Down, this is New York Times bestselling author Jason Reynolds’s electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he’s going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in

the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the

sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just

as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor

elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato

narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.  In his acclaimed books, renowned writer, speaker, and philosophy professor Dallas Willard explored the nature of Christian life in God's Kingdom. Yet one topic remained undisclosed: Willard's understanding of heaven and eternal life. In the months before his death, Willard engaged in moving and insightful

conversations about the meaning of life and the life to come with close friend and theologian Gary Black Jr. These inspiring dialogues were steeped in biblical theology as well as practical wisdom grounded in the here-and-now. In *Preparing for Heaven* Black reveals not only Willard's profound and liberating vision of life after death, he also deftly unpacks the implications

these realities hold for our lives today. *Black* shows how Willard understood our mortal lives as preparation for what comes next—that death is not the end of one life and the beginning of another, but rather a transition through which we continue the transformational work begun on Earth. Informative, challenging, and poignant, *Willard and Black's* conversations and insights

challenge us to reconsider our beliefs—that perhaps the line separating the afterlife from this life is not as absolute as we think, and that there is work to be done both now and in the glorious life to come. As a result we will find that our faith is more vibrant—and eternal—than we have dared to imagine. *The Time Keeper* Macmillan The poignant, “powerful” (The Boston Globe) look at

how to appreciate life from an extraordinary professor who teaches about death: “Poetic passages and assorted revelations you’ll likely not forget” (Chicago Tribune). Why does a college course on death have a three-year waiting list? When nurse Norma Bowe decided to teach a course on death at a college in New Jersey, she never expected it to be popular. But year after year students crowd into her

classroom, and the reason is clear: Norma’s “death class” is really about how to make the most of what poet Mary Oliver famously called our “one wild and precious life.” Under the guise of discussions about last wills and last breaths and visits to cemeteries and crematoriums, Norma teaches her students to find grace in one another. In *The Death Class*, award-winning

journalist Erika Hayasaki followed Norma for more than four years, showing how she steers four extraordinary students from their tormented families and neighborhoods toward happiness: she rescues one young woman from her suicidal mother, helps a young man manage his schizophrenic brother, and inspires another to leave his gang life behind. Through this unorthodox

class on death, Norma helps kids who are barely hanging on to understand not only the value of their own lives, but also the secret of fulfillment: to throw yourself into helping others. Hayasaki's expert reporting and literary prose bring Norma's wisdom out of the classroom, transforming it into an inspiring lesson for all. In the end, Norma's very own life—and how she lives it—is the lecture that

sticks. "Readers will come away struck by Bowe's compassion—and by the unexpectedly life-affirming messages of courage that spring from her students' harrowing experiences" (Entertainment Weekly).

 What if our beliefs were not what divided us, but what pulled us together
 In Have a Little Faith, Mitch Albom offers a beautifully

written story of a remarkable eight-year journey between two worlds--two men, two faiths, two communities--that will inspire readers everywhere. Albom's first nonfiction book since Tuesdays with Morrie, *Have a Little Faith* begins with an unusual request: an eighty-two-year-old rabbi from Albom's old hometown asks him to deliver his eulogy. Feeling unworthy,

Albom insists on understanding the man better, which throws him back into a world of faith he'd left years ago. Meanwhile, closer to his current home, Albom becomes involved with a Detroit pastor--a reformed drug dealer and convict--who preaches to the poor and homeless in a decaying church with a hole in its roof. Moving between their worlds, Christian and Jewish,

African-American and white, impoverished and well-to-do, Albom observes how these very different men employ faith similarly in fighting for survival: the older, suburban rabbi embracing it as death approaches; the younger, inner-city pastor relying on it to keep himself and his church afloat. As America struggles with hard times and people turn more to their beliefs,

Albom and the two men of God explore issues that perplex modern man: how to endure when difficult things happen; what heaven is; intermarriage; forgiveness; doubting God; and the importance of faith in trying times. Although the texts, prayers, and histories are different, Albom begins to recognize a striking unity between the two worlds--and indeed, between beliefs everywhere. In the end, as

the rabbi nears death and a harsh winter threatens the pastor's wobbly church, Albom sadly fulfills the rabbi's last request and writes the eulogy. And he finally understands what both men had been teaching all along: the profound comfort of believing in something bigger than yourself. *Have a Little Faith* is a book about a life's purpose; about losing belief and finding it

again; about the divine spark inside us all. It is one man's journey, but it is everyone's story. Ten percent of the profits from this book will go to charity, including *The Hole In The Roof Foundation*, which helps refurbish places of worship that aid the homeless. *Teaching Nursing Care of Chronic Illness* Dramatists Play Service, Inc. Purchase this in-depth summary to learn more. *And the Winner is* Bloomsbury Publishing USA This sixth edition reflects almost

40 years of scholarship as well as professional and personal practice in recreation, parks, and tourism. The text has become one of the most widely adopted titles in university courses worldwide. In this new edition of the book, the phenomenon of leisure is presented through new research findings and contemporary societal dilemmas to suggest that leisure is one of the most

interesting, relevant, and exciting subjects of study today. The book reflects a wide range of material from the disciplines of leisure studies, sociology, psychology, economics, political science, anthropology, geography, the humanities, and media and cultural studies. Indeed, more than a textbook, this is very much a point of view. Leisure is presented as a human

phenomenon that is individual and collective, vital and frivolous, historical and contemporary, factual and subjective, and good and bad. As a learning tool, this sixth edition teaches more. It contains updated and new illustrations of concepts through field-based cases, biographical features, exploratory activities, and research studies. In the first part, leisure is defined as a

condition of humanity. Its meanings are traced through the humanities and history, as well as in today's connotations. The benefits of leisure are presented, ranging from freedom to pleasure to risk to spirituality, and leisure's benefit to healthful well-being is demonstrated. As well, part one of the text presents theories for explaining leisure behavior. Part Two discusses leisure as a

cultural mirror -- its societal context. Chapters include leisure and anthropology, geography, technology, popular culture, and taboo recreation. Finally, in Part Three, the functional side of leisure is explored in terms of its instrumental relationship to work, money, time, and equity. Leisure systems of public, private, and commercial sponsorship are described to confirm leisure's utility.

Instructor resources and a website for student resources available. *The Fab Five* SAGE This book is for Christian readers of fiction who might experience difficulty trying to make an informed choice beyond what is being published by evangelical presses. Marketed to a specific target audience, evangelical fiction oftentimes leaves a reader with a strong emotional

response but lacks the literary depth or the breadth of subject that could inspire life-changing spiritual growth. With this premise at the heart of her book, Connie Wineland includes her own story of conversion to Christianity by way of reading fiction. During her late twenties and early thirties, particularly while in graduate school, Wineland became immersed in literary and rhetorical

studies while also practicing an Eastern form of religion as well as Native American spirituality. However, despite all her training in literary theory, her readings in Romantic, Victorian, modern, and postmodern literature (which she explains), as well as her personal interest in mythology and world religions, kept her questioning the existence of God and the possible

nature of God. Then, as a relatively new convert to Christianity, she faced several challenges at a small Christian college where she taught literature and writing courses. Eventually wanting to reach beyond the academic community, Wineland began a local Christian readers' group, which she ran for four years. She includes in this book resources and materials such as sample

syllabi and study-guide questions, useful Web addresses, and plenty of how-to information for starting and running your own book club. Also included is an extensive list of annotated titles of recommended reading to get anyone started! Preparing for Heaven Houghton Mifflin Sharp and witty observations of academic life that range from the local to the global, from

PowerPoint to the halls of power. Is a university education still relevant? What are the forces that threaten it? Should academics ever be allowed near Twitter? In Academic Diary, Les Back has chronicled three decades of his academic career, turning his sharp and often satirical eye to the everyday aspects of life on campus and the larger forces that are reshaping it.

Presented as a collection of entries from a single academic year, the diary moves from the local to the global, from PowerPoint to the halls of power. With entries like “Ivory Towers” and “The Library Angel,” these smart, humorous, and sometimes absurd campus tales not only demystify the opaque rituals of scholarship but also offer a personal perspective on the far-reaching issues of university life. Commenting on topics that range from the impact of commercialization and fee increases to measurement and auditing research, the diary offers a critical analysis of higher education today. At the same time, it is a passionate argument for the life of the mind, the importance of collaborative thinking, and the reasons that scholarship and writing are still vital for making sense of our troubled and divided world.

In this modern classic from the National Book Award-nominated author of *The Chosen*, a young religious artist is compulsively driven to render the world he sees and feels, even when it leads him to blasphemy. “A novel of finely

articulated tragic power Little short of a work of genius.”—The New York Times Book Review Asher Lev is a Ladover Hasid who keeps kosher, prays three times a day and believes in the Ribbono Shel Olom, the Master of the Universe. He grows up in a cloistered Hasidic community in postwar Brooklyn, a world suffused by ritual and revolving around a charismatic Rebbe. He is torn between

two identities, the one consecrated to God, the other devoted only to art and his imagination, and in time, his artistic gift threatens to estrange him from that world and the parents he adores. As it follows his struggle, *My Name Is Asher Lev* becomes a luminous, visionary portrait of the artist, by turns heartbreaking and exultant. [The Book of Life \(Movie Tie-In\)](#) Simon and Schuster The definitive Oxford

Textbook of Palliative Medicine, now in its fifth edition, has again been thoroughly updated to offer a truly global perspective in this field of extraordinary talent and thoughtfulness. Updated to include new sections devoted to assessment tools, care of patients with cancer, and the management of issues in the very young and the very old, this leading textbook covers all the

new and emerging topics since its original publication in 1993. In addition, the multi-disciplinary nature of palliative care is emphasized throughout the book, covering areas from ethical and communication issues, the treatment of symptoms and the management of pain. This fifth edition of the Oxford Textbook of Palliative Medicine is dedicated to the memory of Professor

Geoffrey Hanks, pioneer in the field of palliative medicine, and co-editor of the previous four editions. Winner in the Medicine category of the British Medical Association Book Awards, this is a truly comprehensive text, no hospital, hospice, palliative care service, or medical library should be without this essential source of information. Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more

profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you,

receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final “class”: lessons in how
