## WARREN TOWNSEND

*The Trials of Apollo #3 The Burning Maze* Bantam  
 A kooky kid is banished to another planet in this hilarious adventure about a futuristic world where different is dangerous, imagination is insanity, and creativity is crazy! Norbert Riddle lives in the United State of Earth, where normal means following the rules, never standing out, and being exactly the same as everyone else, down to the plain gray jumpsuits he wears every day. He's been normal his whole life -- until a moment of temporary hilarity when he does a funny impression of their dictator, Loving Leader . . . and gets caught! Now, Norbert's been arrested and banished to planet Zorquat 3 in the Orion Nebula, where kids who defy the rules roam free in the Astronuts camp. Norbert has been taught his whole life that different is wrong, but everyone at Astronuts is crazy, creative, and insane! Norbert wants nothing more than to go back to earth where things are awful but at least they're familiar. But he soon realizes that being different could be better -- and maybe the crazy farm is exactly where he belongs after all.

### Rebel Island

Penguin UK  
 The formerly glorious god Apollo, cast down to earth in punishment by Zeus, is now an awkward mortal teenager named Lester Papadopoulos. In order to regain his place on Mount Olympus, Lester must restore five Oracles that have gone dark. But he has to achieve this impossible task without having any godly powers and while being duty-bound to a confounding young daughter of Demeter named Meg. Thanks a lot, Dad. With the help of some demigod friends, Lester managed to survive his first two trials, one at Camp Half-Blood, and one in Indianapolis, where Meg received the Dark Prophecy. The words she uttered while seated on the Throne of Memory revealed that an evil triumvirate of Roman emperors plans to attack Camp Jupiter. While Leo flies ahead on Festus to warn the Roman camp, Lester and Meg must go through the Labyrinth to find the third emperor--and an Oracle who speaks in word puzzles--somewhere in the American Southwest. There is one glimmer of hope in the gloom-filled prophecy: The cloven guide alone the way does know. They will have a satyr companion, and Meg knows just who to call upon. . . .

### The Burning Maze Yearling

Ride with the tide! Deep beneath the waves, King Triton's powerful trident has passed through the magical barrier that surrounds the Isle of the Lost—keeping villains in and magic out. And when Mal's longtime rival Uma, daughter of Ursula, gets wind of this, she can't believe her luck. The tide has dragged in something good for a change, and Uma is determined to get her wicked hands on it. But first, she needs a pirate crew. A storm is brewing back in Auradon, and when Mal, Evie, Carlos, and Jay hear that the trident has been washed away, they realize they'll have to find it before anyone from the Isle does. Luckily, they

seem to have a talent for locating missing magical objects. As Uma readies for the high seas alongside Harry, son of Captain Hook, Gil, son of Gaston, and the toughest rogues on the Isle of the Lost, the reformed villains of Auradon devise their own master plan. And with King Ben away on royal business, they won't have to play by all the rules. Using bad for good can't be totally evil, right? The thrilling, perilous race to the trident pits old friends—and current enemies—against each other with the future of Auradon on the line. Both teams might like to make waves, but only one will come out on top of this one.
