*Saint Mary Magdalene* Aeterna Press

Pope Leo XIII, who reigned for over a quarter of a century, following the second longest reigning pope in history, Pope Pius IX, has come to be known as the Pope of the Rosary. During his pontificate he wrote twelve wonderful Encyclicals on the Rosary, encouraging Catholics to recite the Rosary with devotion and profit for their souls. Leo saw the Rosary as a cure for the ills of today. If we follow his advice and recite the Rosary with true devotion, we will see a cure of our own spiritual ills. From curing our own spiritual ills and working to become saints, we can influence those around us to do the same and bring about restoring the world to where it ought to be.

PART ONE of this book presents the first complete history of the origin and development of the rosary. This prayer has grown like a spreading shrub. Springing up lush and green in the spirirual soil of the Irish-British homeland, it extended to the continent. In Central Europe it blossomed forth in mysteries which finally attained perfection of form and number in Southern Europe. Part two is the story of the significance of the rosary in the light of its history. The great teachers are invoked as witnesses: they explain the nature of the prayer and tell of the various helps offered the faithful for the right understanding and proper practice of the devotion. Especially profitable for the aid and guidance of souls are the personal experiences of St. Louis Grignion de Montfort, canonized on July 20, 1947. THE ROSARY is like a mighty stream whose waters are drawn from many tributaries. They all have their source in the same spiritual heights-the liturgical prayers of the Church, not as directed to the celebration of the Holy Mass, but as establishing a prayerful relationship to God. F or this reason the history of the rosary should begin with a survey of those lofty regions of liturgical prayer. Then, following the course of these sacred streams as they converge to form the rosary, we descend into the valley of the faith.

Without a doubt, one of the most familiar and beloved prayers within the tradition of the Roman Catholic Church is the Rosary. But do Catholics today have a clear comprehension of the benefits of this centuries-old devotion? Using the eloquent and inspiring writings of holy men and women who share a love of, and commitment to, the Marian prayer, Editor Gretchen R. Crowe makes a compelling case for why praying the Rosary is more critical in today's 21st-century world than ever before. Why the Rosary, Why Now? is an accessible and inspiring compilation of texts woven together with personal anecdotes that outline eight persuasive reasons why the Rosary should be an essential part of every Catholic's life. We need the Rosary ... to break through the noise... with Cardinal Albino Luciani (Pope John Paul I) for a deeper devotion to the Church... with Venerable Fulton J. Sheen to strengthen families... with Father Patrick Peyton, the "Rosary priest" for an increase in Christian discipleship... with Pope St. John Paul II for peace in the world... with Father Hubert F. Schiffer, S.J. as a weapon against evil... with Venerable Pope Pius XII to combat secularism... with Pope Leo XIII to become saints... with Pope St. John XXIII, St. Teresa of Calcutta, Blessed John Henry Cardinal Newman, and many more Why the Rosary, Why Now? is not a typical "how-to book" about the Rosary. This is the "why-to book" that will inspire you to reach for your Rosary more often, and in doing so to receive the gifts it offers to each of us and the world.

A Treatise on the True Devotion on the Blessed Virgin or True Devotion to Mary is considered the greatest book on the Blessed Virgin Mary ever written and has been recommended and practiced by eight Popes. This is the original "scrupulously faithful" translation by Father Frederick William Faber. The great Marian Pope, Blessed Pope John Paul II practiced this Devotion to Mary, in his Letter to the Monfort Fathers he says: "A work destined to become a classic of Marian spirituality was published 160 years ago. St. Louis Marie Grignon de Montfort wrote the Treatise on True Devotion to the Blessed Virgin at the beginning of the 1700s, but the manuscript remained practically unknown for more than a century. When, almost by chance, it was at last discovered in 1842 and published in 1843, the work was an instant success, proving extraordinarily effective in spreading the "true devotion" to the Most Holy Virgin. "When we praise her, love her, honor her or give anything to her, it is God who is praised, God who is loved, God who is glorified, and it is to God that we give, through Mary and in Mary (Treatise on True Devotion, n. 225)." Included is a supplementary 33-Day Preparation for Total Consecration. Paintings are by Bartolome Esteban Murillo.

The German Mystic born in the latter part of the Eighteenth Century, Blessed Anne Catherine Emmerich, was privileged by Almighty God with sensory visions disclosing the earthly life of God Incarnate, of His Holy Mother, the Virgin Mary and of the progression of salvation history from Genesis to the Apocalypse. In this short book, the reader will find a carefully collated set of rosary meditations faithfully drawn from the texts of these visions.

Meditations taken directly from our saint's writings are provided for every bead of the rosary, allowing you to ponder at greater depth the secrets revealed to Blessed Anne Catherine and enable you to truly immerse yourself in the marvelous historical events which occurred in the life of Our Divine Redeemer and His Holy Mother. This work is a work of prayer and was revised multiple times in order to offer golden nuggets of contemplative material in every bead of Our Lady's Psalter. For the benefit of the reader, meditations have also been offered, once again, drawn entirely from Our Saint's writings, for the Mysteries of Light, which are popular among many Catholics, as well as five additional mysteries, entitled "the Hopeful Mysteries", which cover events in Salvation History and in the life of Our Blessed Mother prior to the Incarnation. Blessed Anne offers a wealth of detail for each of these mysteries and these details have been collated for you in this short volume. "A Retreat in a Book"—Rev. Fr. Daniel Weatherley (Sub Dean of St. George's Cathedral, Southwark) "I was very impressed with Fr Higgins' collation of Blessed Anne's writings, these Rosary Meditations are among the best I have come across, there is often enough contained in one bead's meditation to cover the entire decade, and so it is a book one can return to again and again"—James Stubbs Esq. (Lay leader and Catholic Politician) "A great preaching resource for the Mysteries of the Rosary"—Rev. Fr James Cadman (International speaker and parish mission giver)

This work is an extended Eucharistic meditation inspired by the traditional biblical texts associated with the life of St. Mary Magdalene, known as the "Apostle of the Apostles" because the Risen Christ appeared first to her, and she announced his Resurrection to the apostles. It is designed to help readers learn from the inspiring example of Magdalene to enter more deeply into adoration and love of Jesus Christ truly present in the Blessed Sacrament. In telling the story of her profound conversion after a life so steeped in sin that the Lord had to expel seven demons from her soul, this book shows how Magdalene is a shining witness to the transforming power of an encounter with Jesus Christ, an encounter for her which blossomed into a life of adoration, meditation and prayer. Thus she is seen as the perfect biblical model for those who have encountered Christ, and who seek to deepen their life of adoration at the feet of the Eucharistic Lord. Adoration is essentially about love, and in the gospels there are few people who understood love as well as Mary Magdalene. Throughout the book the author draws out her profound secrets of love, through which the adorer can learn how to become ever more pleasing to the Heart of Christ. These pages will help many people find nourishment for their souls and discover anew the timeless figure of the "Apostle of the Apostles."
