"Few books have had as great an impact on the cause of world evangelization in our generation as Robert Coleman's "The Master Plan of Evangelism.""--Billy Graham It all started when Jesus called a few men to follow him and share God's message with their neighbors. We are called to

do the same. But evangelism can be difficult--even intimidating. With all the evangelism resources available, where should you turn to find advice on how to share the Good News with others? Robert E. Coleman says the answers aren't found in TV evangelism, easy-evangelism guidebooks, or the latest marketing techniques. Rather, he looks to the Bible, to the ultimate example found in Jesus Christ. For more than forty years this classic, biblical look at evangelism has challenged and instructed over three million readers. Now repackaged for a new generation, "The Master Plan of Evangelism" is as fresh and relevant as ever. Join the movement and discover how you can minister to the people God brings into your life.

Manresa; Or, the Spiritual Exercises of St. Ignatius, Etc. [Translated from the Latin.] Baker Books

This book is Divinely inspired and proclaims the need for all Christians to believe all the words of Jesus Christ - exactly as He says in a correctly translated Holy Bible, such as the King James Version and those based on it. Herein includes the "First Principles of The Oracles of God", and is for all who sincerely wish that God, The Creator of all heaven and earth, will intervene in the affairs of life and in world circumstances. All that Jesus says and is given us through His holy apostles - very much 'do' apply to all Christians today, the same as yesterday; and will apply forever. As Jesus says, "My words will by no means pass away" (Mark 24:35). Therefore, this book is for all of God's children to get understanding of the Lord's spiritual precepts and commands. The reader will review from the Holy Scriptures how every Christian should be (especially now) diligently seeking a close relationship with Jesus Christ - to know "His Ways". And, know how He has 'given us' spiritual Authority to reverse the rising social turmoil and stop the devastation that has been plaguing this nation, and over the earth. This book will enlighten every reader to know how we need to seriously examine ourselves and our relationship with Jesus Christ. And that we need to do so quickly, rather than blaming others (and each other) for our troubles; and to know that the Way to life abundantly is to truly be in Jesus Christ - not relying on government policies and programs. For the good of all in God's house, our families and our loved ones, and for the salvation of our country, it is hoped that you and all in your family will obtain a copy of this book, read and study it carefully. Herein are fresh enlightenment of God's Truth and whole Counsel. Folks; this is sorely needed, because as Jesus says, "It-is-written" (Luke 4:4). Blessings to all.

In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit, life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.

"A Comprehensive Bible Study on the First Principles of the Oracles of God: Using Word Studies and Comparing Scripture with Scripture" explores all seven principles: The Doctrine of Christ, Repentance from Dead Works, Faith toward God, The Doctrine of Baptisms, Laying on of Hands, Resurrection of the Dead, and Eternal Judgment, as they are listed in the Book of Hebrews. Using sound and proven hermeneutics of word studies, relevant Scriptures will be compared with other such Scriptures to give a comprehensive understanding of each principle. This study will reveal that each principle builds on one another to fully equip the saint to be able to advance to a level of maturity in his faith, so as to be able to stand firm in the faith against the wiles of the devil, the flesh, and the world.

New York Times Bestseller Editors' Choice —New York Times Book Review "Ricks knocks it out of the park with this jewel of a book. On every page I learned something new. Read it every night if you want to restore your faith in our country." —James Mattis, General, U.S. Marines (ret.) & 26th Secretary of Defense The Pulitzer Prize-winning journalist and #1 New York Times bestselling author offers a revelatory new book about the founding fathers, examining their educations and, in particular, their devotion to the ancient Greek and Roman classics—and how that influence would shape their ideals and the new American nation. On the morning after the 2016 presidential election, Thomas Ricks awoke with a few questions on his mind: What kind of nation did we now have? Is it what was designed or intended by the nation's founders? Trying to get as close to the source as he could, Ricks decided to go back and read the philosophy and literature that shaped the founders' thinking, and the letters they wrote to each other debating these crucial works—among them the Iliad, Plutarch's Lives, and the works of Xenophon, Epicurus, Aristotle, Cato, and Cicero. For though much attention has been paid the influence of English political philosophers, like John Locke, closer to their own era, the founders were far more immersed in the literature of the ancient world. The first four American presidents came to their classical knowledge differently. Washington absorbed it mainly from the elite culture of his day; Adams from the laws and rhetoric of Rome; Jefferson immersed himself in classical philosophy, especially Epicureanism; and Madison, both a groundbreaking researcher and a deft politician, spent years studying the ancient world like a political scientist. Each of their experiences, and distinctive learning, played an essential role in the formation of the United States. In examining how and what they studied, looking at them in the unusual light of the classical world, Ricks is able to draw arresting and fresh portraits of men we thought we knew. First Principles follows these four members of the Revolutionary generation from their youths to their adult lives, as they grappled with questions of independence, and forming and keeping a new nation. In doing so, Ricks interprets not only the effect of the ancient world on each man, and how that shaped our constitution and government, but offers startling new insights into these legendary leaders.

In the homiletics field, a text has been needed that blends hermeneutics, sermon development, and sermon delivery. Engaging Exposition fills that gap with what its experienced authors call a "3-D approach" to preaching. Bill Curtis writes about the Discovery process—how to equip the student to discover the meaning of a biblical text by using sound principles of interpretation, and to move from biblical analysis to biblical interpretation. Danny Akin addresses the Development process—how to equip the student to develop expository sermons based upon results of the interpretive process, and to move from the Main Idea of the Text (MIT) to the completed sermon. Stephen Rummage explains the Delivery process—how to equip students to deliver expository messages using the completed sermon, and to move from an understanding of speech communication principles to persuasive delivery.

Option for the Poor Thomas Nelson

Relationships are messy. We’re all different and imperfect, and we can struggle to get along—especially with those who disagree with us. Often we find ourselves divided—even as Christians. How can we work out our differences and disagreements with humility and grace, always showing the love of Christ, while still remaining true to what we believe? The Apostle Paul wrote to the Christians living in Corinth about this very thing. The cultural backdrop of Corinth was even more overtly sinful than our culture today, yet Paul boldly encouraged the Corinthian Christians not to ridicule one another or outsiders but to work together to show the love of Christ. In this six-week study we will explore Paul’s first letter to the Corinthians to learn how we as Christians are to deal with differences and divisions—whether in the workplace, neighborhood, school, home, social media community, or church. We’ll discover that the answer is living and sharing the radical love of Jesus Christ, and we’ll unpack what this means and how we can live it out day by day. The Leader Guide, to be used along with the study’s workbook and DVD, contains six session plan outlines, complete with discussion points and questions, activities, prayers, and more—plus leader helps for facilitating a group. Other components for the Bible study, available separately, include a Participant Workbook, DVD with six 25-30 minute sessions, and boxed Leader Kit (an all-inclusive box containing one copy of each of the Bible study’s components).
