How To Build a Carport the easy way provides simple and easy-to-follow instructions that will enable you to build a carport using bricks and mortar, wood or metal, combined with a variety of roofing or cover-protection options. It explains the basic principles involved in planning a carport project, from choosing a suitable design and style for your home, to quantifying and costing the materials required to build it. All the necessary building basics are covered, including construction methods, the tools needed to complete carport projects, and the full spectrum of both roofing and parking possibilities. There are three fully illustrated step-by-step projects that show how to mix and cast concrete, how to lay brick paving, and how to build a carport with brick or block pillars. There are also instructions on how to mix mortar and set out structures. How To Build a Carport the easy way will guide you through all stages of your carport project, with hundreds of full color

photographs and a selection of imaginative carport plans. There are lots of pictures to give you good ideas that you can copy or adapt. Written for an international audience, it also explains the importance of building codes and regulations in the USA, UK, Australia and South Africa, and suggests ways that professional people can help with your project. With How to Build a Carport the easy way, you can increase the value of your home and protect your motor vehicle assets.

The idea book to outdoor living, by the imaginative team behind the popular television series *Cultivating Life*. The backyard is being transformed from an underused patch of grass into the new great room, an extension of Americans' living space. For many months of the year, it can serve as kitchen, family room, and a place to entertain friends and neighbors. Based on ideas from their television series *Cultivating Life*, Sean Conway and Lee Buttala show how to make outdoor living easier, with simple crafts such as making sun-print tablecloths, time-honored gardening techniques, and stylish ideas for patios and borders. The versatile projects in this book will enhance any outdoor space. An easy-to-build portable salad table is ideal for growing your favorite greens just outside the back door. A simple and inexpensive water garden adds a touch of elegance to any patio or terrace. And, with clear step-by-step instructions, woodworking projects—such as a bird feeder, a bamboo trellis, or a porch swing—can be tackled in a weekend. Generously illustrated with beautiful photographs, fun sidebars, and expert tips, Sean Conway's *Cultivating Life* will inspire readers to make their backyards refuges for enjoying life to the fullest and to make reconnecting to the land as easy as stepping out the back door.
