Sheds new light on the identity of the alchemist Fulcanelli • Provides new understanding of the relationships between the most important figures of the esoteric milieu of Paris in the first half of the 20th century • Includes a wealth of rarely seen documents, photos, and letters Fulcanelli, operative alchemist and author of *The Mystery of the Cathedrals* and *The Dwellings of the Philosophers*--two of the most important esoteric works of the twentieth century--remains himself a mystery. The true identity of the man who allegedly succeeded in creating the philosopher's stone

has never been discovered, despite ardent searches by many--even the OSS (the wartime U.S. intelligence agency, later to become the CIA) claimed to have looked for him following the end of World War II. Geneviève Dubois looks at the esoteric milieu of Paris at the turn of the century, a time that witnessed a great revival of the alchemical tradition, and investigates some of its salient personalities. Could one of these have been this enigmatic man, reported to have last appeared in Seville, Spain, in 1952 when he would have been 113 years of age? The trail followed by the author encounters such figures as Papus, René Guénon, Schwaller de Lubicz, Pierre Dujols, Eugene Canseliet, and Jean-Julien Champagne. Working from rare documents, letters, and photos, Dubois suggests that one of these men could have been hiding his activity behind the pseudonym of Fulcanelli or that Fulcanelli may even have been a composite fabricated by several of these individuals working together. Beyond its attempt to reveal the actual identity of Fulcanelli, *Fulcanelli and the Alchemical Revival* also presents an explanation of the alchemical doctrine and reveals the unsuspected relationships among the important twentieth-century truth seekers it highlights.

The Tea-Planter's Daughter Palala Press

This Is A New Release Of The Original 1870 Edition.

The Macrolepidoptera of the World Little Brown GBR

Today is Julia Clockhouse's twenty-fifth birthday. Her long-suffering Hindu servants are frantically trying to organise a party for her, but it's hard to do so amid the havoc wreaked by her wild spirit. They think she is possessed. Daughters of colonial tea-planters shouldn't have souls that escape their bodies, move objects with their minds, hear tongueless yogis speak. Julia Clockhouse does. As the day passes and the chaos mounts in the kitchen, Julia listens desperately for the return of her husband. Ben may have married her on the orders of her domineering father, but he had come to love her; together they had found the happiness they missed in childhood. But by the time the party guests are tumbling in from the rising fury of the monsoon Ben has still not come. Sara Banerji narrates the events of an extraordinary birthday with deft humour and haunting eloquence, weaving into Julia's story a picture of an isolated tea-plantation and all those who live there. The Tea-Planter's Daughter is a captivating flight of the imagination firmly rooted in the reality of the South Indian hills.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

An A to Z of Almost Everything Les Éditions de l'Opportun

In this extraordinary debut, Ashok Ferry chronicles, in a gently probing voice, the journeys of characters seeking something beyond the barriers of nations and generations. His tales of social-climbing Sri Lankans, of the pathos of immigration, of rich people with poor taste, of ice-cream karma, of innocent love, eternity, and more take us to Colombo's nouveau riche, hoity-toity returnees, ladies with buttery skin and square fingernails, old-fashioned aristocrats, and the poor mortals trapped between them. Ferry's stories comprise characters that are 'serious and fine and upstanding, and infinitely dull', but also others like young John-John, who loses his childhood somewhere 'high up in the air between Asmara and Rome'; the maid, Agnes of God, whose mango-sucking teeth 'fly out at you like bats out of the mouth of a cave'; Ashoka, the immigrant who embodies his Sri Lankan identity only on the bus ride between home and work; and Professor Jayaweera who finds sterile freedoms caged in the 'unbending, straight lines of Western Justice'. Absurd, sad, scathing and generous, but mostly wickedly funny, Colpetty People presents modern Sri Lankans as they navigate worlds between Ceylon and the West.

The Brahma Samaj and the Shaping of the Modern Indian Mind Penguin

The folk heritage of all regions, cultures, and peoples is well represented in the survey articles and entries

Assan Dina, ou, Le sphinx des Avenières A&C Black

As the forerunners of Indian modernization, the community of Bengali intellectuals known as the Brahma Samaj played a crucial role in the genesis and development of every major religious, social, and political movement in India from 1820 to 1930. David Kopf launches a comprehensive generation- to-generation study of this group in order to understand the ideological foundations of the modern Indian mind. His book constitutes not only a biographical and a sociological study of the Brahma Samaj, but also an intellectual history of modern India that ranges from the Unitarian social gospel of Rammohun Roy to Rabindranath Tagore's universal humanism and Jessie Bose's scientism. From a variety of biographical sources, many of them in Bengali and never before used in research, the author makes available much valuable information. In his analysis of the interplay

between the ideas, the consciousness, and the lives of these early rebels against the Hindu tradition, Professor Kopf reveals the subtle and intricate problems and issues that gradually shaped contemporary Indian consciousness. What emerges from this group portrait is a legacy of innovation and reform that introduced a rationalist tradition of thought, liberal political consciousness, and Indian nationalism, in addition to changing theology and ritual, marriage laws and customs, and the status of women. "Kultprostitution" im Alten Testament? Merriam-Webster

The 1930s to 1950s witnessed the rise and dominance of a political culture across much of North India which combined unprecedented levels of mobilization and organization with an effective depoliticization of politics. On the one hand obsessed with world events, people also came to understand politics as a question of personal morality and achievement. In other words, politics was about expressing the self in new ways and about finding and securing an imaginary home in a fast-moving and often terrifying universe. The scope and arguments of this book make an innovative contribution to the historiography of modern South Asia, by focusing on the middle-class milieu which was the epicentre of this new political culture.
