## ASHLEY YOSEF

### Out of Our Minds Cengage Learning

Translated from the Jusef Vrioni's French version of the Albanian original, this is the author's own vision of totalitarianism.

### The Siege Psychology Press

An extraordinary epic, brilliantly-imagined, new novel from a world-class writer and author of *The Name of the Rose*. Discover the Middle Ages with Baudolino - a wondrous, dazzling, beguiling tale of history, myth and invention. It is 1204, and Constantinople is being sacked and burned by the knights of the fourth Crusade. Amid the carnage and confusion Baudolino saves a Byzantine historian and high court official from certain death at the hands of the crusading warriors, and proceeds to tell his own fantastical story.

### The Encyclopedic Dictionary of Applied Linguistics John Wiley & Sons

Seeking throughout to bridge the gap between the creative and the critical, and to span disciplinary boundaries, this book offers a significant intervention in the theory of creativity and the practice of criticism.

### Broken April Multilingual Matters

It's the late 1940s in Skopje, Yugoslavia, in the critical year leading to Tito's break with Stalin. Pushed to leave mountain villages to become the new proletariat in urban factories, a flood of peasants crowds into Skopje—and with them, all of their goats. Suffering from hunger, Skopje's citizens welcome the newcomers. But municipal leaders are faced with a dilemma when the central government issues an order calling for the slaughter of the country's goat population. With food so scarce, will they hide the outlawed animals? Or will they comply with the edict and endure the bite of hunger? *The Time of the Goats* is the second novel in Luan Starova's acclaimed multivolume Balkan saga. It follows the main characters from *My Father's Books* and the tragicomic events of their lives in Skopje as the narrator's intellectual father and the head goatherd become friends. As local officials clumsily

carry out absurd policies, Starova conveys the bonds of understanding and mutual support that form in Skopje's poorest neighborhoods. At once historical and allegorical, folkloric and fantastic, *The Time of the Goats* draws lyrically on Starova's own childhood.

### **Baudolino** Rowman & Littlefield

In the 21st century, when creativity has been identified as a major economic force, Guy Claxton and Bill Lucas demonstrate how we can develop and benefit from creativity in our careers and personal lives. In concise steps they explain what 'creativity' means and how it has become a significant skill in our lives.

### **E folmja e shqiptarëve të Ukrainës** Cambridge University Press

Ky vëllim, i përbërë nga gjashtë studime të mirëfillta analitiko-historike dhe tre kontribute të karakterit ligjërim/rrëfim, ofron një vështrim historik të marrëdhënieve njëshekullore shqiptaro-çeko(slovake) jo vetëm në lëmet diplomatike dhe ekonomiko-tregetare, por dhe ato njerëzore, kulturore e arsimore. Ky libër zbulon se shqiptarët dhe çekët edhe pse gjeografikisht pak larg njëri-tjetrit, politikisht ndonjëherë jo dhe aq të interesuar, kanë kultivuar e kultivojnë jo vetëm lidhje të forta tregtare por edhe simpati reciproke që kanë ardhur si pasojë e lidhjeve të hershme si dhe shtimit në vazhdimësi të kontakteve të drejtëpërdrejta. Këto simpati e kontakte duken edhe më forta në këtë 100 vjetor të marrëdhënieve të tyre diplomatike. Tato monografie skládající se ze šesti historických analýz a tří příspěvků memoárového a přehledového charakteru poskytuje celkový pohled na stoletou historii česko(slovensko)-albánských vztahů - nejen těch diplomatických a ekonomických, ale i vztahů kulturních, mezilidských či v oblasti vzdělávání. Tato kniha dokazuje, že Češi a Albánci, navzdory své geografické vzdálenosti a ne vždy silným politickým vazbám, v minulosti rozvíjeli a stále rozvíjejí jak silné obchodní vztahy, tak i oboustranné sympatie. Ty vycházejí z vazeb v minulosti, ale i z nárůstu přímých vzájemných kontaktů. Dnes, sto let od navázání diplomatických vztahů, se sympatie a kontakty mezi Čechy a Albánci zdají být ještě silnější.

"It is often said that education and training are the keys to the future. They are, but a key can be turned in two directions. Turn it one way and you lock resources away, even from those they belong to. Turn it the other way and you release resources and give people back to themselves. To realize our true creative potential—in our organizations, in our schools and in our communities—we need to think differently about ourselves and to act differently towards each other. We must learn to be creative." —Ken Robinson PRAISE FOR OUT OF OUR MINDS "Ken Robinson writes brilliantly about the different ways in which creativity is undervalued and ignored . . . especially in our educational systems." —John Cleese "Out of Our Minds explains why being creative in today's world is a vital necessity. This book is not to be missed." —Ken Blanchard, co-author of *The One-minute Manager* and *The Secret* "If ever there was a time when creativity was necessary for the survival and growth of any organization, it is now. This book, more than any other I know, provides important insights on how leaders can evoke and sustain those creative juices." —Warren Bennis, Distinguished Professor of Business, University of Southern California; Thomas S. Murphy Distinguished Research Fellow, Harvard Business School; Best-selling Author, *Geeks and Geezers* "All corporate leaders should read this book." —Richard Scase, Author and Business Forecaster "This really is a remarkable book. It does for human resources what Rachel Carson's *Silent Spring* did for the environment." —Wally Olins, Founder, Wolff-olins "Books about creativity are not always creative. Ken Robinson's is a welcome exception" —Mihaly Csikszentmihalyi, c.s. and d.j. Davidson Professor of Psychology, Claremont Graduate University; Director, Quality of Life Research Center; Best-selling Author, *Flow* "The best analysis I've seen of the disjunction between the kinds of intelligence that we have traditionally honored in schools and the kinds of creativity that we need today in our organizations and our society." —Howard Gardner, a. hobbs professor in cognition and education, Harvard Graduate School of Education, Best-selling Author, *Frames of Mind* *Bibliografia kombëtare e Republikës Popullore të Shqipërisë* GRIN Verlag

Improving Human Learning in the Classroom provides a functional and realistic approach to facilitate learning through a demonstration of commonalities between the various theories of learning. Designed to assist educators in eliciting students' prior knowledge, providing feedback, transfer of knowledge, and promoting self-assessment, Taylor and MacKenney provide proven strategies for infusing various learning theories into a curriculum, guiding educators to find their own strategies for promoting learning in the classroom. Both quantitative and qualitative research methods investigate learning theories and reforms in education. Quantitative data sources build the theoretical framework for educating the student, as well as developing strategies for closing the achievement gap. Taylor and MacKenney fuse personal experiences with solid strategies for human learning.

*The Myth of Lasgush* Universal-Publishers

'That which puzzled and fascinated me whenever I met Lasgush was this sensation of the impossible. It was impossible to get on with him as you did with others. The moment you were at him, or rather, the moment you knocked at his door, suddenly all became another thing. There was another logic, another code, other words, wrapped up in another meaning. .when you went to Lasgush's, it was more than going abroad. You believed you dropped somewhere beyond our time, beyond the everyday way of looking at things. One more step and it looked as if you would cross the borders of life and would find yourself in Dante's nothingness. .He was unpredictable, corrosive like acid, creepy, startling. His laugh was like as if beyond our life, mirthless, and his sadness had no grief. As for his anger, it was such as well,

luxurious, cold, whereas his contempt was radiating from afar, as if adorned with silver.' (Kadare, In My Studio. pp 207, 208, 209. My translation) -All this Saussurean lava of meaning has its own matchless 'crater' from where it erupts and reaches us time and again, endlessly. Lasgush's Word has its own individual suspension, chiselled by the hand of a true master. It is breathlessly succinct and, in all probability, on a par with the best ever created. Lasgush says that his Word is: 'Mystery that burns in a thread of lightning.' (My Fiery Tongue)

The first historical heroic epic authored by a woman, Scanderbeide recounts the exploits of fifteenth-century Albanian warrior-prince George Scanderbeg and his war of resistance against the Ottoman sultanate. Filled with scenes of intense and suspenseful battles contrasted with romantic episodes, Scanderbeide combines the action and fantasy characteristic of the genre with analysis of its characters' motivations. In selecting a military campaign as her material and epic poetry as her medium, Margherita Sarrocchi (1560?-1617) not only engages in the masculine subjects of political conflict and warfare but also tackles a genre that was, until that point, the sole purview of men. First published posthumously in 1623, Scanderbeide reemerges here in an adroit English prose translation that maintains the suspense of the original text and gives ample context to its rich cultural implications.

Two destinies intersect in this novel -- that of Gjorg, a young mountaineer who has just killed a man in order to avenge the death of his older brother, and who expects to be killed himself in keeping with the code of the highlands; and that of a young couple who have come to study the age-old customs, including the blood feud.

**US Foreign Policy Interests on the Crisis and the Kosovo War** Psychology Press

Masterful in its simplicity, *Chronicle in Stone* is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

It is the early fifteenth century and as winter falls away the people of Albania know their fate is sealed. Their refusal to negotiate with the Ottoman Empire means war is now inevitable. Soon, dust kicked up by Turkish horses is spotted from a citadel. Tens of thousands of men begin to fill the plain below. The Siege tells the enthralling story of the weeks and months that follow—of the

exhilaration and despair of the battlefield, the shifting strategies of war, and those whose lives are held in the balance. For those trapped inside the citadel, and for the Pasha, the artillerymen, astrologer, blind poet and his harem of women outside, the siege is inescapable and increasingly oppressive. From this dramatic setting Kadare has created one of his masterpieces, a profound novel that is as moving as it is compelling. It is an unforgettable account of the clash of two civilisations and a timeless depiction of individual pain, uncertainty and fear. Kadare is one of our most significant writers.
