This book is designed to be an ancillary to the classes, labs, and hands on practice that you have diligently worked on in preparing to obtain your PMI Agile Certified

Practitioner (PMI-ACP) certification. I won't bother talking about the benefits of certifications. This book tries to reinforce the knowledge that you have gained in your process of studying. It is meant as one of the end steps in your preparation for the PMI-ACP exam. This book is short, but it will give you a good gauge of your readiness. Learning can be seen in 4 stages: 1. Unconscious Incompetence 2. Conscious Incompetence 3. Conscious Competence

4. Unconscious Competence This book will assume the reader has already gone through the needed classes, labs, and practice. It is meant to take the reader from stage 2, Conscious Incompetence, to stage 3 Conscious Competence. At stage 3, you should be ready to take the exam. Only real-world scenarios and work experience will take you to stage 4, Unconscious Competence. I am not an author by trade. My goal is not to write the cleanest of a book. This book will get to

the gist of things, no frills no thrills. The only purpose is to have the reader pass the PMI-ACP exam. Before we get started, we all have doubts when preparing to take an exam. What is your reason and purpose for taking this exam? Remember your reason and purpose when you have some doubts. Obstacle is the way. Control your mind, attitude, and you can control the situation. Persistence leads to confidence. Confidence erases doubts.

The Princeton Review realizes that acing the GRE Literature Test is very different from getting straight A's in school. We don't try to teach you everything there is to know about literature- only the techniques you'll need to score higher on the test. "There's a big difference," In "Cracking the GRE Literature Test,"

we'll teach you how to think like the test writers and - Eliminate answer choices that look right but are planted to fool you - Raise your score by focusing on the material most likely to appear on the test - Study our brief summaries of major literary works and figures - Review our introduction to literary terms, verse forms, and schools of criticism This book includes one full-length, practice GRE Literature Test. All of our practice questions are like the ones you'll see on the

actual GRE Literature Test, and we fully explain every solution.
