From the grand master of international suspense comes his most intriguing story ever—his own. For more than forty years, Frederick Forsyth has been writing extraordinary real-world novels of intrigue, from *The Day of the Jackal* on. Whether writing about the murky world of arms dealers or the intricacies

of worldwide drug cartels, every plot has been chillingly plausible because every detail has been minutely researched. But what most people don't know is that some of his greatest stories of intrigue have been in his own life. He was the RAF's youngest pilot at the age of nineteen, barely escaped the wrath of an arms dealer in Hamburg, got

strafed by a MiG during the Nigerian Civil War, landed during a bloody coup in Guinea-Bissau (and has himself been accused of helping fund a 1973 coup in Equatorial Guinea). The Stasi arrested him, the Israelis feted him, the IRA threatened him, and a certain attractive Czech secret police agent, well, her actions were a bit more . . . intimate. And that's just for starters. Nominated for the Edgar Award for best critical/biographical work of 2015.

The work presents articles discussing various subjects relating to literary, cultural borders and borderlands as well as their crossings with the Orient and the Occident. A broad, multifaceted scope of the volume draws the attention of readers to the problem of liminal spaces between cultures, genres, codes and languages of literary and artistic communication. The perspective of borderness proposed by orientalists, literary specialists, culture

experts provide insights into multi-dimensional and heterogenic subjects and methods of consideration. The authors referring to, inter alia, comparative studies, theory of reception, intertextuality, transculturality of the East and West works touch upon themes such as coexistence, exclusion, crossing or the instability of borders. Also by taking into account identity issues, the interpenetration of various influences between different

literatures, poetics and languages, the readers gain a broader context of intercultural dialogue between the Orient and Occident, what allow them to transgress barriers of a purely artistic, literary reception of the book contents. The volume – due to the abundance of proposed topics, its heterogeneous representations and manifold approaches used in analysis, discussion and (re)interpretations – is a debate’s record or a result of an academic reflection rather than a

comprehensive monograph. Persepolis 2 National Geographic Books David Suzuki’s autobiography limns a life dedicated to making the world a better place. The book expands on the early years covered in *Metamorphosis* and continues to the present, when, at age 70, Suzuki reflects on his entire life — and his hopes for the future. The book begins with his life-changing experience of racism interned in a World War II concentration camp, and

goes on to discuss his teenage years, his college and postgraduate experiences in the U.S., and his career as a geneticist and then as the host of *The Nature of Things*. With characteristic candor and passion, he describes how he became a leading environmentalist, writer, and thinker; the establishment of the David Suzuki Foundation; his world travels and meetings with luminaries like Nelson Mandela and the Dalai Lama; and the abiding role of nature and

family in his life. David Suzuki is an intimate and inspiring look at a modern-day visionary. [A Sense of Belonging: An Almost English Life](#)

 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the

hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire  
 Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist  
 Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a

criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule,

Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her

son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty.

His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love. [Outsider](#) Vernon Press Bernie Sanders's political autobiography, with an updated afterword that brings his story up to the 2020 presidential campaign Explaining where he comes from and how his politics were

formed, Senator Bernie Sanders describes in detail how, after cutting his teeth in the Civil Rights movement, he helped build an extraordinary grassroots political campaign in Vermont, making it possible for him to become the first independent elected to the US House of Representatives in forty years. He is now the longest-serving independent in US political history. An extensive afterword by the Nation's National

Affairs correspondent, John Nichols, continues the story with Sanders's entrance into the Senate, the drama of the 2016 Democratic Primary, his ongoing resistance to Trump, and the thrilling launch of his 2020 bid for the White House. A new foreword by Nina Turner, former president of Our Revolution and co-chair of the Sanders for President campaign, provides a rare glimpse of Bernie as a person. *Outsider in the White House* is the story of a passionate and principled political life.

**The Outsider** FINN Books  
Edition FireFly  
Dead Woman Pickney chronicles life stories of growing up in Jamaica from 1943 to 1965 and contains both personal experience and history,

told with stridency and humour. The author's coming of age parallels the political stages of Jamaica's moving from the richest Crown colony of Great Britain to an independent nation within the British Commonwealth of Nations. Taking up the haunting memories of childhood, along with her astonishment at persistent racial marginalization, both locally and globally, the author sets out to construct a narrative that at once explains her own origins in the former slave

society of Jamaica and traces the outsider status of Africa and its peoples. The author's quest to understand the absence of her mother and her mother's people from her life is at the heart of this narrative. The title, *Dead Woman Pickney*, is in Jamaican patois, and its meaning unfolds throughout the narrative. It begins with the author's childhood question of what a mother is, followed by the realization of the vulnerability of a child without its mother's protection. The term

"pickney" was the name for slave children on sugar plantations, and post-emancipation the term was retained for the descendants of enslaved Africans and the children of black women fathered by slavers. The author struggles through her life to discover the identity of her mother in the face of silence from her father's brutal family. A wonderful resource for teachers of history, social studies, cultural studies, and literature, this work could be used as a starting point to discuss issues of

diasporic identities, colonialism, racism, impact of slavery, and Western imperialism around the world. It is also an engaging read for those interested in memoir and life writing.

It's Girl Interrupted meets Miranda July—with a touch of Joan Didion—in this captivating collection of original essays revolving around a young American girl's coming of age in Paris. As an adolescent in a foreign country, Stephanie LaCava found

an unconventional way to deal with her social awkwardness and feelings of uncertainty about the future by taking solace from the strange and beautiful objects she came across in her daily life. Filled with beautiful illustrations and providing a retrospective of nineties fashion and culture, *An Extraordinary Theory of Objects: A Memoir of an Outsider in Paris* is sure to be a collector's item for Francophiles or anyone who has ever found security in the strangest of places.

In *Teaching on Borrowed Time: An Adjunct's Memoir*, Laurence C. Schwartz guides the reader through his thirty-plus years of teaching part-time as an adjunct lecturer on the university circuit. Always unpredictable and never dull, Schwartz's journey will take him to twenty different colleges and to twenty-three different subjects. The swirling range of topics Schwartz has discussed in his classes include Aristotle,

social media, the Reverend Dr. Martin Luther King, Charles Manson, feminism, Charlie Chaplin, Mel Brooks, opera, the Grateful Dead, Playboy magazine, Nathan's Famous Hot Dogs, and many others. At one point, Schwartz teaches the art of hieroglyphics to five-year-olds at the Summer Institute for the Gifted. Ever the outsider, Schwartz chronicles the highs, lows, and in-betweens of teaching at public universities, private universities, four-year

colleges, community colleges, sectarian colleges, a New York City high school, inner-city campuses, suburban campuses, and elite New England private academies. In addition to his consistently precarious livelihood as an adjunct, Schwartz directs, writes, and acts in the New York theater scene. Given that 65 percent of the nation's undergraduate faculty consists of adjuncts, who have uncertain job security, Teaching on Borrowed Time gives

voice to the adjunct community as well as those who stubbornly forge ahead in their professional quests for the sheer joy of the work.

A wryly funny and surprisingly moving account of an extraordinary life lived almost entirely in the public eye A teen idol at fifteen, an international icon and founder of the Brat Pack at twenty, and one of Hollywood's top stars to this day, Rob Lowe chronicles his

experiences as a painfully misunderstood child actor in Ohio uprooted to the wild counterculture of mid-seventies Malibu, where he embarked on his unrelenting pursuit of a career in Hollywood. The Outsiders placed Lowe at the birth of the modern youth movement in the entertainment industry. During his time on *The West Wing*, he witnessed the surreal nexus of show business and politics both on the set and in the actual White House. And in between are deft and

humorous stories of the wild excesses that marked the eighties, leading to his quest for family and sobriety. Never mean-spirited or salacious, Lowe delivers unexpected glimpses into his successes, disappointments, relationships, and one-of-a-kind encounters with people who shaped our world over the last twenty-five years. Rob Lowe's New York Times bestselling autobiography, *Stories I Only Tell My Friends*, shares tales that are as entertaining as

they are unforgettable. [Black Male Outsider](#)  
Greystone Books Ltd  
A classic memoir of self-invention in a strange land: Ian Buruma's unflinching account of his amazing journey into the heart of Tokyo's underground culture as a young man in the 1970's  
When Ian Buruma arrived in Tokyo in 1975, Japan was little more than an idea in his mind, a fantasy of a distant land. A sensitive misfit in the world of his upper middleclass youth, what he longed for wasn't so

much the exotic as the raw, unfiltered humanity he had experienced in Japanese theater performances and films, witnessed in Amsterdam and Paris. One particular theater troupe, directed by a poet of runaways, outsiders, and eccentrics, was especially alluring, more than a little frightening, and completely unforgettable. If Tokyo was anything like his plays, Buruma knew that he had to join the circus as soon as possible. Tokyo was an astonishment. Buruma

found a feverish and surreal metropolis where nothing was understated—neon lights, crimson lanterns, Japanese pop, advertising jingles, and cabarets. He encountered a city in the midst of an economic boom where everything seemed new, aside from the isolated temple or shrine that had survived the firestorms and earthquakes that had levelled the city during the past century. History remained in fragments: the shapes of wounded World War II veterans in

white kimonos, murky old bars that Mishima had cruised in, and the narrow alleys where street girls had once flitted. Buruma's Tokyo, though, was a city engaged in a radical transformation. And through his adventures in the world of avant garde theater, his encounters with carnival acts, fashion photographers, and moments on-set with Akira Kurosawa, Buruma underwent a radical transformation of his own. For an outsider, unattached to the cultural burdens placed on the

Japanese, this was a place to be truly free. A Tokyo Romance is a portrait of a young artist and the fantastical city that shaped him. With his signature acuity, Ian Buruma brilliantly captures the historical tensions between east and west, the cultural excitement of 1970s Tokyo, and the dilemma of the gaijin in Japanese society, free, yet always on the outside. The result is a timeless story about the desire to transgress boundaries: cultural, artistic, and sexual.

 'My mother died today. Or maybe yesterday, I don't know.' In *The Outsider* (1942), his classic existentialist novel, Camus explores the alienation of an individual who refuses to conform to social norms. Meursault, his anti-hero, will not lie. When his mother dies, he refuses to show his emotions simply to satisfy the expectations of others. And when he commits a random act of violence on a sun-drenched beach near Algiers, his lack of

remorse compounds his guilt in the eyes of society and the law. Yet he is as much a victim as a criminal. Albert Camus' portrayal of a man confronting the absurd, and revolting against the injustice of society, depicts the paradox of man's joy in life when faced with the 'tender indifference' of the world. Sandra Smith's translation, based on close listening to a recording of Camus reading his work aloud on French radio in 1954, sensitively renders the

subtleties and dream-like atmosphere of *L'Étranger*. Albert Camus (1913-1960), French novelist, essayist and playwright, is one of the most influential thinkers of the 20th century. His most famous works include *The Myth of Sisyphus* (1942), *The Plague* (1947), *The Just* (1949), *The Rebel* (1951) and *The Fall* (1956). He was awarded the Nobel Prize for Literature in 1957, and his last novel, *The First Man*, unfinished at the time of his death, appeared in print for the

first time in 1994, and was published in English soon after by Hamish Hamilton. Sandra Smith was born and raised in New York City and is a Fellow of Robinson College, University of Cambridge, where she teaches French Literature and Language. She has won the French American Foundation Florence Gould Foundation Translation Prize, as well as the PEN Book-of-the-Month Club Translation Prize. *Fifty Sounds: A Memoir of Language, Learning, and*

An open, honest and at times intensely personal memoir about race, fatherhood, marriage, masculinity, fitting in, and the things that shape our national character. Simon Bridges grew up as the son of a working-class

Baptist preacher in Te Atatu, as the youngest of six children. In many ways he had a typical Kiwi upbringing, at a time when having little didn't seem to matter much. Yet for Bridges, his was the life of an outsider: experiencing otherness for being Maori, and yet an otherness from other Maori; a Westie with a thick accent, trying to break into the upper reaches of society; distanced from his father, an ageing man in his own world. As a young politician, Bridges soon

came to realise he was an introvert in an extrovert's world, and a male leader who has never identified with New Zealand's idealised version of the strong, laconic, rugby-loving man. In *National Identity*, Bridges offers an attempt to question himself and the country he loves. Politics, crime, kai, music, nature: these are the stuff of a life. Through candid and self-aware reflections, he points out that politicians have become less robust, and that people don't participate as much

anymore - eroding our institutions and national life. He speaks his mind on an education system in crisis, the decline of Christianity, and how being the smallest, most isolated developed country in the world explains why we are how we are. Authentic, brilliant, humorous and poignant, *National Identity* is a must-read New Zealand memoir. [S.E. Hinton](#) Vintage

Leslie Evans grew up in a home steeped in the lore of ghostly apparitions, spirit guides, star charts, and the astral plane. His parents met at a seance conducted by a dead thirteenth century crusader. In high school he called himself an outsider, beginning a quest for mystic experience. At Los Angeles City College he organized a student political party with black nationalist ideologue Ron Karenga. In 1961 he was recruited to the Socialist

Workers Party, American followers of Leon Trotsky. Over the next twenty years he rose to serve as managing editor of the English news service of the Trotskyist Fourth International, under Joseph Hansen, who had been Trotsky's secretary and had captured Trotsky's assassin. He was editor of the party's theoretical magazine and the group's China specialist, where he befriended Peng Shu-tse, an early leader of the Chinese Communist Party who once outranked Mao

Zedong. In the 1960s the SWP masterminded anti-Vietnam War demonstrations that brought more protesters to Washington, D.C., than the entire city population. He chronicles the party's growth in the mass antiwar movement, then its implosion in the early 1980s when younger party leaders turned on the old guard and staked their future on winning influence with Fidel Castro. Evans spent three years on the Mesabi Iron Range in northern Minnesota, two of them

working in the iron mines. In later years he worked as web journalist for UCLA's International Institute, and carried out assignments for the World Health Organization and the World Bank.

**Out of Place** Pantheon 50 years of an iconic classic! This international bestseller and inspiration for a beloved movie is a heroic story of friendship and belonging. Cover may vary. No one ever said life was easy. But Ponyboy is pretty sure that he's got things figured out. He knows that he can count

on his brothers, Darry and Sodapop. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. At least he knows what to expect—until the night someone takes things too far. *The Outsiders* is a dramatic and enduring work of fiction that laid the groundwork for the YA

A no-holds-barred, intimate memoir by John McEnroe—the bad boy of professional tennis. John McEnroe stunned the tennis elite when he came

out of nowhere to make the Wimbledon semifinals at the age of eighteen—and just a few years later, he was ranked number one in the world. *You Cannot Be Serious* is McEnroe at his most personal, an intimate examination of Johnny Mac, the kid from Queens, and his “wild ride” through the world of professional tennis at a boom time when players were treated like rock stars. In this “bracing serve-and-volley autobiography” (The

Boston Globe) he candidly explores the roots of his famous on-court explosions; his ambivalence toward the sport that made him famous; his adventures (and misadventures) on the road; his views of colleagues from Connors to Borg to Lendl; his opinions of contemporary tennis; his marriages to actress Tatum O'Neal and pop star Patty Smyth; and his roles as husband, father, senior tour player, and often-controversial commentator.
