 Newly-minted Mississippi State head coach Mike Leach tells his captivating story--from rural Wyoming to law school to the upper echelons of the SEC. SWING YOUR SWORD is the first ever book by one of the most fascinating and successful coaches in sports today. A maverick who took an unlikely path to coaching through law school, Mike Leach talks about his unorthodox approach to coaching and the choices that have brought him success throughout his career. A lover of the game who started creating formations and drawing his own plays as a kid, Leach took his Texas Tech Red Raiders to numerous bowl games, achieving the #2 slot in national rankings and being voted 2008 Coach of the Year before being unceremoniously fired at the end of the 2009 season. The scandalous nature of his dismissal created a media frenzy and began a personal battle between Leach and his accusers that remains unresolved.

Split-field coverages are nothing new. Many coaches around the country run them at all levels of play, but there are not many resources on how to teach them. In Cody Alexander's third book, he breaks down how to teach the many varieties of Quarters coverage. From simple match-Quarters to defending Empty and Quads formations, Coach Alexander breaks it down and simplifies the concepts for any coach. Xs and Os are great, but the players must still execute and the coach must know when to use each scheme. Match Quarters: A Modern Guidebook to Split-Field Coverages, allows anyone interested in football to have a deeper understanding of the game itself and why each coverage is used. Along with the basics, Coach Alexander gives you multiple tags and variations within each family (Cover 4 and Cover 2). Come learn the Art of X.

The book features a balance of running and passing plays organized by formation. Part I, "Running Plays," features 44 inside, off-tackle, and outside plays from coaches who have established their teams as perennial title contenders through the ground game. Greats like Bob Reade (whose teams once won 63 straight games) at Augustana College, Illinois, and John McKissick (the winningest high school coach in the country) of Summerville High School, South Carolina, contribute some of their most successful plays. Part II, "Passing Plays," features 45 plays designed for modern controlled passing schemes, centered around precise timing and pinpoint accuracy. The plays are divided into play action and dropback passes. Contributing to this section are such notable passing architects as Dennis Erickson of perennial national championship contender University of Miami, Tom Coughlin of the NFL expansion Jacksonville Jaguars, and LaVell Edwards of Brigham Young, who has coached such great quarterbacks as Jim McMahon, Steve Young, and Ty Detmer. Part III, "Special Plays," features 13 gadgets designed to burn cheating defenses. Included are 5 reverses, 3 throwback passes, 3 PATs, and 2 trick plays. A Play Finder index lists plays by type of run (power, speed, or deception), pass (yardage needed and drop-back or roll-out), and formation. The book also features a key to symbols used in the diagrams and a glossary of important terms. Strengthen your playlist with help from many of the game's most successful coaches. There is no doubt in my mind that Jack Gregory's Double Wing is the best design for Youth Football. Jason Mensing; Head Football Coach, Tecumseh High School, MI Jack Gregory has done an unbelievable job once again spreading his knowledge and experience on the double wing. In running this offense for 10 years and speaking across the country, there is few people I have met who have a grasp on the offense like Jack. It is only equaled by his clear and concise way of articulating and teaching the offense to players and coaches of all levels. This book is a must read for any coach interested in or running the double wing. Tim Murphy Head Football Coach, Clovis East High School Clovis, CA Youth Double Wing by Jack Gregory is a must read for any new or experienced football coach, from youth all the way up to high school. Following Jack's teachings and principles has enabled my DW teams to make it to the National Pop Warner Super bowl games two of the last three years, and even win the National Championship (2006). As such, I am very pleased to recommend this book as it's just like the offense that it teaches: Well structured, yet Systematic and Powerful! Christopher Austin Los Alamitos Pop Warner 2006 Pop Warner National Champion I've looked at a lot of youth football coaching materials over the years. You will not find a more complete, out of the box system anywhere. Coach Gregory's system has proven successful for teams with players as young as 5 years through the High School level. There is one thing that teams who run Gregory's system have in common - they WIN football games!!! I have run Jack's system since 2003 and have enjoyed tremendous success. The primary impetus for this book is the denial of so many

Christians of the sufficiency of the Bible in helping them with their emotional-mental-spiritual problems. The book is based on two premises. The first is that the Bible is inspired of God and profitable for teaching, reproof, correction, and instruction that the man of God may be complete, furnished completely unto every good work (2 Timothy 3:16-17). The second is that God has granted to us all things that pertain to life and godliness through a knowledge of His Son (2 Peter 1:3). It is not a "self-help" book because I do not believe the answer is in us just waiting to be

discovered upon further reflection. The answers are with God. That is why God provides man with His written word. Self-help books tell us what has pragmatically helped some people...sometimes. This book begins with the Word of God as the divine standard and strives to move the reader to accept certain basic truths to effectively cope with the problems or challenges life throws their way. Its solutions work, and from that standpoint, it is pragmatic. Pragmatism is not a good basis for truth, but truth is tested, in part, pragmatically or practically; in other words, by whether it works.
