a client's company. The book focuses not only on doing what is legal or what is right--the two are both important but not always the same--but also on how to make a compliance program actually work. The book is organized in a sequence that follows how to approach a compliance program. It gives the compliance officer, consultant, or attorney a good grounding in the basics of compliance law. This includes such things as the rules about corporate and individual liability, an understanding of the basics of the key laws that impact companies, and the workings of the U.S. Sentencing Guidelines. Successful programs also require an understanding of educational techniques, good communication skills, and the use of computer tools. The effective compliance program also takes into account how to deliver messages using a variety of media to reach employees in different locations, of different ages or education, who speak different languages. Note: Online subscriptions are for three-month periods.

Investment Company Determination Under the 1940 Act Corwin Press

The Renaissance of Letters traces the multiplication of letter-writing practices between the fourteenth and seventeenth centuries in the Italian peninsula and beyond to explore the importance of letters as a crucial document for understanding the Italian Renaissance. This edited collection contains case studies, ranging from the late medieval re-emergence of letter-writing to

the mid-seventeenth century, that offer a comprehensive analysis of the different dimensions of late medieval and Renaissance letters—literary, commercial, political, religious, cultural, social, and military—which transformed them into powerful early modern tools. The Renaissance was an era that put letters into the hands of many kinds of people, inspiring them to see reading, writing, receiving, and sending letters as an essential feature of their identity. The authors take a fresh look at the correspondence of some of the most important humanists of the Italian Renaissance, including Niccolò Machiavelli and Isabella d'Este, and consider the use of letters for others such as merchants and physicians. This book is essential reading for scholars and students of Early Modern History and Literature, Renaissance Studies, and Italian Studies. The engagement with essential primary sources renders this book an indispensable tool for those teaching seminars on Renaissance history and literature.

If you want to know how to be the best, you learn from the best. Two SHAPE America Physical Education Administrators of the Year share what it takes to be an outstanding administrator in Organization and Administration of Physical Education: Theory

and Practice. Jayne Greenberg and Judy LoBianco, veteran leaders in the field with decades of successful administration experience, head a sterling list of contributors who have taught at the elementary, middle school, high school, and college levels in urban, suburban, and rural settings. Together, these contributors expound on the roles and responsibilities of physical education administrators through both theoretical and practical lenses. The result is a book that will be highly useful to undergraduate students looking to enter the field, as well as a resource for administrators in physical education leadership positions who are looking to acquire new skills and innovative ideas in each of the five areas of responsibility covered in the book. Part I covers leadership, organization, and planning. It explores leadership and management styles and presents practical theories of motivation, development, and planning. It also looks at how to plan for the essential components of an effective, quality physical education program. In part II, readers examine various curriculum and instruction models and navigate through curriculum theory and mapping. This section also offers guidance on planning events, including special programs and fundraising projects, and how to build a team and secure community connections for those special events. Part III helps administrators plan and design new school sites or renovate existing ones, and it presents contemporary concepts in universal design and sustainable environmental design. It also offers ideas on how to incorporate technology to meet the needs of 21st-century learners, including the use of social media and robotics in delivering instruction and communication. Part IV explores written, verbal, and electronic communication issues, as well as legal and human resource issues. Administrators learn how to lobby and advocate for physical education, how the legal system affects schools, and how to examine personnel issues, bullying, and harassment. Part V explains the fiscal responsibilities inherent in administrative positions, including budgeting, bidding, and purchasing. It also shows how administrators can secure funding independent of district or local funding, offering many examples of grants and fundraising opportunities with sample grant applications. Throughout the text, special features—Advice From the Field and Leadership in Action—share tips, nuggets of wisdom, and examples of administrators excelling in their various responsibilities. The book also comes with many practical examples of forms that are useful in carrying out responsibilities, and each chapter offers objectives, a list of key concepts, and review questions to facilitate the learning. In addition, the text has related online resources consisting of supportive materials and documents. *Organization and Administration of Physical Education: Theory and Practice*, published with SHAPE America, offers the solid foundational theory that administrators need and shows how to put that theory into daily practice. Note: A code for accessing HKPropel is included with this ebook.

Most of us would rather have a root canal than ask for money. Raising support is one of the most difficult challenges facing Christians in ministry. Fears of rejection, concerns about biblical

validity, feelings of not being deserving, anxiety about limited resources can all block us from obtaining the means to fulfill our calling. This book both affirms that God uses the Christian community to send us into ministry and demystifies the process. This down-to-earth handbook offers a clear, biblical perspective gives step-by-step instructions on how to assemble the tools unique to each person's support-raising task helps you know what range of gift to ask of a potential donor outlines the how-tos of holding a home promotional event tells the four predictors of church support is aware of the diverse ethnic contexts of today's new mission candidates includes a chapter by a woman for women on their unique challenges in support raising shows how to build a base in a strong church when you don't have one explains exactly why people do and don't give The relational strategy in this book has proven valuable for those who serve Christ on campus, in the city or in other special ministries at home or abroad. It is not necessarily the quickest approach to raising money, but it is the most lasting and fulfilling for those who give and receive.
