This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Journals of Ralph Waldo Emerson Courier Corporation

When Emerson died in 1882 he was the most famous public intellectual in America. Yet his most remarkable literary creation--his journals--remained unpublished. Begun when he was a precocious Harvard junior of 16 and continued without significant lapse for almost 60 years, Emerson's journals were his life's work. They were the starting point for virtually everything in his celebrated essays, lectures, and poems. It would be a hundred years after his death before these intimate records would appear in print in their entirety, and they are still, at over three million words, among the least known and least available of Emerson's writings. With *Selected Journals 1820-1842* and its companion volume *Selected Journals 1841-1877*, The Library of America presents the most ample and comprehensive nonspecialist edition of Emerson's great work ever published--one that retains the original order in which he composed his thoughts and preserves the dramatic range of his unique style in long, uninterrupted passages, but without the daunting critical apparatus of the 16-volume scholarly edition. Each volume includes a 16-page portfolio of images of Emerson and his contemporaries, a note on the selections, extensive notes, biographical sketches, a chronology, and an index. This volume begins with Emerson's first journal entry, on January 25, 1820, in a homemade booklet he titled *The Wide World*, and follows him through his early years at Harvard College and the Divinity School, his ordination as a Unitarian minister, his marriage to Ellen Tucker and her untimely death, his fateful decision to leave the ministry, and his travels in England and on the Continent. It offers an irreplaceable perspective on the intellectual currents of the day--the emergence of Transcendentalism; the furor over Emerson's "Divinity School Address"; the founding of *The Dial*; experiments in communal living at Fruitlands and Brook Farm--and intimate sketches of Emerson's friends and contemporaries, including Henry David Thoreau, Margaret Fuller, Thomas Carlyle,

William Wordsworth, Samuel Taylor Coleridge, Nathaniel Hawthorne, and others. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

JOURNALS OF RALPH WALDO EMERSON Harvard University Press

Let this great quote from Ralph Waldo Emerson inspire you to think differently, challenge the status quo, and not settle for less than you deserve. And, bonus, the word "hobgoblin" is on the cover! Use this notebook to jot down your thoughts, goals, and big plans. It's a perfect size and even though you are an outside the lines thinker, it's still nice to have lined paper.

The Essential Writings of Ralph Waldo Emerson Wentworth Press

Masterly meditations on man, society, nature and many other subjects--expressed with verve and vigor in beautiful, poetic prose. Perfect entrée to Thoreau's thought. Introduction.

Ralph Waldo Emerson Open Book Publishers

Ralph Waldo Emerson's decision to quit the ministry, arrived at painfully during the summer and fall of 1832, was accompanied by illness so severe that he was forced to give up any immediate thought of a new career. Instead, in December, he embarked on a tour of Europe that was to take him to Italy, France, Scotland, and England. Within a year after his return in the fall of 1833, his health largely restored, he went to live in the town of Concord, his home from then on. The record of Emerson's ten months in Europe which makes up a large part of this book is unusually detailed and personal, actually a diary recording what Emerson saw and did as well as what he thought. He describes cities, scenes, and buildings that he found striking in one way or another and he gives impressions of the people he met. During his travels he made the acquaintance of Landor, of Lafayette, and of Carlyle, Wordsworth, and Coleridge, all of whom stimulated him. In Paris he was so

much stirred by a visit to the Jardin des Plantes that he determined "to become a naturalist." On his return to America, still without a profession, he reverted in his journals to the more impersonal form they had taken in his days as a minister, focusing on his inner experiences rather than on external events. Notes start dotting the pages once again, this time not so much for future sermons-- although for years he did a certain amount of occasional preaching as for the addresses of the public lecturer he would soon become. Through the thirty-four months covered by this volume, the journals continue to be the advancing record of Emerson's mind, demonstrating a growing maturity and firmness of style by compression and aphorism.

Journals of Ralph Waldo Emerson: With Annotations Wentworth Press

It chanced during one winter, a few years ago, that our cities were bent on discussing the theory of the Age. By an odd coincidence, four or five noted men were each reading a discourse to the citizens of Boston or New York, on the Spirit of the Times. It so happened that the subject had the same prominence in some remarkable pamphlets and journals issued in London in the same season. To me, however, the question of the times resolved itself into a practical question of the conduct of life. How shall I live? We are incompetent to solve the times. Our geometry cannot span the huge orbits of the prevailing ideas, behold their return, and reconcile their opposition. We can only obey our own polarity. 'Tis fine for us to speculate and elect our course, if we must accept an irresistible dictation.

Ralph Waldo Emerson: Selected Journals Vol. 1 1820-1842 (LOA #201) Princeton University Press

A thoughtfully researched, movingly presented dual-biography of two iconic American writers, each trying to find the ideal friend with whom they could share their journey through our imperfect world. Any biography that concentrates on either Henry David Thoreau or Ralph Waldo Emerson tends to diminish the other figure, but in *Solid Seasons* both men remain central and equal. Through several decades of writing, friendship remained a primary theme for them both. Collecting extracts from the letters and journals of both men, as well as words written about them by their contemporaries, Jeffrey S. Cramer beautifully illustrates the full nature of their twenty-five-year dialogue.

Biographers like to point at the crisis in their friendship, focusing particularly on Thoreau's disappointment in Emerson—rarely on Emerson's own disappointment in Thoreau—and leaving it there, a friendship ruptured. But the solid seasons remained, as is evident when, in 1878, Anne Burrows Gilchrist, the English writer and friend of Whitman, visited Emerson. She wrote that his memory was failing "as to recent names and topics but as is usual in such cases all the mental impressions that were made when he was in full vigour remain clear and strong." As they chatted, Emerson called to his wife, Lidian, in the next room, "What was the name of my best friend?" "Henry Thoreau," she answered. "Oh, yes," Emerson repeated. "Henry Thoreau."

Laugh As Much As You Breathe and Love As Long As You Live - Ralph Waldo Emerson Franklin Classics

This volume traces the life, thought and work of Ralph Waldo Emerson, a giant of American intellectual history, whose transforming ideas greatly strengthened the two leading reform issues of his day: abolition and women's rights. A broad and deep, yet cautious revolutionary, he spoke about a spectrum of inner and outer realities—personal, philosophical, theological and cultural—all of which gave his mid-career turn to political and social issues their immediate and lasting power. This multi-authored study frankly explores Emerson's private prejudices against blacks and women while he also publicly championed their causes. Such a juxtaposition freshly charts the evolution of Emerson's slow but steady application of his early neo-idealism to emancipating blacks and freeing women from social bondage. His shift from philosopher to active reformer had lasting effects not only in America but also abroad. In the U.S. Emerson influenced such diverse figures as Thoreau, Whitman, Dickinson and William James, and in Europe Mickiewicz, Wilde, Kipling, Nietzsche, and Camus, as well as many leading followers in India and Japan. The book includes over 170 illustrations, among them eight custom-made maps of Emerson's haunts and wide-ranging lecture itineraries as well as a new four-part chronology of his life placed alongside both national and international events as well as major inventions. Mr. Emerson's Revolution provides essential reading for students and teachers of American intellectual history, the abolitionist and women's rights movement—and for anyone interested in the nineteenth-century roots of these seismic social changes.
